# PREFACE

---

The University of Adelaide owes its origin to an act of far-seeing and generous self-denial. In 1872, Mr. (afterwards Sir) Walter Watson Hughes offered an endowment of \$40,000 to Union College, an institution then established in Adelaide for the better education of Presbyterian, Congregational, and Baptist clergy. The Council of the College generously suggested to Mr. Hughes that his gift should be devoted to the more general object of founding a University. Mr. Hughes agreed to the proposal, an association was formed to further the project, the Honourable (afterwards Sir) Thomas Elder offered another \$40,000, and as a result the University of Adelaide was established in 1874 by Act of Parliament passed by the South Australian Legislature.

The Act of Incorporation provided, *inter alia*, for an annual subsidy of five per cent. on the capital funds of the University up to a maximum in any one year of \$20,000, an endowment of 50,000 acres (20,235 hectares) of land, and a grant of 5 acres (about 2 hectares) in the City of Adelaide as a site for the University buildings. The country lands were subsequently repurchased in 1915 by the Government for \$80,000. The University site in the city has been added to until it now comprises 33 acres (about 13.5 hectares).

The academic work of the University began in March, 1876, with four professors, three part-time lecturers, a registrar-librarian, and 8 matriculated and 52 non-graduating students attending classes in Arts and Science subjects. Early in its existence however, the University sought to meet, as far as it could, the needs of South Australia in the preparation of students for entry to the professions. Beginning with Law in 1883 and Medicine in 1885, courses of professional training in various fields have been and continue to be added to the curriculum. The University now grants first degrees in Agricultural Science, Architectural Studies, Architecture, Arts, Dental Surgery, Economics, Engineering, Law, Mathematical Sciences, Medicine, Medical Science, Music, Science and Science in Dentistry. Higher degrees are offered in all these fields and also in Applied Science, Business Administration, Clinical Science, Education, Engineering Science, Environmental Studies, Planning, Surgery, and Urban and Regional Planning, together with postgraduate diplomas in Applied Psychology, Applied Statistics, Clinical Science, Computer Science, Education, Environmental Studies, and Psychotherapy. The University previously granted first degrees in Applied Science, Pharmacy and Technology. Teaching for these degrees was provided by the South Australian Institute of Technology but, with the development of the Institute as a College of Advanced Education, the arrangements between the University and the Institute were phased out.

In 1880 the University was authorised by Act of Parliament to grant degrees to women, and in 1881 Her Majesty Queen Victoria issued letters patent declaring that the degrees granted by it should be recognised as academic distinctions and rewards of merit and be entitled to rank, precedence, and consideration throughout the British Empire as if granted by any University in the United Kingdom. A supplementary charter was granted by letters patent in 1913.

By the end of 1983 the University had conferred 38,972 degrees and 9,906 diplomas by examination.

Teaching began in a city building. The foundation stone of the first University building was laid in 1879 and the building was opened in 1882. The only additions during the next twenty years were extensions to the original building; but early in the new century came the Elder Conservatorium of Music, the Prince of Wales building (then used for Science and Engineering) and the Anatomy school. In the interval between the two world wars the Darling building, the Physics building, the Union buildings (including the Lady Symon and the George Murray), the Johnson Chemistry laboratories, the Barr Smith Library, and the Benham laboratories were added on the University site; and the Waite Agricultural Research Institute was established at Glen Osmond, where it now occupies a site of over 160 hectares.

The war of 1939-45 brought with it new obligations for the University, first in training enough professional people to meet the needs of the services and ancillary industry, and then in training for the professions the large numbers of ex-service men and women who

## Preface

were eligible to enrol under the Commonwealth Reconstruction Training Scheme. To discharge these obligations fully, the University needed greatly expanded accommodation, equipment and staff. Established by the Commonwealth Government in 1942, and charged with administering the Commonwealth Reconstruction Training Scheme so far as students training for the professions were concerned, the original Universities Commission greatly helped the University in securing the necessary finance from the Commonwealth Government. With capital advances amounting in all to about \$686,000 thus provided, extensions were made to the laboratories for physics, chemistry and agricultural science, new buildings for mathematics, for mechanical engineering, for civil, electrical, mining and metallurgical engineering, and for the medical school were erected, and extensive equipment for the engineering and science departments was obtained. Under an Act of the State Parliament in 1946 the Treasurer, with the approval of the Governor, guaranteed payment by the University to the Commonwealth for all or any of the extensions and additions to the buildings and plant of the University, the cost of which had been provided by the Commonwealth. And over three financial years beginning in 1947 the State Parliament granted a further \$420,000 to enable the University to complete the final unit—the Mawson laboratories for geology—in a building programme which affected every faculty. In 1954 it gave another \$100,000 to enable another floor to be added to the medical school for the accommodation of the department of bacteriology (now microbiology and immunology).

In 1950 the State Government undertook to ask Parliament to provide for the University each year an annual grant sufficient to enable the University to maintain its work on a basis equivalent to that of the Universities in the eastern states of Australia.

The report of the Murray Committee on Australian Universities in 1957 marked the beginning of a new era of rapid expansion of the University, an expansion fostered by the Australian Universities Commission in 1960 and 1963. The building programme approved for the nine years from 1958 at a cost exceeding \$6,000,000, to be met jointly by the Commonwealth and the State, provided for new buildings for arts and economics, biological sciences, physics, chemistry, and physical education, and for substantial additions to the library, the medical school, the engineering school and the Union buildings. At the Waite Institute a separate building was provided for the library and substantial additions made to the central laboratories. The reports also made provision for an increasing annual income to the University designed to provide for the rapidly growing demands upon it.

Provision for building in the 1967-9 triennium included a new building for the law school, completion of reconstruction of the dental hospital which includes the dental school of the University, the first stage of expansion of the library and accommodation for the department of architecture, and the first stage of an annex to the physics building to accommodate the Mawson Institute for Antarctic Research, the department of mathematical physics and advanced work in physics. Grants from non-government sources provided ancillary laboratories and facilities at the Waite Agricultural Research Institute.

The Fourth Report of the Commission provided for Stage II of the library complex (which in addition to providing for the expansion of the library houses the departments of architecture and computer science, the computing centre, the University club and other facilities of the University), for reconstruction and expansion of the Union buildings (to which the Union itself contributed the greater part of the cost) and for expanded accommodation for the engineering school, physics and its associated disciplines, and for the Waite Institute. For the triennium 1973-75 provision was made by the Commission in its Fifth Report for two new buildings to replace the Prince of Wales Building, a substantial expansion of the Mawson Laboratories (for geophysics), completion of the rebuilding of the Union, and a number of smaller modifications and extensions of existing accommodation and facilities. The two new buildings were completed in 1974 and were named the Hughes Building and the Kenneth Wills Building; they house part of the administration, the department of psychology and a series of service units, and they also provide some additional academic accommodation. In 1976, the Commission provided funds for the construction of a new medical sciences building adjacent to the existing medical school on Frome Road. This building was completed in 1979 and was officially opened by the Governor-General of Australia in October, 1979.

Other significant improvements have taken place since this time by refurbishing laboratories and specialised teaching facilities to meet the needs of changing technology. Several computer aided teaching suites have been developed, a comprehensive D.N.A. laboratory established, library facilities modernised and some of the older facilities refurbished. The reticulated services and major items of plant serving the University buildings have also received considerable attention and consequent rejuvenation.

In addition to receiving Government support, the University from its foundation has been fortunate in the number and extent of the benefactions it has received from private citizens and public companies, and many important developments within the University, both in buildings and in staff, have been the outcome of such private support.

The principal benefactors of the University have been:

Sir Walter Watson Hughes—\$40,000 to endow chairs in classics and philosophy;

Sir Thomas Elder—\$40,000 to endow chairs in mathematics and natural science, \$62,000 to endow the medical school, \$43,000 to endow the school of music, and \$52,000 as an endowment for general purposes;

Mortlock for pastoral research; and the Mortlock Experiment Station (some 700 acres) and Martindale Hall and environs (some 200 acres) from Mrs. J. T. Mortlock;

J. A. T. Mortlock—\$2,460,084 for the Waite Institute;

D. E. Mortlock—\$598,709 for the Faculty of Medicine and upkeep of Martindale Hall in equal shares;

## Preface

More recently a consortium of seven companies; Santos Ltd., Delhi Petroleum/CSR Pty. Ltd., Broken Hill Pty. Co. Ltd., Western Mining Corp., Poseidon Ltd, S.A. Oil & Gas Corp. and Beach Petroleum Pty. Ltd. contributed \$105,000 to endow the Douglas Mawson chair of Geology.

The present size of the University may be gauged from the fact that in 1983 it spent about \$60.5 million on general running costs, about \$3 million on equipment, and about \$5.5 million of special grants to support specific research projects. Its full-time staff numbered about 1,900 and its students just over 9,100.

From its foundation until 1911 the University was governed by a Council of 20 members elected by the Senate; in that year Parliament assumed power to add five of its members. University-wide consideration of a root-and-branch reconstitution of the administrative organisation of the University began in 1968, and a new University Act was passed in 1971. The new Act continued the provision for the Chancellor and the Vice-Chancellor to be *ex officio* members of the Council and for Parliament to appoint five members. The Senate (previously confined to the University's own graduates of three years' standing or holding a degree of Master or Doctor) was expanded to include all graduates, all full-time graduate members of the staff, and all postgraduate students; and it ceased to be the electorate of the Council. The Act established a Convocation of Electors comprising all the University's graduates and postgraduate students and all persons in the full-time employment of the University. The Convocation elected 22 members of the Council of whom eight were to be members of the academic staff, one a member of the full-time non-academic staff, one a postgraduate student, and 12 not engaged in the employment of the University. The Act also provided for the undergraduates to elect four members of the Council, which thus comprised a total of 33 members.

In 1978 the University Act was amended and as from the appointed day in November, 1978, the number of members of the Council was increased to 35 by increasing the number to be elected by the Convocation to 24. The number of members not engaged in the employment of the University was increased to 13 and the provision for one member to be a person on the full-time non-academic staff was replaced by a provision for one member to be a person on the full-time ancillary staff and another member to be a person on the full-time staff other than as a member of the academic or ancillary staff.

All statutes and regulations must be approved both by the Council and by the Senate and be confirmed by the Governor of South Australia, who is *ex officio* Visitor to the University.

The probationary period may be extended for one further year.

- (2) During the period of probation, such member of staff shall be regarded as tenurable.
  - (3) The Council shall make regulations governing the procedure to be followed for determining the further appointment of full-time members of the academic staff to membership of the tenured academic staff.
  - (4) Notwithstanding the provisions of sub-clause (1) of this Clause, the Council may appoint any person who holds a full-time position in the service of the University to be a member of the tenured academic staff.

  - (6) Notwithstanding the provisions of sub-clause (1) of this clause where a person who holds a half-time or a limited term appointment under Chapters IVA and IVB of these Statutes is appointed by Council as a full-time member of the academic staff the probationary period of office shall be reduced by the period during which that appointment was held.
  - (7) A member of the tenured academic staff shall hold office until, but no longer than, the 31st day of December of the year in which the member attains the age of 65 years.
  - (8) A member of the tenured or tenurable academic staff can be dismissed from office only upon the grounds specified in clauses 7, 8, 9 and 10 of this Statute.
3.   - (2) Subject to the provisions of the Statutes, any appointment may be terminated by a member of the tenured or tenurable academic staff tendering in writing notice of a period of six months, or such lesser period as the Council may approve.
  4. The primary duties of the tenured and tenurable academic staff of the University are research, scholarship and teaching.
  5. A member of the tenured or tenurable academic staff is expected to maintain contact with the practice of the member's discipline outside the University in accordance with rules approved by Council; and the member is at liberty to practise it provided that the Chairman of the member's Department is satisfied that this is at a level consistent with the discharge of the member's primary duties of research, scholarship and teaching, and of the administrative duties properly required of the member by the Chairman. No other employment or business, regular or casual, may be undertaken except in special circumstances approved by Council.
  6. (1) Every member of the tenured and tenurable academic staff shall diligently perform the duties properly required of the member.
  - (2) Members of the tenured and tenurable academic staff of a Department shall work under the general direction of the Chairman of the Department, and shall give such lectures, perform such other teaching work, carry out such clinical duties (where relevant), conduct such examinations and perform such administrative duties as the Chairman of the Department may determine and properly require.
  - (3) In allocating teaching, assessment and administrative duties the Chairman of a Department shall take into account the obligation of all members of the tenured and tenurable staff to perform diligently their primary duties in the fields of research and scholarship.
  7. If any member of the tenured or tenurable academic staff shall be elected to or otherwise become a member of Parliament, the member's appointment shall terminate on the day on which the member's parliamentary salary commences.
  8. If a financial emergency shall arise, of such a nature that no other measure will suffice (of which the Council shall, after proper consultation, be the sole judge), the Council may

terminate the appointment of any member or members of the tenured or tenurable academic staff by giving to each of those members not less than six months' notice in writing.

9. The Council may terminate the appointment of any member of the tenured or tenurable academic staff who either (a) is incapable of performing the primary and other duties of office by reason of physical or mental illness from which the staff member is unlikely to recover, or (b) is otherwise prevented from performing such duties of office for a period likely to be prolonged. It shall be the responsibility of a Chairman of Department to inform the Council of any such cases in the Department.

10. Should any member of the tenured or tenurable academic staff have seriously or persistently neglected to carry out the primary and other duties or have been guilty of serious misconduct in or about the performance of the member's duties, or have been convicted by any Court of any felony or misdemeanour in circumstances which are such as to show serious moral turpitude on the member's part, the member may be dismissed from office by the Council, provided that the procedure hereinafter prescribed has been followed.

11. (1) It shall be the duty of a Chairman of Department to report to the Registrar any neglect of duty, misconduct or conviction falling within clause 10 above on the part of any member of the tenured or tenurable staff of that Department. The Registrar shall transmit all such reports to the Vice-Chancellor, shall inform the member of staff of the receipt and transmission of the report and provide the member of staff with a copy of the report.

(2) Any other complaint of neglect of duty, misconduct or conviction falling within clause 10 above shall, unless it be made by the Vice-Chancellor, be made to the Registrar. (b) Notwithstanding the provisions of clause 19(a), no rules made pursuant to clauses 3(a), 4(a) or 4(b) shall take effect until the expiration of two years from the date upon which such rules are made **except** that the provisions of clauses 3 and 4 of the statute in force immediately prior to the enactment of this clause shall be deemed to be such rules for the purpose of this statute.

Statute allowed 9 January, 1969.

Amended: 24 Dec. 1969: 8, 9, 10, 11; 16 Dec. 1971: 9(b); 21 Dec. 1972; 3(a); 28 Feb. 1974: 3(a); 23 Jan. 1975: 3(a), 4(a), 11; 23 Dec. 1976: 3(a), 4(a), 7; 2 Feb. 1978: 3(a), 6; 29 Jan. 1981: 3(a); 24 Feb. 1983: 1(b), 3(a), 4(a), 4(b); Awaiting allowance: 1-6, 8, 9, 10, 13, 15, 16, 18, 19.

**FOOTNOTES** (which do not form part of the statute):

**1. Pre-requisite knowledge**

The attention of intending candidates is drawn to the fact that in some first-year subjects at the University a knowledge of certain work at matriculation standard is assumed.

Details may be found in the booklet "Handbook of Courses" or in the matriculation leaflet, which may be obtained on request from the University office.

**2. Scaling of matriculation scores**

The matriculation examination is intended to assess the level of achievement of candidates, in the various subjects. Thus one of the main concerns is to maintain comparability of standards both between subjects in the same year, and between years in the same subject. Allowance must also be made for variations in the quality of candidates from year to year, and in the apparent difficulty of examination papers. Due to subject selection and streaming factors, differences of quality between the groups of candidates taking different subjects can also arise, and compensation must be made for this.

In order to achieve the intentions of the examination the total raw score in each subject is suitably scaled. The aggregates of scaled scores so obtained are used for determining matriculation and, in appropriate cases, as a basis for admission to universities and other tertiary educational institutions.

**3. Moderated school assessment component**

The Universities and the Senior Secondary Assessment Board of South Australia recognise the contribution to the overall assessment of candidates which can be made by the schools, and accordingly a school assessment component is included in the matriculation examination results. Teachers are asked to provide an assessment of achievement for each candidate in each subject, and this is moderated to compensate for differences between schools. The resulting score is combined with the examination mark to produce a total raw score, which is used as a basis for all other procedures.

Of the total raw score, the examination mark will have a weighting of 75% and the school assessment a weighting of 25%, except in cases where there is no school assessment or where it is considered that the school assessment cannot be adequately moderated: in such cases the examination mark constitutes 100% of the total raw score.

**4. Prescribed aggregate score**

Students who obtain a total score of at least 295 in five required subjects at the matriculation examination will qualify to matriculate at the University.

If a candidate presents more than five subjects the aggregate of his five highest scaled scores in subjects which comply with the statute will be used to determine whether the candidate has qualified to matriculate.

**5. Candidates for degrees**

Under the provisions of clause 2 of Chapter XI of the Statutes, a candidate for a degree must matriculate before entering upon the course of study for the degree; except that a candidate for a higher degree who is not already a matriculated student of the University shall matriculate as soon as practicable after being accepted as a candidate.

