This paper was published with a typographical error in Eq. (4) on p. 6. The limits should be interchanged, so that the equation reads

$$\mathcal{F} \approx \begin{cases} (\Omega t/2)^2 & \text{if } \Gamma t \ll 2, \\ \Omega^2 t/(2\Gamma) & \text{if } \Gamma t \gg 2. \end{cases}$$

No conclusions in the paper have been affected by this correction.