## **Chapter XII—Of Conduct of Students in the University**

1. In this Statute, unless the context otherwise requires, the expression:

“defendant” includes more than one defendant where all the defendants are charged with misconduct arising out of the same situation or circumstance (but the Chairman of a Board may order that a complaint against a defendant be heard separately from a complaint against another defendant, by the same or another Board).

“expulsion” means the cancellation of enrolment of a student and termination of all rights and privileges as a student of the University including the right to enter or to be on University grounds or premises.

“full-time member of the academic staff” includes any tenured member of the academic staff whether or not full-time.

“lower tribunal” means any person or body, other than a Board of Conduct, established by a statute, rule, regulation or by-law of the University, with power to impose penalties on students for misconduct.

“Mediator” means the person appointed as Mediator under clause 8 of this Statute.

“member of academic staff” means those persons classified by the Council as members of the academic staff of the University.

“member of the University” includes all students, all members of the academic staff and all full-time and part-time employees of the University.

“misconduct” means any act or omission of a student prohibited by a statute, rule, regulation or by-law of the University, and any other unjustified act or omission of a student which directly and adversely affects the University or any member of the University in his capacity as such.

“student” means any person, other than a member of the academic staff of the University or a full-time employee of the University, enrolled as a candidate for a degree or diploma or for any course of study offered by the University for a degree or diploma.

“suspension” means the cancellation of enrolment of a student and the suspension for a specified time of all rights and privileges as a student of the University including the right to re-enrol as a student and the right to enter or to be on University grounds or premises.

“University grounds” has the same meaning as in the University of Adelaide Act, 1971, as amended.

2. A student who commits an unjustified act or omission which directly and adversely affects the University or any member of the University in his capacity as such, commits an offence and may be proceeded against for misconduct under this statute.

3. (a) there shall be a Board of Conduct to be constituted as follows:

(i) three full-time members of the academic staff and three students, to be selected at random in accordance with rules made by the Council; and

(ii) A Chairman of the Board appointed by the Council, who should, unless the Council otherwise determines, be legally qualified.

(b) The Council may appoint a Chairman annually or to chair a particular Board. No Chairman shall serve as such for more than three consecutive years. If a Chairman disqualifies himself from a Board on the grounds of bias or material interest or is otherwise unavailable the Council shall appoint a substitute Chairman.

(c) No member of a Board of Conduct shall be a member of or a student in a department or other administrative unit of the University in respect of which the alleged misconduct occurred, or which was directly and particularly affected by the alleged misconduct, or in which the defendant was also a student. Each member of a Board shall act in his personal capacity.

(d) A Board shall be newly constituted on each occasion that it is required to act.

(e) At a meeting of a Board, five members, including the Chairman, shall constitute a quorum.

(f) The Chairman may exercise any other power conferred on him by the statutes, rules, regulations or by-laws of the University, and shall conduct the proceedings of the Board, determining any dispute as to the constitution and jurisdiction of the Board and the admissibility of evidence and advising the Board on matters of procedure.

(g) Except for questions of procedure (which shall be determined by an ordinary majority), decisions of a Board shall be determined by an absolute majority of the voting members. The Chairman shall have a casting vote on questions of procedure only, but otherwise shall not vote. Whether a matter is one of procedure is itself a matter of procedure.

(h) If after deliberation a Board fails to reach a decision as to a defendant's guilt or innocence or as to any ground of appeal, the complaint or ground of appeal shall be dismissed.

(i) The Council or the Board (or, where the Board is not convened, the Chairman) may in special cases order that some or all of the costs incurred by a defendant in defending himself under this statute shall be met by the University.

(j) If three or more voting members of a Board become unavailable to act through illness or other cause, then unless the defendant has consented to the selection of a replacement member or members in accordance with paragraph (a) of this clause, the Board shall be dissolved, but a new Board may be constituted to hear the matter.

4. (a) A Board shall, subject to the provisions of any statute, rule or regulation, have jurisdiction to hear and determine:

- (i) a complaint of misconduct brought by a member of the University against any student (provided that the circumstances of the complaint shall first have been referred to and considered by the Mediator, and the complaint remains unresolved);
  - (ii) an appeal by a defendant from a decision of a lower tribunal imposing a penalty for misconduct (provided that the circumstances of the appeal shall first have been referred to and considered by the Mediator, and the defendant persists in the appeal).
- (b) A Board may, unless the Chairman otherwise orders, hear more than one complaint of misconduct against a defendant, or more than one appeal by a defendant.
- (c) At the complainant's request, and unless the Chairman of the Board otherwise orders, the Registrar of the University, or a member of the University authorised by the Registrar, shall present the case on behalf of the complainant.
- (d) The Chairman may with respect to any pending appeal order that a penalty imposed on the defendant be suspended to await the decision of the Board.

5. (a) A Board in the hearing of matters before it shall comply with the principles of natural justice, and in particular, without limiting the generality of the foregoing:

- (i) shall give a defendant in writing details of the misconduct alleged against him (including a copy of any document admitted by the Chairman in evidence);
  - (ii) shall give a defendant the opportunity to be heard in his defence; and
  - (iii) shall allow a defendant to be present throughout the hearing of the matter (unless he is excluded by the Chairman for wilfully disrupting the proceedings).
- (b) Subject to paragraph (a), a Board in the hearing of matters before it:
- (i) shall determine on the advice of the Chairman the procedure to be followed;
  - (ii) may refuse to proceed with the hearing of a complaint or appeal on the grounds of triviality or that the defendant has made sufficient recompense; and
  - (iii) shall not be bound by the law of evidence.
- (c) A Board may, on such conditions or precautions as to confidentiality as the Chairman may determine, require the production of any material or document in the possession or control of the University or a member of the University, which is relevant to a complaint or appeal. In so doing the Chairman shall take into account the policy of the University with regard to confidentiality of documents.

6. (a) A Board may impose the following penalties (which may be cumulative):

- (i) a caution;
- (ii) a reprimand;
- (iii) a fine of not more than \$100 for each case of misconduct;
- (iv) suspension for a period of not more than one year of the right to use any University facility or building which was abused in committing the misconduct charged;

## Statutes XII

- (v) any other penalty specifically provided for in a statute, rule, regulation or by-law of the University.
  - (b) In addition to or in substitution for any of the penalties specified in paragraph (a) a Board may, if it is satisfied of the exceptional gravity of the offence charged, recommend to the Council:
    - (i) proscription from entering the University grounds or any specified part thereof for a period of not more than three years; or
    - (ii) suspension from the University for a period of not more than three years; or
    - (iii) expulsion from membership of the University.
  - (c) A Board in the hearing of an appeal before it:
    - (i) may confirm, vary or quash the decision of the lower tribunal, and
    - (ii) may confirm or quash the penalty, or substitute another penalty that it has the power to impose.
  - (d) A Board may impose, as a default penalty, any of the penalties specified in paragraph (a) of this clause.
  - (e) The results of any hearing before a Board shall forthwith be reported in writing to the Council.
7. (a) The Council may:
- (i) confirm or cancel any liability and remit, vary or confirm any penalty imposed by the Council, a Board, or a lower tribunal;
  - (ii) on the recommendation of a Board, proscribe a defendant from entering the University grounds or any specified part thereof for a period of not more than three years;
  - (iii) on the recommendation of a Board, suspend a defendant from membership of the University for a period of not more than three years;
  - (iv) on the recommendation of the Board, expel a defendant from membership of the University.
- (b) In acting on a recommendation of a Board under paragraph (b) of clause 5, the Council may impose a lesser penalty than that recommended or imposed.
- (c) In the exercise of its powers under this statute to increase any penalty, to proscribe a defendant from entering the University grounds or any specified part thereof, or to suspend or expel any defendant from membership of the University, the Council shall give the defendant the opportunity to be heard.
- (d) Subject to this clause, in any matter arising before it under this statute the Council shall determine its own procedure.
- (e) In exercising its powers under this statute the Council is a tribunal within the meaning of section 22(1) (k) of the University of Adelaide Act, 1971, as amended.
8. (a) This statute applies to any lower tribunals which may be established by statutes, rules, regulations and by-laws of the University.
- (b) A lower tribunal shall have jurisdiction to hear and determine any complaint of misconduct, jurisdiction over which is conferred upon that tribunal by a statute, rule, regulation or by-law of the University.
- (c) Except as specifically provided for by statute, rule, regulation or by-law, a lower tribunal:
- (i) shall give a defendant in writing details of the misconduct alleged against him;
  - (ii) shall give a defendant the opportunity to be heard;
  - (iii) may refuse to proceed with the hearing of a complaint on the grounds of triviality, or that the defendant has made sufficient recompense;
  - (iv) on determining that a defendant is guilty of the misconduct alleged, may impose the following penalties (which may be cumulative):
    - a. a caution;
    - b. a reprimand;
    - c. a fine of not more than \$20 for each offence;

- d. suspension for a period of not more than twenty-eight days of the right to use any University facility or building which was abused in committing the misconduct charged;
  - e. any other penalty specifically provided for in a statute, rule, regulation or by-law of the University.
- (d) A lower tribunal may impose, as a default penalty, any of the penalties specified in the preceding paragraph.
- (e) Any penalty imposed by a lower tribunal shall forthwith be reported in writing to the Council.
9. (a) There shall be a Mediator appointed annually by the Council who shall be a member of the academic staff.
- (b) The Mediator shall be eligible for reappointment, but no person shall serve as Mediator for more than three consecutive years.
- (c) The Mediator shall consider every complaint of misconduct against a student made or referred to him in writing by any person, and shall attempt to resolve the complaint by mediation and conciliation (including recommendations to any person or body involved).
- (d) The Mediator shall consider the circumstances of any appeal which a defendant penalised for misconduct by a lower tribunal desires to bring before a Board of Conduct, and may attempt to resolve the dispute by mediation and conciliation (including recommendations to any person or body involved).
- (e) Where the Mediator recommends, with the defendant's consent, that a lower tribunal reconsider the complaint or penalty, the lower tribunal may reconsider the complaint or penalty and may make such decision as it sees fit. Such reconsideration entails abandonment by the defendant of his earlier appeal.
- (f) The Mediator may inspect any material or document relevant to a complaint or appeal but shall not publish or disclose any document or information without the consent of the owner and the author of the document and of any person to whom the document or information particularly relates.
- (g) The Mediator shall not act in respect of a complaint against a defendant who is, in respect of that complaint, a student of his own Department, or in respect of which the Mediator was personally involved; but the Council may appoint another Mediator to act in respect of the complaint.
- (h) In performing his functions under this clause, the Mediator may consult with the Vice-Chancellor; and in any case where the Mediator is unwilling or ineligible to act, the Vice-Chancellor may (unless the complaint concerns the central administration of the University, or the Vice-Chancellor was personally involved) act as Mediator.
- (i) A Mediator is ineligible to be a member of a Board of Conduct during his term of office or in relation to any matter in which he acted as Mediator.
- (j) A Mediator may exercise any other power conferred on him by the statutes, rules, regulations or by-laws of the University.
10. The hearing of a complaint before a Board of Conduct or a lower tribunal shall be open to members of the University unless the Board or tribunal decides otherwise.
11. Where a person is given by this statute a right to be heard, he is entitled:
- (a) to present his case orally and in writing, or to appoint another student or a member of the academic staff or, with the Chairman's consent, a legal representative who is not a student or a member of the academic staff, as agent to present his case on his behalf; and
  - (b) to call witnesses on his behalf; and
  - (c) personally or through his agent to question the complainant and any person giving evidence in the matter.
12. A fine imposed on a student under this statute which has not been cancelled or remitted shall be a debt owed to the University which may be recovered in the appropriate court.
13. The Council, a Board, the Mediator and lower tribunals in exercising their powers under this statute shall have regard to the principles of double jeopardy set out in the schedule to this statute.

**SCHEDULE**

**Principles of Double Jeopardy**

1. Where:

- (i) A defendant has been penalised pursuant to this statute for any misconduct arising from a particular fact situation; and
  - (ii) that defendant is subsequently proceeded against in the ordinary courts for any offence arising from that fact situation; and
  - (iii) some penalty is imposed on him by the court;
- then any penalty imposed on him for misconduct under this statute should be remitted or reduced by the Council in accordance with this schedule.

2. A penalty for misconduct may be allowed to stand in whole or in part if the court imposing the subsequent penalty has taken into account the penalty for misconduct, and if it is just that both penalties should stand.

3. A penalty for misconduct may be allowed to stand in whole or in part, notwithstanding any sentence of a court, if the misconduct involved special and additional damage to the University and the penalty for misconduct is necessary to compensate the University for that damage or to protect the University from apprehended future damage of a similar kind.

4. A defendant may be proceeded against under this statute, notwithstanding that he has already been prosecuted for an offence arising from the same fact situation:

- (i) if the misconduct involved special and additional damage to the University; or
- (ii) if the court convicted the defendant but imposed a lesser or no penalty by reason of any penalty for misconduct which the University might impose under its statutes, rules, regulations or by-laws.

5. In the case referred to in clause 4(i) of this schedule, no penalty should be imposed beyond that necessary to compensate the University for any special and additional damage, or to protect the University from apprehended future damage of a similar kind.

6. In the case referred to in clause 4(ii) of this schedule, the Council, the Board or the lower tribunal acting under the statute may impose such penalty as is just in all the circumstances.

**APPENDIX**

**Rules to be made by Council under Statute XII Clause 2(a)**

1. On any occasion when a Board of Conduct is required to be constituted, the Registrar or an officer deputed by the Registrar shall cause to be selected by random ballot the names of three students and three full-time members of the academic staff eligible to constitute a Board of Conduct in relation to the misconduct in question. A Board shall include at least one member of each sex.

2. The Registrar may, for any sufficient reason, on the application of a person so selected, exempt that person from serving on the Board.

3. The complainant and the defendant shall be told the names of the persons selected under rules 1 and 2. The complainant or the defendant may object to any person serving as a member of a Board hearing the complaint on the ground that that person has a material interest in the complaint or is otherwise biased in relation to the complainant or the defendant.

4. The Chairman of the Board shall determine any dispute arising under 1, 2 or 3, and his decision shall be final.

5. If a member selected under rule 1, or a member selected in substitution for any member,

- (a) is exempted from serving by the Registrar or the Chairman under these rules, or
- (b) becomes unavailable to act and the defendant, under clause 2(i) of statute XII, consents to a replacement member being selected

another student or member of the academic staff, as the case may be, shall then be selected, in accordance with rules 1-4, to take the place of that member.

Statute allowed 24 February, 1983.

### Chapter XIII.—Of The Angas Engineering Scholarship and the Angas Engineering Exhibitions

Whereas on the 4th day of January, 1878, the Honourable John Howard Angas, M.L.C., paid the sum of £4,000 to the University for the purpose of permanently founding (with the income thereof and the annual grant payable in respect thereof under the fifteenth section of the Adelaide University Act), the Angas Engineering Scholarship and the Angas Engineering Exhibitions, to encourage the training of scientific men, and especially engineers, with a view to their settlement in South Australia: Now it is hereby provided as follows:

#### A. The Angas Engineering Scholarship

1. There shall be a scholarship called "The Angas Engineering Scholarship" of the value of \$800, with an additional allowance of \$200 for travelling expenses.

1A. The tenure of the scholarship shall normally be for two years, but if the scholar wishes to follow an approved course of study or research work at a university the Council may allow the whole value of the scholarship to be paid to the scholar in a shorter period than two years.

2. Each candidate for the scholarship must be under twenty-five years of age on the first day of the month in which he shall compete for it, and must have resided in South Australia for at least five years. He shall produce such evidence of good health as shall be satisfactory to the Council.

3. Candidates for the scholarship must have graduated in arts or science, or have passed all the examinations necessary for graduating in engineering at the University of Adelaide.

4. The scholarship shall be competed for biennially, in the month of June. If on any competition the examiners shall not consider any candidate worthy to receive it, the scholarship shall for that year lapse, but shall be again competed for in the month of June next ensuing.

5. The scholarship shall be awarded by the examiners on a comparison of the academic records of the candidates, and also on the merits of an original thesis, design, or investigation, as set forth in the next paragraph.

Each candidate for the scholarship must send in to the examiners, on or before 1 June of the year in which the competition is held, either an original engineering thesis or design, or a paper setting forth the results of an original scientific investigation made by the candidate in some subject allied to engineering. The subject of the thesis, design, or investigation, must have been submitted at least two months previously to the Faculty of Engineering, and approved by it. Each candidate must adduce, if required, sufficient evidence of the authenticity of his thesis, design, or investigation. He may, if the examiners think fit, be required to pass an examination in that branch of the work from which the subject of his thesis, design, or investigation, is taken.

Either the original or an approved copy of each thesis, design, or report of an investigation submitted by a successful candidate for the scholarship shall be deposited by the scholar in the University library before payment of any portion of the scholarship is made.

6. Within such time after gaining the scholarship as the Council shall in each case allow, the scholar shall proceed to the United Kingdom and there spend the whole of the time during which the scholarship is tenable in gaining engineering knowledge and experience in such a manner as may be approved by the Council; provided that the scholar may by special permission of the Council spend the whole or part of his time in study or practical training outside the United Kingdom.

7. The allowance for travelling expenses shall be paid to the scholar upon approval of his proposed date of departure. Payment of the balance of the scholarship shall be made in two equal instalments. The first instalment shall be paid prior to the scholar's departure and the other after the first twelve months, subject to receipt by the Registrar of satisfactory evidence of continuous progress in engineering studies, according to the course proposed to be followed by the scholar.

8. Whenever such evidence is not satisfactory, the Council may altogether withhold, or may suspend for such time as it may deem proper, payment of the whole or of such

portion as it may think fit of any moneys due, or to accrue due, to the scholar on account of the scholarship, or may deprive him of his scholarship.

9. Should any successful candidate not retain the scholarship for the full period of two years, notice of the vacancy shall be published by the Council in the Adelaide daily papers, and an examination shall be held in the month of June next ensuing.

#### **B. The Angas Engineering Exhibitions**

10. There shall be four Angas Engineering Exhibitions, of which one may be awarded each year. Each exhibition shall be of the annual value of \$30, and be tenable for four years.

11. (a) One Angas Engineering Exhibition shall be offered for competition in the month of November or December of each year, and shall be awarded on the results of candidates at the Matriculation Examination in such subjects as may be prescribed by the Council from time to time; but no award shall be made unless there is a candidate of sufficient merit.

(b) A candidate for an exhibition shall enter for it on a form to be obtained from the Registrar, not later than the first day of October in the year of competition.

(c) A candidate who fails to enter by the prescribed date may be permitted to do so later on payment of a fee of 50 cents, provided that no entry shall be accepted later than seven days before the first day of the Matriculation Examination.

12. A candidate shall not be more than eighteen years of age on the 31st December in the year in which the examination is held, and, before being awarded an exhibition, shall have fulfilled the requirements for matriculation in the Faculty in which he desires to enrol.

13. (a) Each exhibitor shall, within such time as may be approved in each case, enrol himself as a matriculated student in engineering or science at the University of Adelaide, and shall thenceforward prosecute continuously and with diligence his studies for the degree of Bachelor of Engineering or Bachelor of Science.

(b) At the time of enrolment each year the exhibitor shall submit his proposed course of study for approval by the appropriate officer of the faculty concerned; and he shall not undertake, either in the University or elsewhere, studies not so approved.

(c) The exhibition shall be forfeited if the holder fail to make satisfactory progress in any year, unless such failure shall, in the opinion of the Council, have been caused by ill-health or other unavoidable cause. The decision of the Council as to such forfeiture shall be final.

14. Payment of an exhibition shall be made in three equal instalments, one at the beginning of each academic term, but payment shall not be made to any exhibitor whose conduct and diligence as a student throughout the preceding term have not been satisfactory to the Council. The decision of the Council on any such question shall be final.

15. Except by permission of the Council, an exhibitor shall not hold concurrently with his exhibition any other exhibition, bursary, or scholarship.

#### **C. General**

16. The sum of £4,000, paid to the University as aforesaid by the said John Howard Angas, shall be invested in such a manner as to entitle the University to the annual grant, equal to five pounds per centum per annum thereon, under the fifteenth section of the Adelaide University Act. The income (including such grant) to be derived from the said sum, or so much of such income as shall be sufficient, shall be applied in paying the said scholarship and exhibitions, and so much of such income as in any year shall not be so applied shall be at the disposal of the Council for the purposes of the University.

17. These statutes may be varied from time to time, but the title and general purpose of the scholarship and exhibitions shall not be changed.

Statute allowed 6 December, 1922.

Amended: 30 Nov. 1933: 1A, 5; 15 Dec. 1937: 5; 23 Jan. 1947: 1; 25 Aug. 1955: Part B; 22 Dec. 1966: 11(a), 11(c); 15 Jan. 1976: 7; 24 Feb. 1983: 7, 11.

**Chapter XIV.—Of The John Howard Clark Prize and the John Howard Clark Scholar**

Whereas the University of Adelaide has received and has invested the sum of £500 for the purpose of perpetuating the name of John Howard Clark: And whereas it was agreed with the donors that the word “income” in these statutes should include not only the interest to accrue from the said sum, but grants to be received from the Government in respect thereof:

It is hereby provided that:

1. There shall be an annual prize, to be called “The John Howard Clark Prize”, which shall consist of one-half the annual income of the fund received by the University as aforesaid.
2. The prize shall be awarded to the candidate for the Honours degree of Bachelor of Arts who shall have been placed highest in the final examination in the school of English Language and Literature, and shall be judged by the examiners to have reached a sufficient standard.
3. If more than one candidate shall be considered by the examiners to have attained a standard worthy of the prize, the name of the second in order of merit shall be reported to the Council.
4. If the examiners shall consider no candidate worthy of the prize, they shall so report, and no award shall be made for that year; but there shall not, by reason of that lapse, be more than one prizeman in the following year.
5. The prizeman will be required to proceed to the degree of Master of Arts or Doctor of Philosophy by submission of a satisfactory thesis on a subject connected with the English language or with English literature and approved by the Faculty of Arts. The subject must be submitted for approval by the Faculty not later than the first day of April following the award. When the thesis has been accepted as fulfilling the requirements for the degree of Master of Arts or Doctor of Philosophy, the prizeman shall deposit an approved copy of it in the University library; he shall then receive a further payment of one-half of the income available from the fund, and shall be granted the title of “John Howard Clark Scholar”. If the thesis be not accepted as fulfilling the requirements for the degree of Master of Arts or Doctor of Philosophy, such payment and such title shall be withheld.
6. The prizeman may at any time during the year following the original award be called upon by the Council to give proof that he is devoting himself to the study of Literature, with a view to producing a sufficient thesis. If he fails to give such proof when called upon, or if in any respect he fails to comply with the conditions of these statutes or to comport himself to the satisfaction of the Council, he may, by resolution of the Council, be deprived of all further rights as prizeman. In such case, or in case of resignation by the prizeman of his rights, the candidate who was placed second to him in the original award may be allowed, on such conditions as the Council may approve, to prepare and present a thesis and to qualify for the title of scholar.

Statute allowed 2 December, 1926.

Amended: 3 Jan. 1935: 5; 31 Jan. 1980: 5.

**Chapter XV.—Of The Stow Prizes and Scholar**

Whereas a sum of five hundred pounds was subscribed with the intention of founding prizes in memory of the late Randolph Isham Stow, sometime one of the Justices of Her Majesty’s Supreme Court of this Province: And whereas the said sum was paid to the University for the purpose of establishing the prizes hereinafter mentioned: It is hereby provided:

1. That there shall be annual prizes, to be called “The Stow Prizes”.
2. Each of such prizes shall consist of the sum of fifteen pounds, or (at the option of the prizeman) of books to be selected by him of the value of fifteen pounds (\$30).
3. A Stow Prize may be awarded to any candidate for the LL.B. degree, who, at any November Examination, in the opinion of the Board of Examiners shall have shown exceptional merit in not less than two subjects.

4. Not more than four Stow Prizes may be awarded in any one year.
5. Every Bachelor of Laws, who shall during his course have obtained three Stow Prizes, shall receive a gold medal, and shall be styled Stow Scholar.

Statute allowed, January, 1899.

Amended: 12 Dec. 1907: 3.

### **Chapter XVIIA.—Of The Everard Scholarship**

Whereas the late William Everard has bequeathed to the University the sum of £1,000 for the purpose of founding a scholarship in connection with the medical school, such scholarship to be called by his name; it is hereby provided as follows:

1. A scholarship, to be called "The Everard Scholarship", shall be offered for competition annually.
2. The value of the scholarship shall be \$150, and shall be paid to the scholar in one sum.
3. The scholarship shall be awarded to the student who, being neither a graduate in medicine of any other medical school nor a person who has been registered as a medical practitioner in South Australia or elsewhere, has completed the whole of the last three years of the medical course in the University of Adelaide and has been placed highest amongst such eligible candidates in the final examination for the degrees of Bachelor of Medicine and Bachelor of Surgery in that year; provided that an award shall be made only if in the opinion of the Board of Examiners there is a candidate of sufficient merit.

Statute allowed 16 June, 1949.

Amended: 8 Dec. 1949: 2; 2 Feb. 1978: 2.

### **Chapter XVII.—Of Conduct at Examinations**

A candidate must not during any examination whatever:

- (a) have in his or her possession any book or notes or any other means whereby he or she may improperly obtain assistance in his or her work; or
- (b) directly or indirectly give assistance to any other candidate; or
- (c) permit any other candidate to copy from or otherwise use his or her papers; or
- (d) directly or indirectly accept assistance from any other candidate; or

- (f) by any other improper means whatever obtain or endeavour to obtain, directly or indirectly, assistance in his work, or give or endeavour to give, directly or indirectly, assistance to any other candidate; or
- (g) be guilty of any breach of good order or propriety.

Any candidate who shall be guilty of a breach of any of the provisions of this regulation shall lose that examination; and, if detected at the time, shall be summarily dismissed from the examination room; and shall be liable to such further punishment, whether by exclusion from future examinations or otherwise, as the Council may determine.

Statute allowed 3 January, 1907.

Amended: 2 Dec. 1926: (f).

### **Chapter XVIII.—Of Academic Dress**

1. The Council may, in respect of any University occasion, prescribe that academic dress shall be worn by students, graduates, graduates-elect or staff, or any of them, attending such occasion.\*
2. The academic dress for undergraduates shall be a plain black stuff gown and trencher cap.
3. The academic dress for graduates shall be:

## **Chapter XXV.—Miscellaneous**

1. In any statute, regulation, rule, publication or official document of the University, unless there is something in the context repugnant to such construction words importing the masculine gender or singular number shall be construed to include the feminine and plural respectively and *vice versa*.

1A. (1) Notwithstanding anything contained in any statute or regulation of the University, or in any rules made by the Council, the following provisions shall apply to any moneys held by the University by way of endowment of any scholarship, studentship, exhibition, prize, lectureship or the like.

(2) All or any of the funds, so held as aforesaid, may be amalgamated for the purposes of investment, and held in a common fund, and the net income earned by the common fund shall be credited, ratably, to the funds so amalgamated: Provided that any fractional part of the income of the common fund, which cannot conveniently be distributed in the year in which it is earned, may, by direction of the Council, be carried to a suspense account, and held in reserve or applied to the equalisation of income, as the Council may from time to time determine.

(3) If the whole of the income earned by or credited to any particular fund is not expended or appropriated in the year following that in which it is credited, it shall be added to the capital of the fund, but (subject to any express provision contained in the statute, regulation, or rules relating to the particular case) any income so added may be applied to the purposes of the endowment, as the Council may at any time determine, as if it had been the income of the year in which it is so applied.

2. Statutes and regulations relating to scholarships, studentships, exhibitions, or prizes may be varied from time to time, unless the founders have expressly stipulated to the contrary.

2A. Every candidate for a degree, diploma, scholarship, exhibition, studentship or prize shall enter his name on the prescribed form with the Registrar not later than a date fixed by the Council and published in the Calendar or by advertisement. Later entries may be received on payment of such additional fee as the Council may prescribe\* which, however, may be remitted by the Vice-Chancellor for an adequate reason.

2B. Whenever a thesis or other work is submitted for admission to a higher degree, and it is provided by statute or regulation that copies thereof shall be deposited in the University Library, the candidate shall lodge with the Registrar three copies prepared in accordance with the following conditions:

(a) In those cases in which specific directions have been given to candidates under the authority of the regulations of the degree concerned: in accordance with those directions.

(b) In all other cases:

(i) unless specific approval otherwise has been given by the University Librarian, all script shall be typed or printed on paper of A4 size;

\*The additional fee prescribed by the Council is \$10.

- (ii) maps, drawings, photographs or other illustrations may be of any size or form approved by the Librarian;
- (iii) the essay or thesis shall be bound, and the cover shall be entitled and lettered in accordance with specifications to be supplied by the Librarian.

Whenever an essay or thesis is accepted for the award of a University prize or scholarship, the successful candidate shall lodge with the Registrar, for transmission to the library, a copy prepared in accordance with the foregoing conditions.

3. In all cases where an age limit is not fixed by the regulations, persons who shall pass the same examination more than once shall not be qualified to receive any scholarship, exhibition, medal, prize, or other similar reward in respect of that examination save on the first occasion of their being examined.

3A. No person shall be admitted to a degree examination in which he has already passed at this University, except by special permission of the Council.

3B. Repealed.

3C. A subject designed for students with no prior knowledge of it need not be made available to students who have such knowledge. A faculty may refuse to allow a student to enrol in a subject if, after receiving advice from the chairman of the department which teaches the subject, it considers that the student's background and qualifications are fully adequate for another subject which is taught in that department and which is available as an alternative.

4. Wherever, in the statutes or regulations of the University, a time limit or an age limit is imposed, the Council shall have power to add or deduct or allow for the period spent in war service by any candidate, but may impose such conditions or modifications as may seem good to the Council in each case.

4A. On the advice of the appropriate faculty or board, the Council may make special provision for any candidate for a degree or diploma who has been engaged in war service, by altering the conditions prescribed for entrance on his course of study, by altering the fees, and by adjusting the curriculum, provided that the whole curriculum be substantially fulfilled before the degree or diploma is conferred.

4B. Where by reason of physical disability a student is unable to perform any section of the work prescribed by the regulations for the course on which he has entered or proposes to enter, the Council, on the advice of the appropriate faculty or board, may allow him to substitute for such work, other work or another subject substantially equal in standard, and in such case may also impose such other conditions as it thinks fit.

4C. (a) A faculty or board of studies may review the academic progress of any student enrolled for studies within the curriculum of that faculty or board at any time after the student has been enrolled for three terms and, in the case of a student enrolled for a subject or subjects, has presented himself or has had an opportunity of presenting himself for the annual examination in the subject or subjects for which he was enrolled.

(b) As a result of such review the faculty or board may decide (i) to take no action, or (ii) to permit the student to take during the current or next ensuing academic year only such programme of study as it may approve, or (iii) to recommend to the Council that the student be not permitted to enrol for further studies within its curriculum during the next ensuing academic year, or (iv) to recommend to the Council that the student be precluded from taking further studies in the subject or course for which he was enrolled.

(c) Whenever a student who has been enrolled for studies within the curriculum of a faculty or board of studies seeks enrolment for studies within the curriculum of another faculty or board of studies, or when a student who has been precluded under (b) seeks readmission to the faculty or board of studies from which he was precluded, the faculty or board of studies in which enrolment or re-enrolment is sought may consider the candidate's previous academic record in the University and elsewhere and may recommend to the Council that the enrolment be rejected.

**NOTE:** For the purposes of clause 3c "department" shall be taken to mean any formally established body within the University with responsibility for the organisation and teaching of subjects e.g. the Centre for Asian Studies.

(d) Every student or candidate whose position is to be considered under the foregoing sections of this clause shall be notified accordingly, and may be requested to submit in writing for consideration by the faculty or board of studies such explanations as he can offer for his lack of satisfactory progress and reasons why he should be permitted to enrol for further studies in the University. If the faculty or board of studies decides to recommend preclusion under section (b) or rejection under section (c) of this clause the recommendation shall be submitted to the Council which, after making such enquiry as it thinks fit, may confirm, vary or set aside the recommendation.

(e) For the purposes of the foregoing sections of this clause and for the purposes of reducing the potential for delay in resolving the action to be taken with respect to the student a faculty or board of studies may delegate its responsibilities and powers to a sub-committee consisting of a number of members of the faculty or the board of studies or to the dean of the faculty or the chairman of the board of studies. If, after making a review of the academic progress or history (as the case may require) of the student, the sub-committee or the dean or the chairman (as the case may be) decides to recommend preclusion under section (b) or rejection under section (c), the sub-committee or the dean or the chairman shall submit its or his recommendation directly to the Council and send a copy thereof to the faculty or board of studies.

Any delegation of its responsibilities and powers to a sub-committee or to its dean or chairman shall not thereby preclude the faculty or board of studies itself acting under the foregoing sections in relation to the student.

(f) On the recommendation of a faculty or board of studies the Council may, in respect of candidates for enrolment who are not domiciled or have not been resident in South Australia for a continuous period of at least twelve months before applying for admission to the University, (i) set annually a quota for such students to be admitted to the course of study under that faculty or board and determine the method by which the quota shall be filled; or (ii) in accordance with a general policy which it may adopt or for any reason that it may deem adequate in a particular case, refuse enrolment to such students. Admission of such a student to one course of study in the University shall not confer or imply permission subsequently to transfer to another course of study.

5. In all cases where regulations affecting the course of study for any degree or diploma of the University have been or shall be repealed or altered, the Council may nevertheless allow candidates who have previously entered under the regulations repealed or altered to complete their course thereunder, but may impose such conditions or modifications as may seem good to the Council in each individual case.

5A. (i) In the case of any candidate for a degree or diploma the Council, on the recommendation of the relevant faculty or board of studies, may vary any period of time prescribed in the regulations relating to the course of study for that degree or diploma.

(ii) In the case of any candidate for a degree the Council, on the recommendation of the Matriculation Board, may vary any maximum period of time prescribed in Chapter IX of the Statutes.

6. In all cases where the passing of an examination is required by the regulations, the passing of any other examination which shall appear to the Council to be of at least equal value may be accepted instead thereof.

7. Students from other tertiary institutions who may desire that instruction received and examinations passed there be counted *pro tanto* for any course of study in this University, may be granted such exemption from the requirements of the regulations and schedules of this University as the Council shall in each case consider just. Provided always that they shall give such evidence of their status as in the opinion of the Council shall be sufficient.

8. (a) Every student proceeding to a degree or a diploma of the University and such other students as the Council may from time to time decide shall, unless exempted therefrom by the Council, pay an entrance fee and an annual fee for membership of the Adelaide University Union.

(b) The Council shall from time to time prescribe the entrance fee and the annual fee. The entrance fee shall be the same for all classes of students, but the annual fee may differ for different classes of students as determined from time to time by the Council.

(c) The Council may determine whether the entrance fee may be paid by equal terminal instalments over the first two years of the student's enrolment in the University and whether any individual student or any class of student may be exempted from payment of either the entrance fee or the annual fee or both.

(d) The fees prescribed from time to time by the Council and the conditions under which they may be paid shall be published in the University Calendar.

8A. The Council shall have power to reduce or to remit any fee payable by a student proceeding to a degree or a diploma for reasons that it deems adequate.

9. A student, who, in the opinion of the professor or lecturer concerned, is unable to profit by a course of lectures, may be reported to the faculty. The faculty, after consideration of the student's record, shall furnish a report to the Council, who may thereupon require the student to withdraw for the remainder of the academic year from one, or in special cases from more than one, course of lectures, not necessarily including that for which he has been reported.

10. Annual Examinations in each faculty except the Faculty of Medicine shall be held at such times as may be prescribed by regulation, but special examinations may be allowed to any candidate if the faculty concerned shall so decide and the Council approve. These examinations shall be held at such times and under such conditions as the faculty may in each case determine with the approval of the Council.

11. In all cases where the regulations affecting the degree of Master or Doctor in any faculty have been or shall be repealed or altered, the Council may nevertheless allow a candidate, who has qualified under the regulations repealed or altered to proceed to that degree, to complete his qualification under the regulations so repealed or altered, provided that he complete his qualification for admission to the degree under those regulations within three years of the date of such repeal or alteration.

12. (1) Notwithstanding the provisions of any other statute or regulation of the University, any student may be precluded in the manner herein provided from entering upon or proceeding with any course of study.

(2) If it appears to any faculty or board of studies that it is not in the interests:

(a) of the University, or

(b) of other students thereof, or

(c) of the public (having regard to any profession, avocation, or calling for which the student may be qualifying):

that any student should be permitted to enter upon or proceed with any course of study under the control of that faculty or board it shall be lawful for the faculty or board to forward to the Council a recommendation to that effect, together with a statement of the grounds upon which the recommendation is made.

(3) Subject to sub-clauses (4) and (5), the Council, if it thinks fit, may adopt any such recommendation with or without modification, whereupon the student shall be precluded in accordance with the terms of the recommendation as so adopted.

(4) No such recommendation shall be adopted with or without modification unless and until the student has had an opportunity of being heard and of adducing evidence in opposition to the recommendation.

(5) Any such hearing may be by the Council or by a committee appointed for that purpose and consisting of or including at least three members of the Council. At the conclusion of its hearing the committee shall make a report and the Council may if it thinks fit act upon any such report.

(6) The Council shall be at liberty to review any decision under sub-clause (3) hereof at any time.

(7) Any decision of the Council under sub-clause (3) or sub-clause (6) hereof shall not affect anything lawfully done or suffered before such decision.

13. A person wishing to be admitted to a course of study not leading to a degree may be so admitted, upon such terms and conditions and upon payment of such fees as the Council may prescribe. Such a person shall be known as a Visiting Student.

14. Repealed.

15. The Council, having regard to the accommodation and facilities available for teaching, may impose a limit upon the number of students to be admitted in any year to any class or course of study in any faculty or board of studies. If the number of students seeking admission to any such class or course is greater than the limit fixed by the Council, the students to be admitted to the class or course in that year shall be selected by such method as the Council shall from time to time determine and publish.

16. Any member of the academic staff may dismiss from his class any student who he considers is disrupting that class. The member of the academic staff shall report any such dismissal, and the reasons for it, forthwith to the chairman of his department.

### **System of Voting—Rules made by the Council under the authority of Clause 10 of Chapter LXXXV of the Statutes**

#### **A. VOTING SYSTEM**

The system of voting in any election of members of the Council shall be the adapted Nanson-Baldwin system, as follows:

1. Every voting paper shall be in the form following or to the like effect that is to say:

“DIRECTIONS

- \*i. The voter shall indicate the order of his preference by writing whole numbers (1, 2, 3, . . .) opposite the names of all or some or one of the candidates.
- \*ii. No number used shall be greater than the total number of candidates.
- iii. A number opposite the name of a candidate shall indicate a preference for that candidate over each candidate opposite whose name a higher number or no number is written.
- iv. Candidates against whose names the same number is marked shall be regarded as being equally preferred by the voter.
- v. All candidates against whose names no number is written shall have the lowest degree of preference.
- vi. An elector who spoils a voting paper may, on returning the spoiled paper to the Returning Officer, receive another voting paper.
- vii. Do not put opposite the name of any candidate a tick √, a cross ×, a dash —, a zero 0, or any mark which is not a whole number.

\*In any election by the Convocation of Electors, i.e. one in which more than one group of candidates is involved, these two directions shall be replaced by the following:

- i. It is not necessary for a voter to vote in both groups A and B below.  
In each group in which he desires to cast an effective vote, the voter shall indicate the order of his preference by writing whole numbers (1, 2, 3, . . .) opposite the names of all or some or one of the candidates.
- ii. No number used in a group shall be greater than the total number of candidates in that group.

---

LIST OF CANDIDATES

Order of Voter's  
Preference

(Names to be inserted in  
alphabetical order of surnames)

---

Do not sign this Voting Paper.”

2. (1) The voter shall indicate the order of his preference by writing whole numbers (1, 2, 3, . . .) opposite the names of all or some or one of the candidates. A number opposite the name of a candidate shall indicate a preference for that candidate over each candidate opposite whose name a higher number or no number is written. Candidates against whose names the same number is marked shall be regarded as being equally preferred by the voter. All candidates against whose names no number is written shall have the lowest degree of preference.

(2) A vote shall be informal if:—

- (a) a mark other than a whole number is shown opposite the name of any candidate; or
- (b) a number is used which exceeds the total number of candidates.

3. (1) The number of preferences for each candidate over each other candidate shall be ascertained in the manner hereinafter set out.

(2) Each ballot paper shall be allotted points in accordance with the formula  $0 + 1 + 2 + \dots + (N-1)$ , where N is the number of candidates. If, on a given ballot paper, no two candidates are grouped together as having the same merit, the candidate of last preference receives no points, the one of penultimate preference one point, and so on, so that the most preferred candidate receives (N-1) points. If, however, several candidates are grouped together, then the corresponding points are added, and distributed equally between them. For the purpose of this rule two or more candidates for whom no preference is shown shall be regarded as comprising the least preferred group and shall share equally the corresponding points.

(3) The candidate with the highest total number of points shall be elected. If two or more candidates tie for top place, and there are at least the same number of vacancies then both or all shall be elected. If the number so tying exceeds the number of vacancies the result shall be determined by lot.

(4) When one or more candidates has been elected and there remains a further vacancy to be filled all references to the successful candidate or candidates is notionally eliminated from every ballot paper and the process described in sub-paragraphs (2) and (3) hereof shall be repeated.

**B. PROCEDURE FOR VOTING BY THE CONVOCATION OF ELECTORS**

4. (1) For the purposes of the election of members of the Council to be elected by the Convocation, the roll of the Convocation shall be a roll known as the postal roll containing the names and addresses of all members of the Convocation who have advised the Returning Officer in writing of their wish to receive voting papers of the Convocation.
  - (2) Only those members of the Convocation whose names are entered in the postal roll shall be sent voting papers of Convocation.
  - (3) For the purpose of compiling the postal roll, as soon as possible after this rule has come into effect, a communication shall be sent to (a) all graduates of the University whose last known addresses are in the State of South Australia; (b) all other graduates who have from time to time asked that voting papers be sent to them; (c) all postgraduate students; and (d) all persons in the full-time employment of the University, requesting the recipients to indicate whether they wish to be placed on the postal roll.
  - (4) For the purpose of keeping the postal roll up to date each person who from time to time becomes a member of the Convocation by virtue of graduating, enrolling as a postgraduate student, or joining the full-time staff of the University shall be invited to indicate whether he wishes to be placed on the postal roll.
  - (5) Annually, in preparation for each election, the postal roll shall be reviewed to determine whether persons who have gained entitlement to membership of the Convocation by virtue of being a postgraduate student or a member of the University's full-time staff remain so entitled on the first day of the month in which the election occurs.
  - (6) In addition, in June of the fourth year after this rule has come into effect, and of every fourth year thereafter, the postal roll shall be revised by verifying whether persons on the postal roll wish to continue to receive voting papers, and by ascertaining whether any eligible persons whose names are not on the postal roll wish to be added to it. For the purpose of such revision (a) the Returning Officer shall invite each person whose name appears on the postal roll to indicate whether he wishes his name to remain on the postal roll; and (b) the Returning Officer shall advertise in the daily press of South Australia that such a revision of the postal roll is being conducted. Such advertisement shall intimate that any member of the Convocation may apply in writing to the Returning Officer requesting that his name be entered in the postal roll.
  - (7) The name and address of each member of the Convocation who asks to be included in the postal roll shall be so included.
  - (8) A member of the Convocation whose name has been removed or omitted from the postal roll does not thereby cease to be a member of the Convocation.
  - (9) A member of the Convocation may at any time apply in writing to the Returning Officer requesting that his name be entered in the postal roll notwithstanding that his name had previously been removed from the roll and the Returning Officer shall on receipt of such application enter his name and address in the postal roll.
  - (10) The postal roll shall be available at all reasonable times for inspection by any member of the Convocation.
5. (1) When the number of candidates in any election or in any category of any election exceeds the number of places to be filled the Returning Officer shall, at least ten clear days before the appointed day for the election, cause a voting paper and other documents to be posted or otherwise sent to the last known address of every person on the postal roll, provided that in the case of any elector who is registered as an internal full-time higher degree student of the University, or any person who is in the full-time employment of the University the Returning Officer may, at his discretion, regard the relevant department of the University as being the last-known address.
  - (2) Any person who satisfies the Returning Officer that he was entitled on the first day of the month in which the appointed day falls to vote but had not received or had irretrievably lost a voting paper may, on request to the Returning Officer on or before the appointed day, obtain a voting paper; and his vote will be valid if it complies with these rules.

(2) No vote shall be counted unless the distinctive envelope containing it is placed in the ballot box before 8.00 p.m., or otherwise reaches the Returning Officer before 5.00 p.m., on the appointed day for the election.

### C. PROCEDURE FOR VOTING BY UNDERGRADUATES

7. (1) For the purposes of the election of members of the Council to be elected by the undergraduates, the roll of the undergraduates shall be a roll known as the postal roll (undergraduate) containing the name and address of each undergraduate who has advised the Registrar in writing of his wish to receive voting papers for undergraduate elections.

(2) Only those undergraduates whose names are entered in the postal roll (undergraduate) shall be sent voting papers for such elections.

(3) For the purpose of compiling the postal roll (undergraduate), as soon as possible after this rule has come into effect, a communication shall be sent to each undergraduate, through the internal mail system, requesting the recipient to indicate whether he wishes his name to be entered in such roll and, if so, to complete a form provided for the purpose by entering thereon his name, signature, student number and the private address to which a voting paper is to be sent.

(4) For the purpose of keeping the postal roll (undergraduate) up to date each person enrolling in any year for the first time as an undergraduate shall, if enrolled on 1 June of the year of such first enrolment, be requested to indicate whether he wishes his name to be included on the postal roll (undergraduate). A form shall be provided for the purpose and shall be completed by entering the details set out in (3) above.

(5) The name and private address of each undergraduate who asks to be included in the postal roll (undergraduate) in accordance with (3) and (4) above shall be so included.

(7) Any undergraduate whose name has not been entered in the postal roll (undergraduate) in accordance with (5) above, may at any time apply in writing requesting that his name be so entered and the Registrar shall on receipt of such application cause the applicant's name to be entered on that roll.

8. (1) Whenever an election of members of the Council by undergraduates is to be held the Returning Officer shall at least ten clear days before the appointed day for the election send a voting paper and other documents to each undergraduate whose name is included in the postal roll (undergraduate) on the first day of the month in which the appointed day falls.

(2) The voting paper and other documents shall be posted or otherwise sent to the private address of each undergraduate as shown in the postal roll (undergraduate).

(3) Any undergraduate who satisfies the Returning Officer that he was entitled, on the first day of the month in which the appointed day falls, to vote but that he has not received or has irretrievably lost a voting paper may, on request to the Returning Officer before or on the appointed day, obtain a voting paper; and his vote shall be valid if it complies with these rules.

9. (1) A voter shall (a) place his voting paper inside the smaller envelope provided by the Returning Officer, seal the smaller envelope, place it inside the distinctive outer envelope provided by the Returning Officer, and seal the distinctive outer envelope; (b) give, on the back of the distinctive envelope, his name, private address, student number and signature; and (c) either place the envelope in a ballot box in the University grounds, or post or deliver it to the Returning Officer at the University.

(2) No vote shall be counted unless the distinctive envelope containing it is placed in the ballot box before 8.00 p.m., or otherwise reaches the Returning Officer before 5.00 p.m. on the appointed day for the election.

**D. PROCEDURE FOR PROCESSING THE VOTING PAPERS**

10. At some convenient time after the voting has closed the Returning Officer assisted by the scrutineers will:

12. The calculations and counting of the formal votes, and the procedures to be followed and the action to be taken by the scrutineers and the Returning Officer, will be in accordance with Chapter LXXXV of the Statutes.

13. The print-out of the recording and calculation of the votes shall not be a public document; but for any election the Returning Officer shall send to each candidate, for his information, a summary of the total figures at each stage of the election. Such summary shall be available, on request, to any member of the electorate concerned.

If at any meeting there shall be before it for consideration any proposed legislation to be put before the Senate and if, after consideration, the Standing Committee shall resolve to report that the proposed legislation is non-controversial so far as the Senate is concerned, the Standing Committee may resolve that its decision be published and that unless within the time which it should fix (being not less than thirty days after the first such publication) at least five members of the Senate shall in writing request that the proposed legislation should not be so approved, it intends to approve the proposed legislation.

Notice of any decision of the Standing Committee under the preceding Standing Order shall be published at least twice (and at least three days apart) in some newspaper which is published or circulated daily in Adelaide. The notice may contain additional material which the Standing Committee considers may draw it to the attention of members of the Senate who are likely to be particularly interested in or affected by the proposed legislation. If he thinks fit the Warden may cause further advertisements of the notice to be given in any newspaper which is published or circulated in Adelaide or elsewhere and by any other means he may consider appropriate.

88E. If by the time fixed less than five requests not to approve the proposed legislation have been received the Standing Committee shall meet and may approve the proposed legislation.

88F. If a duly convened meeting of the Senate at which proposed legislation is to be submitted lapses for want of a quorum or if a meeting of the Senate should terminate for want of a quorum before all proposed legislation properly before that meeting has been dealt with the Standing Committee shall as soon as practicable thereafter meet and may approve the proposed legislation or the part of the proposed legislation not dealt with (as the case may be), whether the proposed legislation or that part has been considered by the Standing Committee to be non-controversial so far as the Senate is concerned, or not.

88G. Whenever the Standing Committee has approved any legislation the Warden shall report the fact thereof to the Council and may give or sign any certificate to the Council or Governor that the requirements of The University of Adelaide Act and of this Part of the Standing Orders have been complied with.

The announcements shall (a) specify the offices and vacancies to be filled, and the names of the retiring officers and members; (b) invite nominations for election to the offices and vacancies; and (c) state that nomination forms may be obtained by any member of the Senate on application to the Clerk of the Senate at the University. There shall be at least two such announcements in some newspaper which is published or circulated daily in Adelaide, each on a different day; the first such announcement being not less than sixty days before the day appointed by the Council for the election of members of the Council by the Convocation of Electors or the day of the ordinary meeting of the Senate in November (whichever day is the earlier).

92. A candidate duly nominated for any office may subsequently by letter to the Clerk request that his nomination be cancelled, and receipt by the Clerk of such letter shall be held to cancel such nomination.

93. If at any election no more than the required number of candidates be nominated, the Clerk shall declare the nominated candidates elected.

94. (1) If more than the required number of persons be nominated the Clerk, as soon as practicable after nominations have closed, shall (a) publish in some newspaper which is published or circulated daily in Adelaide, and by such other means as he may deem appropriate, a statement listing the vacancies to be filled, the candidates for election, and the appointed day for the election; and (b) prepare voting papers showing the vacancies to be filled, listing in alphabetical order the names of the candidates for election, and containing directions as to the manner of voting.

95. (1) The system of voting in any Election of Warden or of Clerk or of Members of the Standing Committee shall be based on the Nanson-Baldwin system, adapted as set out in the Rules for the time being in force made by the University Council under the authority of Statutes Chapter LXXXV—*of Election of Members of the Council* which Rules shall subject to any express provisions contained in the Standing Orders apply *mutatis mutandis* save that any reference in such Rules to the 'Returning Officer' shall be construed as a reference to the Clerk.

(2) The calculation and counting of the formal votes shall be performed by computer, using an adequately tested programme, which shall provide an appropriate print-out.

96. (1) When the number of candidates in any election or in any category of any election exceeds the number of places to be filled the Clerk shall, at least ten clear days before the appointed day for the election, cause a voting paper and other documents to be posted or otherwise sent to the last known address of every member of the Senate whose name is entered in the postal roll.

(2) Any member of the Senate who satisfies the Clerk that on the first day of the month in which the appointed day falls he or she was entitled to vote but did not receive or had irretrievably lost the voting paper may, on request to the Clerk on or before the appointed day, obtain another voting paper; and any vote cast by the use of such substituted voting paper shall be valid if it otherwise complies with the provisions of these Standing Orders.

97. (1) Each candidate may appoint a scrutineer to assist the Clerk.

(2) If the number of scrutineers appointed by candidates is insufficient, the Clerk may appoint other persons to act as scrutineers.

98. At a convenient time the scrutineers appointed by the candidates shall be given the opportunity, in the presence of the Clerk, to satisfy themselves that the votes have been correctly recorded and correctly calculated. For this purpose they shall have available the voting papers and such computer print-out as they, after consultation with the Clerk, may consider necessary.

99. When the scrutineers or such of them as attend, and the Clerk, are satisfied that the votes have been correctly calculated and counted, the Clerk shall declare the result of the election. He shall do this:

- (a) by written report to the Warden following the election;
- (b) by public statement, by such means as he may decide;
- (c) by circular sent as soon as feasible to each candidate.

100. The Clerk shall, subject to the Standing Orders, determine finally on questions of detail concerning the election.

101. Neither the Clerk nor any scrutineer shall in any way whatever directly or indirectly

divulge or disclose or aid in divulging or disclosing for what candidate or in what manner any voter has voted at any election.

Provisions relating to the Standing Committee of the Senate were originally adopted on 22 November, 1961; and those relating to the current voting system—which is an adaptation of the Nanson-Baldwin voting system, used in the University of Melbourne since 1926—were adopted on 26 November, 1969, and amended on 1 September, 1971. The Standing Orders were further amended on 22 November, 1972, 28 November, 1973, 27 November, 1974, 26 November, 1975, and 23 November, 1977.

If there be no award of a bursary in any year the income for that year shall be held in suspense and if in a future year there be more than one candidate deemed worthy of an award a grant of such sum as the Council may determine may be made to the candidate deemed most deserving after the successful candidate.

## INSTITUTES AND FOUNDATIONS OF THE UNIVERSITY

---

### **The Waite Agricultural Research Institute**

The Waite Agricultural Research Institute was established in 1924 as a result of the gift of Mr. Peter Waite to the University of Adelaide for the purpose of furthering teaching and research in agriculture and allied subjects. The original endowment comprised a mansion house, a Trust Fund of \$117,000 and an estate of 121 hectares of agricultural and grazing land.

To the original gift has been added about 40 hectares by purchase, bringing the total area to over 160 hectares. Of this total, only about 10% is suitable and available for experimental work and large scale projects, such as production studies with sheep and cattle, are carried out at the Mortlock Experiment Station near Mintaro. The station, comprising 275 hectares of first class land, was established in 1966 through the generosity of Mrs. J. T. Mortlock. The Claude S. Charlick Experiment Station was established in 1978 on 112 hectares of land near Strathalbyn. Its purchase was made possible by a bequest to the Institute by the late Mr. Charlick. Acquisition of the Charlick Experiment Station satisfies a need for arable land which has been intensified in recent years by expansion in the Institute's cereal breeding research programmes and the progressive loss of the use of the Education Block to the west of Fullarton Road.

The original laboratories were built between 1928 and 1940 and were made possible through the generosity of Sir John Melrose and the families of Mr. John Darling and Frederick Ranson Mortlock.

In 1959 the Departments of Entomology and Plant Pathology were housed in a new east wing and in 1965 a separate building was provided for the Institute Library. Finally, an extension to the Library which also serves as a link with a new undergraduate teaching block was completed in 1972. The Library is designed to serve those engaged in research, whilst also supporting the undergraduate and postgraduate teaching activities within the Institute. The collection comprises over 37,000 volumes and includes subscriptions to 640 journals together with over 3,000 serial titles received through either gift or exchange.

The latter building replaces laboratories and lecture rooms which were provided in the immediate post-war period under the Commonwealth rehabilitation training scheme and which are now quite inadequate for present student numbers.

In addition to the main laboratories, there is a whole range of ancillary buildings including glass houses, workshops, farm buildings, housing for domestic animals, an insectary and a small animal house.

Bequests and endowments in addition to those already mentioned, have added much to the effectiveness of the Institute's programme. Benefactors include the children of Mr. Peter Waite, viz. Mrs. Elizabeth McMicken, the Misses Lily and Eva Waite and Mr. James Waite; Messrs. H. Hughes, W. H. Sandland, W. D. Grigg, Alfred Hannaford, J. A. T. Mortlock and Mrs. K. Lilius Needham. The Institute is a beneficiary under the will of Mr. J. S. Davies.

Interest on the original and subsequent endowments contributes little to the running costs of the Institute which derives the greater part of its income from grants to the University by the Australian Government. However, grants from a wide variety of foundations, primary industries and private firms are of major assistance in the research programme. Grants are or recently have been received from, amongst others, the Rural Credits Development Fund of the Reserve Bank, the Commonwealth Development Bank, the Australian Wool Board, the Wheat Industry Research Council, the Wheat Industry Research Committee of South Australia, the Australian Honey Board, the Barley Improvement Trust Fund, the Meat Research Committee, and the Quarantine Section of the Commonwealth Department of Health. The Institute has also derived substantial grants from the Australian Research Grants Committee which was established in 1965.

The catalytic effect of Peter Waite's bequest is not confined to gifts of various kinds. It is also reflected in the group of other scientific institutions on the Waite Institute Campus. Up till 1957 the main Institute building housed both the Australian Wine Research Institute and the CSIRO Division of Soils. Expansion inevitably led to a separation and both institutions now have separate buildings east of Waite Road on land leased from the University. More recently, the headquarters of the CSIRO Division of Horticultural Research and a unit of the Division of Mathematical Statistics have joined the original two.

The Institute provides facilities for teaching in the third, fourth and honours years of the degree of B.Ag.Sc. There is also a strong postgraduate school which draws its students from a wide range of countries.

The scientific work of the Institute is centred round the study of the principles of crop, pasture and animal production and of the scientific disciplines associated with these aspects of agriculture. Research and teaching is carried out in seven departments:

**Agricultural Biochemistry.**

**Agronomy** (which includes Crop Ecology, Genetics and Plant Breeding, Animal Husbandry and Systematic Botany).

**Animal Sciences.**

**Entomology.**

**Plant Pathology** (which includes Nematology and Soil Microbiology).

**Plant Physiology** (which includes Horticulture).

**Soil Science.**

There is also a **Biometry Section.**

### **The Mawson Institute for Antarctic Research**

The Institute was formally established by the University Council in November, 1959, in honour of the late Professor Sir Douglas Mawson, F.R.S.

The Institute provides facilities for postgraduate training and research related to the Antarctic regions. At this stage research is limited to the field of atmospheric physics.

The Institute maintains a library of Antarctic literature and a collection of photographs and objects associated with the expeditions of Sir Douglas Mawson.

The Institute was inaugurated by the Right Honourable the Prime Minister on 15 April, 1961. The Director is Dr. F. Jacka.

### **The Anti-Cancer Foundation**

In 1928 the University formed an Anti-Cancer Campaign Committee to aid research into problems of cancer, and to provide and extend modern methods of treatment of cancer in South Australia. In that year the Commonwealth Government had lent to the Adelaide Hospital half a gram of radium in the form of needles and tubes, and as there was no radiotherapy department at the hospital the early efforts of the Committee were devoted to the provision of a medical officer, a deep X-ray plant and the necessary clerical and technical personnel to establish a Radiotherapy Department. As demands on the Radiotherapy Department grew, the Committee's expenditure on the Department also increased until the Committee was responsible for four salaried medical officers and four physicists employed there. It was then agreed with the Hospital Board that the Committee should be financially responsible for the research activities of the Radiotherapy Department, and the Board for the routine treatment of patients; as a result three of the Committee's medical officers were transferred to the Public Service.

In 1962, the Anti-Cancer Campaign Committee was reorganised and renamed the Anti-Cancer Foundation of the University of Adelaide. The Board of Governors, which decides matters of major policy, is the governing body of the Foundation. About 30 prominent citizens representing a wide cross-section of the community have been appointed as Governors of the Foundation. For the conduct of the Foundation's affairs, an Executive Board, a Finance and Fund-raising Committee, a Public Education Committee, a Patient Care Committee and a Scientific Advisory Committee have been appointed.

## **Institutes and Foundations**

In 1965 the Foundation was admitted to membership of the Australian Cancer Society and in 1970 became a member of the world-wide anti-cancer organisation, the Union Internationale Contre le Cancer.

A full-time Secretary was appointed in 1968. This made it possible to extend the Foundation's services to remote parts of South Australia and the Northern Territory.

In 1978 the Foundation celebrated its Jubilee.

On 1 January 1980 a new constitution was adopted and the Foundation renamed "The Anti-Cancer Foundation of the Universities of South Australia".

### **Finance**

The Foundation's funds are derived from the following sources: (a) Gifts and bequests; (b) Income from gifts and bequests which have been invested; (c) Government grants and subsidies; (d) Public appeals.

Six public appeals for funds have been made: The first in 1928 realised about \$12,000, the second in 1939 about \$6,000, the third in 1950 more than \$200,000, the fourth in 1962 about \$220,000 and the fifth in 1970 more than \$136,000. The last three were conducted under the aegis of the Lord Mayor of Adelaide. Part of the proceeds of the third appeal was used to pay for a 4 million volt X-ray machine which was installed in the Royal Adelaide Hospital. In its Jubilee Year the Foundation launched the Lord Mayor's Anti-Cancer Appeal and realised an additional \$200,000.

Government grants and subsidies have been received since 1929. In addition, the State Government gave \$32,000 towards the purchase of the high-voltage plant, and met the large expense of housing the plant at the Royal Adelaide Hospital.

### **Research**

Applications are invited each year for Anti-Cancer Foundation Grants for the conducting of research in any scientific or medical field directly concerned with the cause, diagnosis, prevention or treatment of cancer. Grants totalling more than \$600,000 will be disbursed in 1984 to researchers in various departments of the University of Adelaide, the Flinders University of South Australia, the Institute of Medical and Veterinary Science and the S.A. Institute of Technology. The standard of research work in South Australia is very high and has gained world-wide recognition.

### **Cytology Service**

In 1960 the Foundation established a Cytology Laboratory at the Queen Elizabeth Hospital for the examination of cervical and vaginal smears. The laboratory examined some 3,000 smears during the first year of operation. The work of this laboratory has rapidly increased and in 1980 a total of 28,648 smears was processed.

### **Education**

Public education campaigns began in a small way in 1950 and a Public Education Committee has been active in cancer education since 1965, when an Honorary Medical Adviser was appointed. Since that time thousands of people throughout the metropolitan and country areas have attended lectures and learnt about breast, uterine and other cancers as well as the hazards of smoking. A small panel of doctors has been recruited to assist with the presentation of lectures and films at schools and many other organisations. In 1979 the Foundation, in conjunction with Lions International, set up a mobile education unit which toured all country areas in South Australia and the Northern Territory. Educational campaigns on anti-cancer topics continue into 1984.

### **Patient Care**

A Patient Care Committee was appointed in 1965. The work of this Committee began with the appointment of a Visiting Nurse, and later, a part-time Social Worker and a second Visiting Nurse. At the end of 1968 the Committee decided that the needs of the cancer patient could best be served by an expansion of its social welfare work and a curtailment of the nursing service. In 1970 a second experienced social worker was appointed. In 1975 the Foundation established its Mastectomy Rehabilitation Service.

More recently a cancer support groups activity has been launched, forming anti-cancer committees throughout the state, to help patients and families.

The generosity of Mr. J. A. Martin has enabled the Foundation to establish Martin House at 429 Gilles Street, Adelaide. This hostel, which is administered by the Board of the Royal Adelaide Hospital, accommodates any patient suffering from cancer, or thought to have cancer, and requiring any form of treatment or investigation in Adelaide. Provision is made in the well-equipped rooms for the patient to be accompanied by a relative. In 1980 a new wing of five comfortable rooms each with private bathroom was added, and in 1984 it is proposed to further extend this building to provide a further five rooms.

### **The Animal Products Research Foundation**

The sum of seven thousand pounds, raised by private subscription, having been paid to the University in 1920 for the purpose of promoting research on the growth and nutrition of man and animals, that sum having been increased in 1967 to twenty-one thousand dollars by capitalisation of unspent income, and the statute governing the original use of the income of the fund having been repealed, the following rules are hereby made:

1. The Council shall appoint annually a Board to advise it on the purposes for which the Foundation shall be used and the application of the income to those purposes.
2. Until the Council decides otherwise the annual income of the Foundation shall be available for the acquisition for the University Library of books and journals relevant to the general purpose of the endowment and approved by the Board, and for such other purposes as the Council on the recommendation of the Board may approve.
3. Unexpended income in any year may be added to the capital sum or expended in the next or some following year, as the Council may determine.
4. These rules may be varied from time to time, but the title and the general purpose of the Foundation shall not be changed.

# RESIDENTIAL COLLEGES

---

By the Acts of Parliament under which the University of Adelaide was founded provision was made for affiliation to the University of residential colleges in which students could enjoy the advantages of residence, discipline, and tuition supplementary to that given by the staff of the University.

### St. Mark's College

St. Mark's College, the first residential college in the University of Adelaide, was founded by a committee formed at a public meeting held under the chairmanship of the Bishop of Adelaide on 29 May, 1922. The Committee obtained some \$24,000 by public subscription, bought the residence of the late Sir John Downer on Pennington Terrace, North Adelaide, and secured two acres of land adjoining. The College was affiliated in 1924, and opened for students in March, 1925. It was immediately found necessary to provide additional accommodation, and in 1925-6 and in 1926-7 a three-storey building of thirty rooms was erected as the first portion of a main quadrangle on the vacant land. During the years 1941 to 1945 the property was leased to the Royal Australian Air Force. Since then the College has acquired additional properties and buildings and now provides residence for about 120 tutors and undergraduates with facilities which include large Junior and Senior Common Rooms, Chapel, Library, Tutorial Rooms, Recreation and Music Rooms, and five grass tennis courts.

The College is governed by a Council including representatives of the Church of England, the Council of the University, the Governors of St. Peter's College, and the Old Collegians. The Archbishop of Adelaide is *ex officio* President and the Chairman is Mr. Gavin Walkley. Although the College is primarily under the sponsorship of the Church of England, it is freely open to students of all religious denominations.

In 1981 the College Council decided to admit women students to residence from the beginning of 1982.

The College provides its members with the advantages of corporate life in close proximity to the University, the University sports facilities, and the other Colleges of the University. Students have all their meals at the College, and incur a minimum of time and expense in attending lectures and other University activities. As a supplement to University teaching, tutorials are provided in many basic subjects of the University curriculum. Non-resident students are admitted to tutorial classes. Since its foundation the College has built up a fine all-round record in academic and other fields, with many winners of major prizes and scholarships, including twenty-eight Rhodes Scholarships.

Members of the Senior Common Room are graduates, including members of the University's academic staff, who serve as academic and personal tutors.

The Student's Club plays a substantial role in the running of the College and fosters social, dramatic and sporting activities. Religious services are provided for College members.

St. Mark's offers up to nineteen scholarships and bursaries annually for resident students, each worth \$500 per annum. The scholarships are awarded primarily on academic merit, the bursaries on financial need. Full details are available from the Master's Secretary.

Applicants should be matriculated in the University and must furnish evidence of good character. No member of the College may be permitted to remain in residence unless the Master and Tutors are satisfied with his academic progress and conduct.

Further particulars are available from:

The Master—Dr. Peter Geoffrey Edwards, B.A., D.Phil., St. Mark's College, Pennington Terrace, North Adelaide; Telephone 267 2211.

### St. Ann's College

St. Ann's College was founded as the result of bequests by the late Mr. Sidney Wilcox of his house and grounds at Brougham Place, North Adelaide, and of a substantial sum of money to establish a non-denominational college for women students attending the University. The College was incorporated and affiliated with the University in 1939. Owing to the outbreak of war in that year and for other reasons the College did not open until 1947. In September 1972 the College Council agreed to admit men students to residence in 1973.

The College consists of 134 single study-bedrooms. In addition, the College has a spacious dining hall and common room, small common rooms, music rooms, a library and tennis court. St. Ann's provides university students with the opportunity to live in a community of graduates and undergraduates in which academic excellence is stressed, but which also allows for considerable extra-curricular activities. These activities and the College tutorials are open to non-resident students who wish to become affiliated with the College.

The College is situated in pleasant surroundings with a view of the Mount Lofty Ranges and is within ten minutes' walk of the University of Adelaide.

St. Ann's provides undergraduate scholarships and bursaries for resident students. The Doris Simpson Scholarship (value \$1,500 p.a. at present) is awarded to a continuing university student and is based primarily on academic results. The Constance Finlayson Scholarship (value \$1,500 p.a. at present) is awarded to a first year student enrolled in the University of Adelaide; the award is based primarily on the results of the Matriculation Examination, but character and extra-mural interests are also taken into account. Tenure may be renewed for a second year. The Collegians' Award, valued at approximately \$600, is awarded annually, for one year only, to a first-year student of ability and in financial need. Other awards and bursaries are also awarded annually. Applications should be sent to the Principal of the College not later than the end of the third week in January.

Further details and application forms can be supplied by the Principal, Dr. Virginia Kenny, St. Ann's College, 187 Brougham Place, North Adelaide; Telephone 267 1478.

### Aquinas College

Aquinas College was incorporated in 1946 and by a statute of the University in 1947 was affiliated to the University as a Residential College under the auspices of the Roman Catholic Church for students of the University. In 1948 "Montefiore", just behind Colonel Light's Statue in North Adelaide, was purchased as a site for the College. This house was, for many years, the residence of the late Sir Samuel James Way, Chief Justice of South Australia for 40 years, and for 33 years Chancellor of the University. In 1953, Sir Collier Cudmore's home, 24 Palmer Place, was purchased and in 1968 the property belonging to the Darling family, 19 Palmer Place.

The College now has accommodation for 117 students in single bed-study rooms. In addition, the College has spacious common rooms, a chapel, libraries, television rooms and two squash courts.

The Council decided to admit women students to residence from the beginning of 1974.

Students of the College enjoy the advantages of residence close to the University, corporate life in an academic community, the influence of the doctrine, ideals and sacramental life of the Church and tuition supplementary to University lectures.

Tutorial classes and individual tuition are given in the College with the special object of assisting students in their University work. Non-resident students, men and women, are admitted to all College classes.

The College Council is presided over by the Archbishop of Adelaide, The Most Reverend J. W. Gleeson, D.D. The Vice-President is the Most Reverend F. P. De Campo, D.D., Bishop of Port Pirie. The Rector is Rev. Fr. D. T. Day, S.J.

A few bursaries are available for students in need of assistance. For further information, and to apply for admission, write to:

The Rector, Aquinas College, 1 Palmer Place, North Adelaide. Telephone 267 2944.

## Residential Colleges

### Lincoln College

Lincoln College, affiliated to the University of Adelaide in 1951, was opened for men residents in 1952. It was originally founded by the South Australian Conference of the Methodist Church, but with the inauguration of the Uniting Church in Australia in 1977, it became linked with that body. Admission is not restricted to members of the Uniting Church, but is open to students of all faiths. In 1972 the College Council agreed to admit women residents in 1973. The number of women has increased each year and they now comprise more than a third of the college.

The College consists of two modern buildings and four old converted residences providing 184 single study-bedrooms. The College offers residential facilities, including three meals a day, seven days a week, for male and female students undertaking tertiary studies in Adelaide with priority being given to students of the University of Adelaide.

The College seeks to create a helpful academic environment. Tutors are available within the College to assist students with their academic work. Continued residence within the College is dependent on satisfactory academic progress and general conduct.

Students are represented in the management and participate in the general running of the College. Also, the College Club run by the students, is largely responsible for extra-curricular activities. A diverse programme of cultural, social and sporting activities is arranged.

The College is governed by a Council comprised of representatives of the Church, the University and the members and graduates of the College. The Chairman of the Council is Dr. J. A. S. Smith, M.B., B.S. (Adel.), F.F.A.R.C.S., D.A. The Master is the Rev'd John Whitehead, B.A. (Melb.), B.D.(M.C.D.), Ph.D. (Vanderbilt).

To commemorate the distinguished service of the late Rev'd Dr. Frank Hambly as its foundation Master, the College has established two Frank Hambly Memorial Scholarships, each worth \$500 a year. The College also offers a limited number of bursaries for students in difficult financial circumstances. For further information on these and other matters write to The Master, Lincoln College, 45 Brougham Place, North Adelaide, S.A. 5006. Telephone 267 2276.

### Kathleen Lumley College

The College was founded in 1967 with the aid of a gift of \$60,000 from Mrs. Kathleen Lumley and the support of the State and Federal Governments through the Australian Universities Commission. The University made a site available for the College at Mackinnon Parade, North Adelaide.

The aim of the College is to provide residential accommodation for men and women postgraduate students of the University of Adelaide together with educational, cultural, social and recreational facilities for all postgraduate students of the University.

The College provides living accommodation for 60 postgraduate students, as well as a dining-room, common room and reading room for the use of both resident and non-resident members of the College.

The College is governed by a Council, which includes members nominated by the Council of the University, and by the residents of the College, together with representatives of the Lumley family. The Chairman of the Council is Dr. H. J. Rodda, M.Sc., Ph.D. The Master of the College is Dr. David L. Clements, M.Sc. (Canterbury), Ph.D. (Melbourne). Further particulars may be obtained from The Master, Kathleen Lumley College, 51 Finnis Street, North Adelaide 5006.

## Public Lectures and Courses

### Continuing Education

The University has been involved in adult education and continuing education since 1914. A more detailed description of that work is found in the Calendar for 1983 and earlier years.

As a result of a Review of the Department of Continuing Education conducted in 1981 and 1982 and on which decisions were not taken until 1983, a Committee and an Office of Continuing Education are now charged with this work, although considerable programmes are arranged separately by the Director of Continuing Education in Dentistry, the S.A. Post-Graduate Medical Education Association, some departments in the Faculty of Engineering, the Computing Centre, and the Faculty of Law—the latter body in association with the Law Society of S.A.

The terms of reference of the new Committee for Continuing Education are:

- (a) To encourage and develop the provision of continuing education for graduates and professional groups;
- (b) To provide public seminars and conferences on matters of social and political concern to the community;
- (c) To encourage and co-ordinate the provision of opportunities for the public to attend intra-mural lectures and seminars;
- (d) To provide foreign language classes for the public at a level appropriate to the University;
- (e) To encourage and develop such other continuing education programmes as are consistent with the University's objectives in this field.

Current programmes of courses, seminars and schools arranged by the Office of Continuing Education are available from the Assistant Registrar (Continuing Education).

### Radio 5UV

At the initiative of the former Department of Continuing Education and with a generous donation of \$100,000 from the late Mr. K. G. Stirling, the University established an educational radio station in 1972. During 120 hours of broadcasting each week, Radio 5UV transmits educational courses, "magazine" programmes, summaries of current affairs and scientific developments, and music programmes of many kinds to the greater Adelaide metropolitan area. A number of voluntary community organisations also have access time on the station. It broadcasts on 531 kHz on the AM band.

Radio 5UV now has its own Management Committee and is administratively separate from the Office of Continuing Education. Details of its current programmes can be had from the Producer-Manager.

## SERVICE DEPARTMENTS AND DIVISIONS OF THE UNIVERSITY

---

### **Advisory Centre for University Education**

The Advisory Centre for University Education was established by the University in 1973 to assist teaching staff and departments to develop effective educational and teaching practices. Another important function of the Centre is to provide teaching support services to the University in photography and in audio-visual production. This range of services is provided by centres similar to the Advisory Centre in most other Australian Universities.

The resources and facilities of the Centre are widely used by University staff. The diversity of activities in which the Centre has been involved is illustrated by the following examples: participation in the design, preparation and day-to-day direction of the Administrative Staff Course (a course for middle-level university administrators sponsored by the Australian Vice-Chancellors' Committee); the training of academic staff in the use of sophisticated video-recording systems, and the subsequent production of teaching video programmes from field recordings; the taking and processing of photographs in both colour and in monochrome for departments in all Faculties; educational research; evaluation studies of curricula and of teaching and learning, and workshops and seminars on university teaching methods and student learning.

The Centre has seven staff members. Ready access to expertise in other universities and institutions locally, interstate, and overseas is available. The physical resources of the Centre include modern photographic laboratories, a television studio, an audio-visual workroom, a seminar room and a teaching resource centre.

These facilities are accessible to all staff of the University. Many of the Centre's services are provided free-of-charge.

The Advisory Centre for University Education is an academic entity within the University, responsible through its Director to the Committee for the Advisory Centre for University Education. This Committee has members drawn from all faculties and from the student body. It reports directly to the Education Committee.

Requests for further information about the Centre or for advice or assistance on matters concerning teaching and learning are warmly received by Centre staff. The Centre is centrally located on Level 7 of the Hughes Building and can be contacted on telephone extension 5771.

### **Barr Smith Library**

The University Library includes the central library, the Law Library and the Waite Agricultural Research Institute Library.

The central library is named in honour of Robert Barr Smith who made the first of his benefactions in 1892. A building of classical design was completed in 1932, the gift of Tom Elder Barr Smith. It was extended in 1959 and 1967, and the major Research Services Wing was added in 1969-71. The Barr Smith Library provides reference and lending services, and has seats for 1,800 readers. All students attending lectures at the University are entitled to use the Barr Smith Library for purposes of reading and reference; students who are enrolled in a degree or diploma course in the University are entitled to borrow books from the Library.

At the end of 1983 the Barr Smith Library contained 1,084,513 volumes and 1,839 seats, the Law Library located in the Ligertwood Building, 79,534 volumes and 318 seats, and the Waite Agricultural Research Institute at Glen Osmond, 40,858 volumes and 105 seats. Total holdings of the University Library were 1,204,905 volumes. Some 18,495 serials were being regularly received.

## **Service Departments and Divisions**

The Barr Smith Library normally offers service from 9.00 a.m. to 10.00 p.m., Monday to Thursday; 9.00 a.m. to 6.00 p.m. on Friday; and 1.30 p.m. to 5.30 p.m. Saturday and Sunday. Shorter hours are offered during the summer vacation. Hours of service in the branch libraries are designed to meet the needs of their regular clientele.

Rules governing use of the University Library are printed in volume II of this Calendar.

Notice boards, and user guides which are available on request from the Barr Smith Library should be consulted for further information.

### **Careers Advisory Board**

The Careers Advisory Board provides information on careers, and all students have the opportunity to discuss careers open to them.

For final year students assistance is given in finding employment. Interviews are arranged on campus with potential employers; liaison with the Professional Employment Office is maintained for job placement; information on employers and job-seeking techniques is distributed and information on postgraduate vocational courses is available.

A career newsletter "Options" is sent to students, discussing topics as they affect particular faculties, and an annual survey of the first destination of graduates is carried out. Careers literature and employer leaflets are available in the Careers and Counselling Centre which is located on the ground floor of the Horace Lamb Building.

### **Computing Centre**

The Computing Centre was established as a separate department in 1969, although computing facilities had been available since the early 1960's.

The Centre offers computing and related services to the University and some other bodies. Its facilities can be used by all sections of the University, including research, teaching and administrative staff. It operates several computers, and also offers a variety of advisory and ancillary services. It produces a range of general and technical literature, which is available on request.

Prospective users are invited to contact the Director of the Centre, except that students should in general seek advice from relevant teaching departments. Education in computer-related subjects is the concern of the Computing Science and other Departments, although the Centre does offer limited training courses where necessary.

### **Health Service**

In 1946 the Health Service was established in response to an outbreak of pulmonary tuberculosis amongst medical students, thus becoming the first Australian University to initiate a Health Service.

Such was the concern that it became University policy for students in their first full-time year to attend for a medical examination, chest X-ray and Mantoux test. The requirement for chest X-ray ceased in 1980.

In 1970 there was established the post of Senior Lecturer in Psychiatry with Consultant responsibilities in the Health Service.

Over the years, Staff at the Health Service have developed particular skills for accommodating the health care requirements of students, especially those from the country and overseas.

The first-year "medical" has evolved to be a "holistic" assessment with a view to the detection of potential problems and initiating remedial action.

Other services include immunisation, tuberculosis screening, contraception, acute casualty treatment, sports medicine and worker's compensation injuries.

A weekly clinic is held at the Waite Agricultural Research Institute.

First aid and safety issues involve Health Service medical staff. The Director is responsible for the medical programme at the Centre for Physical Health.

The Health Service is located on the ground floor of the Horace Lamb Building and is open from 9 a.m. to 5.00 p.m.

## **Language Laboratory**

The Language Laboratory was installed in 1965 to provide audio-lingual and audio-visual practice facilities for language students. Since its installation the equipment has been expanded and up-dated.

During the day it is used by University students enrolled for courses in the departments of French, German, Chinese, Japanese and Italian. They either meet as a class under the direction of a staff member, or engage in private practice during free access periods. About 400 students are involved.

From 7-9.45 p.m. the laboratories are used by Continuing Education students studying Italian, German, French, Russian, Japanese, Malay-Indonesian, Chinese, Modern Greek and Spanish. Currently about 500 students are enrolled. The Office of Continuing Education also offers intensive courses during vacation times and the Laboratory itself organises a course 'German for Academic Purposes'.

The Language Laboratory provides technical and advisory services. The technical staff is responsible for maintenance, programme production and the duplication of student tapes. The director advises on available courses, assists with the production of special programmes and is engaged in research in teaching methodology and applied linguistics. He also has teaching commitments in the Departments of English, French and Education.

Over the years a large tape library comprising tapes and cassettes has been built up, partly through gifts from various foreign embassies, mainly those of the Federal Republic of Germany and France. It includes recordings of literary works and cultural background materials. A comprehensive catalogue is kept. Tapes are available to staff members for use in classes and tutorials, and to students for use in the laboratory. For most tapes scripts are available. The acquisition of some high speed tape duplicating facilities has resulted in a home borrowing scheme both for language tapes and literary tapes.

The Laboratory also has a comprehensive selection of slides which can be borrowed by staff for lectures and tutorials. A catalogue of slides is available.

Staff members are reminded that the Language Laboratory has a number of language courses at various levels of difficulty, which can be borrowed. Some of these would be suitable for reviving forgotten language skills, others offer a linguistic 'survival kit' for beginners. No charge is made, but a deposit is required.

## **Service Departments and Divisions**

### **Student Counselling Service**

The Counselling Service aims to assist students at all levels with their problems, and to foster their personal growth, thereby enabling them to gain maximum benefit from university life. The major service offered is individual counselling for emotional, personal, interpersonal, career, or study problems. Short and long term psychotherapy are undertaken at the request of more disturbed students. Groups are conducted to foster discussion, socialising, communication and personal development. Other services, including tutoring in English expression, are set out in a brochure which is widely distributed. The service is available also to members of staff, parents of students and prospective students.

Counselling is based on the premise that resources and responsibility for decision, change and personality growth, lie within the individual. The counsellor engages in a shared effort to develop the individual's capacities. Solutions are not prescribed but opportunity is provided for discussion in which the individual is encouraged and helped to see his difficulty more clearly, to resolve uncertainty, to reach decisions of his own, and more generally to gain insight into his own motivation, to increase his self awareness and to further his personal development. Independence and capacity to solve future problems are encouraged at the same time as present concerns are dealt with.

The Service is located in the Horace Lamb Building on the ground floor level. Three student counsellors are available from 9 to 5, generally at short notice. Ongoing groups are held during the lunch period and where possible, during vacations. For further details a brochure can be obtained from the receptionist at the Service. Telephone 228 5333, ext. 5098 and 5663.

For the convenience of students, the services of a Justice of the Peace are available, by appointment.

The scholarship may be awarded to the son or daughter of a Freemason, or a present Freemason, and is available to enable such a student to undertake a Bachelor's degree course in the University of Adelaide.

Full details of eligibility, and of conditions of award, may be obtained from the Secretary to the Lodge of St. Alban, The Freemason's Hall, North Terrace, Adelaide, 5000.

### **The Eric Smith Bursary**

Whereas in the year 1879 the South Australian Commercial Travellers' and Warehousemen's Association Incorporated (later known as the Commercial Travellers' Association of South Australia (Incorporated)) paid to the University a sum equivalent to \$300 for the purpose of establishing the scholarship hitherto known as "The Commercial Travellers Association Scholarship", and whereas, through the liberality of Sir Edwin Smith, the Association has been enabled to pay to the University the further sum of \$1,000 for the purpose of extending the benefits conferred by the scholarship, and has requested the University to change the name of the scholarship to The Eric Smith Scholarship, in memory of Lieutenant Eric Wilkes Smith, a grandson of Sir Edwin, who was mortally wounded in the attack upon the Dardanelles on 25 April, 1915, and has further requested that from 1967 the scholarship be converted to a bursary, the following rules are hereby made:

Each instalment shall be paid early in the respective term provided that payment for the second and third terms of any year shall not be made unless the bursar is continuing with his studies and is showing diligence satisfactory to the Dean of his Faculty.
4. The bursar shall be in all respects subject to the discipline and to the statutes and regulations for the time being of the University.
5. Save by permission of the Council of the University, the bursar shall not retain the bursary for a longer period than that reasonably required in the opinion of the Council for proceeding to the degree in the course selected.
6. The Association may at any time, with the permission of the Council of the University, substitute another student for the then holder of the bursary, and the privileges of the then holder shall thereupon be at an end.

### The United Nations Prize

In 1923 the late Tom Elder Barr Smith gave to the University the sum of \$200 to found an annual prize for an essay on a subject connected with the work of the League of Nations; and until 1945 the prize was so offered for competition.

1. There shall be two scholarships, to be known as "The J. E. Jenkins Scholarships".
2. The annual value of each scholarship shall be determined by the Council on the recommendation of the Scholarships Committee, but will not exceed \$570 (*or* half the income derived during the preceding calendar year from the investment of the said sum of \$17,590).
3. One such scholarship shall be tenable by a man and the other by a woman; and during each academic year of tenure a scholarship holder shall reside at one of the Colleges affiliated with the University.

11. Any income from the bequest not expended at the end of any year shall be added to the capital of the bequest.
12. These rules may be changed by the Council from time to time..

### **The John L. Young Scholarship for Research**

This scholarship was founded in memory of the late John Lorenzo Young, and is awarded to enable the recipient to carry out research in any branch of knowledge.

1. The said sum of \$2,000 (increased in 1966 by capitalisation of accumulated income to \$3,000) shall constitute the foundation fund of a scholarship to be called "The John L. Young Scholarship".

2. (a) Provided that there is a candidate of sufficient merit the scholarship shall be awarded annually to a candidate qualified and about to proceed to the final-year work for an Honours degree in a subject in one of the following groups of disciplines in rotation, beginning with the award for the year 1967:

Social Sciences and Humanities

Biological, Agricultural and Medical Sciences.

(b) To be eligible for the scholarship a candidate must have completed all the pre-requisite work prescribed for admission to the final year for the Honours degree to which he intends to proceed.

3. Nominations for the scholarship will be made by Heads/Chairmen of Departments. The scholarship will be awarded by the Council on the recommendation of the Scholarships Committee from amongst the eligible candidates in the relevant group of disciplines.

4. The value of the award will be determined by the Council on the recommendation of the Scholarships Committee, but will not exceed \$225 (or the income derived during the preceding calendar year from the investment of the said sum of \$3,000). Payment of the annual value of the scholarship shall be in three equal instalments, one at the beginning of each term in the year in which the scholar undertakes the final-year work for the Honours degree. The payments for the second and third terms shall be subject to receipt by the Registrar of a report from the Head/Chairman of the Department concerned that the scholar's work and progress during the preceding term have been satisfactory.

5. If no award of the scholarship for any year be made the value of the scholarship for that year shall be added to the foundation fund referred to in clause 1 above.

6. These clauses may be varied from time to time in any manner not inconsistent with the objectives for which the fund was provided.

### **The J. R. Barker Scholarships**

Whereas the late John Robert Barker has bequeathed to the University a sum of about \$25,000 for the establishment of awards "for research in connection with primary production in South Australia (more particularly in the livestock and wool industries)", the following rules are hereby made:

1. There shall be scholarships, to be known as "The J. R. Barker Scholarships", available for award annually.

## **Scholarships and Prizes in different Faculties**

2. The number of scholarships and the annual value of each scholarship shall be determined by the Council on the recommendation of the Executive Committee, but the aggregate value of the scholarships awarded shall not exceed \$1,400 and the value of any one scholarship shall not exceed \$700.
3. A scholarship shall be tenable within the University, for a period of one year.
4. A scholarship may be awarded to a full-time student who either:
  - (a) is enrolled for an Honours degree, or
  - (b) if the student does not have an Honours degree or its equivalent, is enrolled for the first or preliminary year of a Master's degree.
5. Scholarships shall be awarded by the Council on the recommendation of the Executive Committee. In making a recommendation the Deans shall take into account the proposed subject of research, the academic suitability of the candidate, and the amount of any other scholarship or award which the candidate may hold.
6. Graduates of other universities will be eligible to apply for a scholarship.
7. If the aggregate value of the scholarships awarded in any one year is less than \$1,400 the balance shall be added to the capital of the bequest. Any other income unexpended at the end of any year shall, likewise, be added to the capital.
8. Applications in writing shall be lodged with the Registrar before 31 January in any year.
9. These rules may be varied by the Council from time to time, but the title and purpose of the scholarship shall not be changed.

### **The A. R. Riddle Scholarships**

The late Arthur R. Riddle having bequeathed to the University the sum of \$67,700 for the purpose of providing for one or more scholars at the University, such scholars to "comprise earnest boys and girls of undoubted native ability but whose ability would probably remain latent but for financial assistance", the following rules are hereby made:

1. The scholarships shall be known as "The A. R. Riddle Scholarships".
2. The annual value of each scholarship shall be determined by the Council on the recommendation of the Scholarships Committee.
3. The scholarships shall be available for those undertaking the Honours year for the degree of Bachelor and who can establish financial need.

## **POSTGRADUATE SCHOLARSHIPS AND AWARDS**

All the information which the University has about scholarships, travel grants and other awards is placed, as soon as possible after it has been received, on notice boards in the foyer of the Mitchell Building (the main Administration Building). The University also has available two leaflets listing major awards tenable in Australia and overseas respectively; copies may be obtained on application to the Office of the Registrar.

### **A. TENABLE WITHIN THE UNIVERSITY**

#### **The Baillieu Research Scholarships**

Whereas the University has received a sum of money under the provisions of the Repatriation Fund (Baillieu Gift) Act, 1937, for the purpose of establishing and maintaining in perpetuity within the University a scholarship or scholarships, the following rules are hereby made:

1. Two scholarships, to be known as "The Baillieu Research Scholarships", shall be available annually.
2. The value of each scholarship shall be \$400 a year, or such other sum as the Council may from time to time determine, and shall be paid to the scholar in three equal instalments, one at the beginning of each term.
3. Each scholarship shall be tenable for one year in the first instance, but may be renewed for a second year and, in exceptional cases, for a third year, but not longer.
4. Any graduate of the University who desires to conduct within the University postgraduate research in medicine, law, commerce, economics or architecture, and whose research proposals are satisfactory to the Head/Chairman of the Department concerned, shall be eligible for a scholarship.
5. Where a candidate, eligible under rule 4, is the lineal descendant of an Australian soldier, sailor or airman who, as the result of an occurrence happening during the period he was a member of the forces, has died or has been blinded or has been permanently and totally incapacitated, he shall be awarded a scholarship without regard to the merits of other candidates.

For the purposes of this rule:

- (a) a member of the forces shall be deemed to have been blinded if his eyesight is so defective that he has no useful sight; and
  - (b) a member of the forces shall be deemed to have been permanently and totally incapacitated if he has been incapacitated for life to such an extent as to be precluded from earning other than a negligible proportion of a living wage.
6. Every application for an award—including, in the case of a scholarship holder, any application for renewal—must be made through the Head/Chairman of the candidate's Department, and should reach the Registrar by 31 October. It should include full details of the proposed research and of the arrangements made or to be made for carrying it out.
  7. All awards shall be made by the Council, on the recommendation of the Research and Publications Committee. If at any time there are more recommendations than available scholarships, the Council shall choose between the recommended candidates.
  8. If in any year a scholarship is not awarded, such scholarship may be awarded as an additional scholarship in any subsequent year.

#### **Commonwealth Postgraduate Research Awards.**

The Australian Department of Education provides each year a number of awards for postgraduate research in any faculty.

The basic stipend attached to an award is \$7,330 a year. Special allowances may be granted for dependent children, transfer from interstate and production of a thesis, and an incidentals allowance of \$100 a year is paid to all award holders. The award holder is required to pay the Statutory Fee for membership of the University Union. A graduate from another university may also be required to pay an Entrance Fee of \$30 unless he paid a corresponding fee in his original university.

## **Postgraduate Scholarships and Awards**

To be eligible for an award, a candidate must be permanently resident in Australia and must have qualified for a good Honours degree; or be about to take his final honours examination. A student may apply for an award in more than one university provided that the student lodges a separate application with each university concerned. The student should consult the relevant Head/Chairman of Department in each such university about the proposed field of study before lodging the application with that university.

An award is initially granted for one year from the date of beginning study under it. Thereafter, subject to satisfactory progress, it is renewable for a second year in the case of a candidate for a degree of Master and for a second and third year in the case of a candidate for the degree of Ph.D. In exceptional circumstances an award may be extended into a fourth year for a Ph.D. candidate.

Applications, on the prescribed form which is obtainable from the Registrar's Office, close with the Registrar on the last day of October in each year.

### **Commonwealth Postgraduate Course Awards.**

The Commonwealth Department of Education introduced in 1971 a scheme of awards for postgraduate study by course work. Information about eligible courses is available on request to the Registrar (or Academic Registrar, as the case may be) of any Australian university. The courses for the degrees of M.Ag.(in Pest Management), M.B.A. and M.L.S., M.D.S., M.Ed., M.Env.St., and M.Eng.Sc. are eligible courses at the University of Adelaide.

Benefits and conditions are similar to those of Commonwealth Postgraduate Research Awards. Tenure of an award normally begins with the academic year and is granted for the minimum length of time required to complete the course for which the award is made provided that it does not exceed two years.

Applications on the prescribed form close with the Registrar on the last day of September in each year.

### **The William Culross Prize for Scientific Research.**

In 1952 the late Mrs. Gertrude Culross bequeathed to the University the sum of \$500 for the purpose of providing an annual prize for scientific research. Over the years the prize, though of small monetary value, acquired high prestige, and in 1971 the Research and Publications Committee decided to supplement the income from the bequest to the extent necessary to provide three prizes, each of the value of \$100 a year.

The following rules now govern the awards:

1. Each prize shall be called "A William Culross Prize for Scientific Research".
2. The value of each prize shall be \$100 and shall be paid to the prizewinner in one sum.
3. A prize shall be available each year for competition in each of the following fields of science within the University:

Group I: The biological sciences.

Group II: The mathematical and physical sciences and engineering.

Group III: The sciences studied at the Waite Agricultural Research Institute.

4. To be eligible for consideration for a prize an applicant must (a) have been registered as a full-time candidate for a higher degree in science or engineering in the University of Adelaide for at least one year and (b) have been awarded such higher degree during the calendar year of competition.

5. Subject to rule 6 a prize shall be awarded to the candidate deemed, by reason of the thesis submitted, to have most distinguished himself in that year in scientific research in the relevant group as listed in rule 3. Awards shall be made by the Council on the advice of the Executive Committee.

6. If in any year no candidate in any group is considered by the Executive Committee to be of sufficient merit the prize for that group shall lapse for that year.

### **The George Fraser Scholarship.**

Whereas the late Constance Fraser has made a bequest to the University for the purpose of establishing and maintaining a scholarship, the following rules are hereby made:

1. There shall be a scholarship to be known as "The George Fraser Scholarship", for candidates intending to proceed to a research degree of the University of Adelaide. Applications will be received from both Australian and overseas candidates.
2. Until the Council decides otherwise, the annual value of the living allowance provided by the scholarship shall be \$200 greater than the living allowance provided by a Commonwealth Postgraduate Research Award and the scholarship will also provide such other allowances, with the same value, as those provided by a Commonwealth Postgraduate Research Award.
3. The scholarship shall be tenable within the University for a period of up to two years for a degree of Master or up to three years for the degree of Ph.D. Payments for a second and third year will be contingent upon receipt by the Registrar, from the scholar's supervisor and Head/Chairman of the Department in which he is studying, of a satisfactory report on his work during the preceding year.
4. A newly-elected scholar will enter upon his scholarship when the previous scholarship terminates, or as soon as practicable thereafter.
5. When a vacancy occurs the Executive Committee shall, in the year preceding that for which a new scholarship is to be offered, recommend a new scholar from those who have applied for Commonwealth Postgraduate Research Awards and Postgraduate Scholarships under the University Research Grant.
6. The scholarship shall be awarded by the Council on the recommendation of the Executive Committee to the applicant of highest academic qualifications, provided that such an applicant is deemed of sufficient merit.
7. The holder of a George Fraser Scholarship shall submit to the Registrar, at the end of each year of tenure, a report on the work he has done during that year.
8. These rules may be varied from time to time, but the title of the scholarship shall not be altered.

### **C.S.I.R.O. Postgraduate Studentships**

Up to 1975 the Commonwealth Scientific and Industrial Research Organization awarded each year a number of studentships to high quality Honours graduates for study and research leading to the degree of Ph.D. in an Australian university. No new scholarships were awarded for 1976-1978 while the scheme was under review. Future scholarships will be available to undertake study in fields of specific interest to C.S.I.R.O.

A studentship is awarded initially for two years. It may be renewed for a third year, and in approved circumstances for part of a fourth year. Awards carry a living allowance and provide for the reimbursement of all compulsory fees and assistance with thesis costs.

### **The Constance Finlayson Scholarship**

The Council of St. Ann's College awards this scholarship annually to an outstanding student in first year at the University of Adelaide who will reside in the College. The applicant's Matriculation results are the main criteria for selection. The scholarship is tenable initially for one year but may be renewed for a second year at the Council's discretion; the successful candidate will be granted a rebate on College fees to the extent of \$1,500 a year or such sum as the Council from time to time determine.

Application Forms may be obtained from the Principal, St. Ann's College Inc., 187 Brougham Place, North Adelaide, S.A. 5006, Telephone 267 1478, and should be submitted by 31 January each year.

## Postgraduate Scholarships and Awards

### The Doris Simpson Scholarship

The Council of St. Ann's College awards this scholarship annually to a continuing full-time student at the University of Adelaide who will reside in the College. The main criterion for selection is academic merit.

The scholarship is tenable for one year and the successful candidate will be granted a rebate on College fees to the extent of \$1,500 a year or such sum as the Council may from time to time determine.

Application Forms may be obtained from the Principal, St. Ann's College Inc., 187 Brougham Place, North Adelaide, S.A. 5006, Telephone 267 1478, and should be submitted by 31 January each year.

### The David Murray Scholarships

These scholarships, of the value of \$100 each, were founded by the late David Murray, a former member of the Council of the University.

For conditions, see Statutes, Chapter XXXI.

#### Arts

In order to assist students who intend to undertake work of an advanced character a David Murray Scholarship will be awarded on the result of the examination for the Honours degree of Bachelor of Arts, in Anthropology, Classical Studies, Greek and/or Latin, or Mathematics or Philosophy to a candidate whose work is considered to be of sufficient merit.

#### Law

A David Murray Scholarship of \$100 will be awarded each year to a candidate for the Honours degree of Bachelor of Laws who has maintained a consistently high standard in his work throughout the course, and has demonstrated his ability to undertake advanced work and original investigation.

#### Medicine

Facilities for higher work will be offered to any graduate or undergraduate who desires to pursue a subject of research. A scholarship of the value of \$100 may be awarded every year for such work, provided it is of high quality. Undergraduates of not less than three years' standing and graduates of not more than two years' standing will be eligible to compete.

#### Mathematical Sciences and Science

For Rules of David Murray Scholarships in Mathematic Sciences or Science, *see* under Scholarships and Prizes in the Faculty concerned.

### The University Research Grant

The University Research Grant serves two purposes: to enable suitable young graduates to be trained in the principles and methods of original research and to promote research itself. The grant therefore provides for the support of both trainee and qualified research workers and for the purchase of maintenance materials and costs associated with travel, and for other expenses associated with the prosecution of approved research projects. Except as specifically provided otherwise below, all awards under the grant are made on an annual basis.

#### University of Adelaide Scholarships for Postgraduate Research

A *Postgraduate Scholarship* may be awarded to a graduate with a good Honours degree, or the equivalent, to proceed to a Master's or a Ph.D. degree. A potential candidate for a scholarship should consult the Head/Chairman of the Department in which it is proposed to undertake postgraduate studies, in *August or September* as applications for scholar-

ships from applicants resident in Australia must be lodged with the Registrar by the end of October. Overseas candidates must lodge their applications by the end of September.

The grant also makes provision for distinguished scholars to be invited to the University as *Visiting Professors*. The minimum period which a Visiting Professor must agree to spend in Adelaide is 28 days.

Scholarships and fellowships are open to graduates of other Australian and overseas universities, and an enquirer should supply a full statement of his academic record and of the field in which he would like to work so that the University may determine whether he is eligible for detailed consideration. Overseas candidates for postgraduate scholarships are expected to hold qualifications equivalent to a first class Honours degree of an Australian university, and local candidates are required to hold, or attain, a good class IIA Honours degree.

### B. POSTGRADUATE AWARDS TENABLE OVERSEAS

#### **British Commonwealth Scholarship and Fellowship Plan**

Each year a number of awards are made under this plan to Australian graduates for postgraduate work in the universities of the following member countries of the British Commonwealth of Nations: Canada, Sri Lanka, Ghana, Hong Kong, India, Jamaica, Malaysia, New Zealand, Nigeria, the United Kingdom, and Trinidad and Tobago.

Scholarships are normally tenable for a programme of study or research leading to a university degree or similar qualification; for some countries applications are also considered from postdoctoral candidates. The emoluments are intended to cover expenses of travel, living and study during the period of tenure. (The personal maintenance allowance in the United Kingdom, e.g., is at the rate of £280 a month.) Scholars are expected to return to Australia on completion of tenure.

Applications for awards tenable in the various countries close at different times during the year; they must be submitted, on seven copies of the prescribed form, to the Registrar of the university of graduation.

#### **1851 Exhibition and Rutherford Scholarships**

The Royal Commissioners for the Exhibition of 1851 offer annually ten scholarships, and the Royal Society offers one known as the Rutherford Scholarship, for graduates in pure or applied science of universities within the British Commonwealth. Each scholarship is worth about £3,560 a year, is tenable for two or three years, and must be held in a country other than the scholar's country of graduation. Applicants should be under 26 years of age on 1 May of the year of application.

Application forms and more detailed information may be had on request to the Registrar's Office, where applications (on the prescribed form) must be lodged in early February.

#### **The Gowrie Scholarship Trust Fund**

The Gowrie Scholarship Trust Fund offers annually one or two postgraduate research scholarships each of the value of up to \$3,500 a year, tenable for two years at a university or other approved institution either in Australia or overseas.

Applications for the research scholarships close with the Registrar on 31 October each year; a duplicate copy of each application is to be forwarded to the trustees.

Further particulars may be had on application at the Office of the Registrar.

#### **Graduate Awards for Women**

The International Federation of University Women (I.F.U.W.) and the American Association of University Women (A.A.U.W.) offer annually a number of fellowships and

## Postgraduate Scholarships and Awards

grants for postgraduate research or study overseas. The I.F.U.W. Awards and some of the A.A.U.W. Fellowships are open only to members of the I.F.U.W. In Australia, members of the State Associations of University Women are automatically members of the Australian Federation of University Women (A.F.U.W.) and of the I.F.U.W. Awards offered by the I.F.U.W. and the A.A.U.W. are advertised each year by the A.F.U.W. and within the universities. The advertisements include addresses to which enquiries should be made.

### The George Murray Scholarships

Enabled to do so by the bequests (amounting to about \$280,000) of the late Sir George Murray, K.C.M.G., Chancellor of the University from 1916 to 1942, and of his sister, the late Miss Margaret Tinline Murray, the Council has established a number of scholarships and made the following rules relating to them:

1. The scholarships shall be known as "George Murray Scholarships".
2. The purpose of the scholarships is to enable graduates of the University of Adelaide to undertake further study or research in approved universities or other institutions outside the Commonwealth of Australia.
3. Until otherwise determined by the Council the number of scholarships available for award in each year shall be four.
4. (a) There shall be two categories of awards, the minimum qualifications for award in each category being as follows:

#### Category A

The degree of Ph.D.: provided that a candidate who expects to submit his thesis for the degree of Ph.D. by 31 July in the year for which the award is sought shall be eligible to apply in this category.

#### Category B

An Honours degree, or other qualifications judged by the University to be equivalent, in Arts, Economics, Science, Agricultural Science, Engineering, Law, Mathematical Sciences, Medical Science, Music, Architecture, or Applied Science; the degrees of M.B., B.S., followed by at least one year of hospital practice or research; the Honours degree of B.D.S., or the degree of B.D.S. followed by at least one year's postgraduate study; a Master's degree.

(b) There shall not be more than two new Category A awards in any one year.

5. The normal period of tenure of a Category A award shall be one year only, and the award will not be renewed for a second year except in very special circumstances. The normal period of tenure for a Category B award shall be two years, with the possibility of an extension for a third year only to enable the scholar to complete a course of study which has been approved.

6. (a) Until the Council decides otherwise, and subject to clause (d) below, the value of the scholarship will be:

In Category A:

Tenable at a University in the United Kingdom: 95% of the basic stipend of the holder of a C.S.I.R.O. Postdoctoral Studentship tenable in England.

In Category B:

Tenable at a University in the United Kingdom: 95% of the value of a U.K. Award under the C.S. & F.P. In addition, a Category B award will carry the cost of approved compulsory University fees.

At Universities other than those in the United Kingdom the values will be as recommended by the Executive Committee at an amount not greater than the value of an award tenable in the United Kingdom.

(b) The attention of candidates is drawn to the George Murray Overseas Travel Grants, the rules for which are published immediately after these rules.

(c) A scholar may hold, concurrently with his George Murray Scholarship, any grant for travel purposes only.

(d) A scholar who obtains any other award (whether it be scholarship, fellowship, salary, living allowance, or other emolument) shall at once inform the Registrar. He will normally be required to retain such other award; and subject to the approval of the Council the Executive Committee, after considering all the circumstances, will decide what adjustment shall be made in the annual value of his George Murray Scholarship.

(e) One quarter of the annual value of each scholarship will be paid to the scholar before his departure from Australia. Thereafter, for the period of tenure of the scholarship, payments will be made in equal quarterly instalments in advance.

Approved university fees in the case of Category B awards will normally be paid, on receipt by the Registrar of an appropriate account, direct to the overseas university concerned.

(f) Payment of a Category B award for the second year will be contingent upon receipt by the Registrar, from the candidate's supervisor or from the Head/Chairman of the Department in which he is studying, of a satisfactory report on his work during the preceding year.

7. (a) Applications must be lodged with the Registrar not later than 31 October in the year preceding that for which the award is sought.

(b) Every candidate should consult the Head/Chairman of his Department in advance and should state in his application his proposed field of study and the university or other institution in which he desires to work.

(c) Confirmation of the award of a George Murray Scholarship will be dependent upon the scholar's giving evidence that he has been accepted by the university or other institution concerned and that he is able to make suitable arrangements to proceed there.

(d) Application for extension of tenure of a scholarship for a second year in Category A or for a third year in Category B must be made in writing to the Registrar *before payment of the final quarterly instalment under the original award is due to be made*; and the application shall include a statement of the grounds on which the extension is sought together with a recommendation from the candidate's supervisor or Head/Chairman of Department.

8. Awards will be made by the Council on the recommendation of the Executive Committee which will base its assessment of applicants primarily on their undergraduate achievements.

9. The holder of a George Murray Scholarship shall submit to the Registrar, at the end of each year of tenure, a report on the work he has done during that year.

**NOTE:** When a scholarship is to be held at a university other than in the United Kingdom the value of the scholarship shall be expressed in the local currency and it shall not, during the period of tenure, fall below the value contained in the letter of offer. The value of scholarships held outside the United Kingdom shall be reviewed annually by the Executive Member for Scholarships when applications for extensions into a second and third year of tenure are under consideration.

## **The George Murray Overseas Travel Grants**

1. The Council may award each year a number of Overseas Travel Grants for the purpose of facilitating overseas postgraduate study or research by graduates of the University of Adelaide. The number of such grants that may be made in any year shall be determined in the light of the money available from the income of the George Murray Bequest after provision has been made for the George Murray Scholarships tenable during part or the whole of that year; but a grant shall not be made unless the applicant be deemed of sufficient merit and in need of assistance towards travel.

2. An applicant for a Travel Grant must have been accepted for further study or research in a university or other institution outside the Commonwealth of Australia; and the proposed course of study or research and the university or other institution in which it is to be undertaken shall, for the purpose of these grants, be subject to approval by the

3. Applications for grants shall be made to the Registrar on the prescribed form not later than 15 May in any year.

4. 5. In making its recommendation to the Council the Executive Committee will base its assessment of applicants primarily on their academic achievements but that, in the event of candidates being regarded as equal, preference will be given to the candidate who is proceeding to study overseas for the first time.

6. A grant holder may apply for a similar grant for the return journey to Australia. Any such application will be considered in the light of finance available from the George Murray Bequest, and to be eligible for consideration the candidate shall:

The grants are available to persons in the following three categories:

(a) Senior awards, i.e. generally members of the academic staff who intend to pursue research or give lectures at American universities for at least three months;

### The Rhodes Scholarship

#### General Regulations

A Rhodes Scholarship is tenable at the University of Oxford. After election, a successful candidate has to be found a place in an Oxford College; there is no guarantee of a place and the award of the Scholarship is not confirmed by the Rhodes Trustees until the

Scholar-elect has been accepted for admission by an Oxford College. Appointments are made for two years in the first instance.

A Rhodes Scholar receives a personal allowance fixed from time to time by the Trust. In 1982-83 the allowance was £3,480 a year. In addition, all fees are paid by the Trust direct to the College.

Tenure of other awards in conjunction with a Rhodes Scholarship is not permitted without prior consultation with the Secretary of the Trust in Oxford.

The Rhodes Trust will assist successful candidates with their travelling expenses to the United Kingdom. Scholars should write to the Warden of Rhodes House after their election stating how they intend to travel to Oxford.

### Conditions of Eligibility

Candidates must:

1. be of an age that they will have passed their nineteenth and not passed their twenty-fifth birthday by 1 October, 1985;
2. be Australian citizens, and available for interview in Australia at the time of selection;
3. have achieved academic training in a degree-awarding body in Australia sufficiently advanced to assure completion of a Bachelor's degree (preferably an Honours degree or the equivalent) by October. (Medical students who will have completed at least three years of the medical course by October 1985 may also be considered. The number of places available in medical courses in Oxford is, however, very limited. Medical candidates should consult the Secretary of the Selection Committee before lodging an application.)
4. be unmarried; a Rhodes Scholarship is forfeited by marriage after election or during a Scholar's first year of residence in Oxford.

(Permission to marry without deprivation of the Scholarship may be given by the Rhodes Trustees during a Scholar's second or third year.)

### Basis of Selection

In making nominations, the Selection Committee will have regard to those qualities which Cecil Rhodes listed in that section of his Will in which he attempted to define the type of Scholar he was seeking: literary and scholastic attainments; fondness of and success in outdoor sports; qualities of truth, courage, devotion to duty, sympathy for and protection of the weak, kindness, unselfishness and fellowship; exhibition of moral force of character and instincts to lead and take an interest in one's contemporaries.

### Method of Application

Candidates are required to make application to the Secretary of the Committee of Selection of the State in which they wish to compete, using the prescribed application form. The closing date is normally 1 September in each year.

Detailed information and forms of application may be obtained from the Secretary to the Rhodes Scholarship Selection Committee for South Australia, Waite Agricultural Research Institute, Glen Osmond, S.A. 5064.

### Shell Postgraduate Scholarships

The Shell Company of Australia offers annually one scholarship for postgraduate study in science-type disciplines and one for postgraduate study in arts-type disciplines.

The scholarships are tenable at Oxford, Cambridge, London or such other university in the United Kingdom as may be justified by the specialist nature of the studies. Tenure is normally granted for a period of two years but may be extended into a third year in special circumstances. Each scholarship provides adequate funds to meet living costs, university tuition and materials and other university charges and the cost of a return passage to the United Kingdom.

## **Postgraduate Scholarships and Awards**

Candidates should be graduates under 25 years of age who have qualified for a first-class Honours degree of Bachelor in an Australian university. Candidates for a science-type scholarship should preferably have had at least one year's experience in research. Consideration is given both to academic ability and to achievements or distinctions which indicate that a candidate may ultimately have an important contribution to make to the community outside the purely academic field.

Applications, on the prescribed form which may be obtained from the Registrar's Office, close with the Company in September.

### **British Overseas Civil Service Appointments**

The Australian universities help in the appointment of graduates or others in the British Overseas Civil Service. The appointments are made in London but there are State Advisory Committees and a Central Committee of the Australian universities.

The main fields in which there may be opportunities of employment are administration; medical services; appointments in agriculture, education, police, surveying, geology and finance.

Further particulars may be obtained from Mr. M. C. Kerby, Careers Advisory Board, The University of Adelaide.

## MISCELLANEOUS FORMS OF FINANCIAL ASSISTANCE

### Tertiary Education Assistance Scheme

#### GENERAL

The Tertiary Education Assistance Scheme is administered under the Student Assistance Act 1973 and its accompanying regulations.

The Tertiary Assistance Scheme is intended to assist Australian students in approved courses at universities, colleges of advanced education, technical colleges and other approved tertiary institutions.

In general assistance under this scheme is available:

- (a) for full-time study only in approved courses;
- (b) subject to a means test;
- (c) on a non-competitive basis;
- (d) without age restrictions;
- (e) subject to certain conditions of eligibility including satisfactory progress in an approved course.

A student's eligibility under this scheme must be re-assessed each year.

#### BENEFITS

Assistance under the Tertiary Education Assistance Scheme may include:

- (a) payment of tuition fees;
- (b) living allowance;
- (c) incidentals allowance;
- (d) allowance for a dependent spouse and/or child;
- (e) fares allowance.

All benefits are subject to a means test.

#### Rates of benefits in 1984

##### (i) Living allowance

Ordinary students i.e. students who do not meet one of the criteria for independent status.

(a) **At home rate:** For students living with parents while attending courses the maximum rate payable is \$1,837 per annum.

(b) **Living away from home rate:** Where students live away from home to attend courses the maximum rate is \$2,982 per annum. The latter rate is payable to students who:

- (i) must live away from home to meet the compulsory residence requirements of their course;
- (ii) because of distance and time involved in daily travel must live away from home in order to attend the institution of their choice;
- (iii) must live away from home because of difficulties at home which would have an adverse effect on their studies.

(Students no longer qualify for allowance at the living-away-from-home rate on the ground of being 21 years of age and choosing to live away from their parents' permanent home. (This condition applied only prior to 1 January 1982.) The exception is students who have previously had an allowance determined on the basis that they were 21 years of age and chose to live away from home. Under phasing-out arrangements these students may continue to qualify on the same grounds after 1981 subject to continuing to comply with other normal requirements.)

(c) **An additional allowance** of \$5.25 per week will be paid to ordinary new students from the date of their first cheque to compensate for the loss of family allowance for the student. Students who were in receipt of T.E.A.S. up to and including 31 December, 1983, will receive the additional \$5.25 per week, from 1 January.

(d) **Independent students:** For independent students the means test is applied to the income of the student, and where appropriate his or her spouse. The maximum rate payable is \$3,255 per annum.

## Miscellaneous Forms of Financial Assistance

Students may be granted independent status where they:

- (i) have reached or will turn 25 years of age in 1984;
- (ii) are orphans or wards of State;
- (iii) are married (or have been married); Participation in a *de facto* relationship does not qualify applicants for independent status. Those granted independent status on this basis prior to 1982 will retain that status. It should be noted that payment of dependent spouse allowance and means testing of spouse income in *de facto* situations will not be affected.);
- (iv) have been full-time in the work force or registered as unemployed and receiving unemployment benefits for a total period of two years in the last five years. (Periods of registration for employment which do not involve receipt of unemployment benefit may be taken into account in determining the two-year period for independent status, provided that students are unemployed and available for full-time work in Australia during the period. This includes the six weeks waiting period for school leavers to receive Unemployment Benefit. Note that under these requirements periods of registration in which applicants are still at school, in full-time study, or in employment which they may wish to change, will not be included.)

### (ii) Incidentals allowance

Students eligible for living allowance will be granted an incidentals allowance which will assist in meeting the costs of fees such as Union and sports fees. Part of this allowance may also assist in meeting expenses associated with the purchase of books and equipment. The allowance is:

- (a) \$100 per annum for students at universities;
- (b) \$70 per annum for students in colleges of advanced education, teachers colleges and similar institutions;
- (c) \$30 per annum for students in technical colleges and similar institutions.

The full incidentals allowance will be paid where a student qualifies for a full or part living allowance.

### (iii) Dependants' allowances

A student who qualifies for a living allowance may also receive an allowance of \$42.70 per week for a spouse who is wholly or substantially dependent. The allowance is on a flat weekly rate and is not payable when the spouse has separate income in any week in excess of \$30, or where the spouse also receives assistance under this scheme, or from another source.

A student who has a child wholly or substantially dependent upon him/her may receive an allowance of \$10 per week for each child under 16 years of age at school or aged between 16 and 25 if the child is a full-time student with no separate income.

### (iv) Fares allowance

Students living away from their normal place of residence in order to undertake their course of study may be reimbursed the cost of three return trips per annum between their home and the institution during vacation periods. This allowance is not intended to cover the cost of daily transport to and from an institution.

## THE MEANS TEST

### (i) Ordinary students

Where the adjusted family income is equal to or less than \$12,983 in the 1982/83 financial year the student will receive the maximum rate of living allowance, that is \$1,837 if he is living at home or \$2,982 per annum if he must live away from home to attend a course. Where the income is above \$12,983 the maximum rate of living allowance will be reduced by \$2.50 for every \$10 of the adjusted family income above \$12,983.

The adjusted family income is assessed by subtracting from the gross income of both parents business expenses and an amount of \$450 for each dependent child other than the student. The means test is relaxed where the student has a brother or sister also enrolled as a full-time student in an approved course of tertiary education.

The student may have income from employment or other sources up to \$2,000 per annum without affecting their entitlement to living allowance. Living allowance is deducted on \$1 for \$1 basis in excess of \$2,000.

The minimum TEAS living allowance rate payable in 1984 will be \$50.

### (ii) Independent students

For independent students the means test is applied to the student's income only, or where married, to his income and that of his spouse in the 1982/83 financial year. A student who is legally separated or has been separated from his spouse for a period of six months is regarded as a single student and will not have his spouse's income taken into account.

(a) **Single students:** The maximum rate of allowance payable is \$3,255 per annum. The student may have income from employment or other sources up to \$2,000 per annum without affecting his living allowance entitlement. Living allowance is reduced by \$1 for every \$2 of income in excess of \$2,000. Within the limit of \$2,000 per annum students may receive up to \$500 from another award. Income from other awards in excess of \$500 is deducted on \$1 for \$1 basis.

(b) **Married students:** A married student will be subject to the same provisions as a single independent student but in addition his spouse may earn up to \$12,983 during the 1982/83 financial year without affecting his living allowance entitlement. Living allowance will be reduced by \$1 for every \$2 by which the spouse's income exceeds \$12,983.

(c) **Single independent students with dependants:** A single independent student with dependants is not subject to the same provisions as a single independent student. He or she may have income of up to \$5,100 per annum without affecting living allowance entitlement. Within the limit of \$5,100 per annum such students may receive up to \$500 from another award. Income from other awards in excess of \$500 is deducted on a \$1 for \$1 basis.

The minimum TEAS living allowance payable in 1984 will be \$300.

## **Miscellaneous Forms of Financial Assistance**

### **Soldiers' Children Education Scheme**

For students to be eligible for assistance under this scheme, they must be children of veterans whose death has been accepted as service-related; who died from causes not service-related but who were receiving, at the time of death, or are subsequently adjudged to have been entitled to receive, certain rates of pension; or who died from causes not service-related but who served in a theatre of war and whose spouses are also deceased. Particulars of educational benefits including a living allowance may be obtained from the Secretary, Soldiers' Children Education Scheme, Department of Veterans' Affairs, 186 Pulteney Street, Adelaide. Tel: 228 2667.

In the case of a student whose education has been supervised by the Soldiers' Children Education Board or any other body approved by the Council and who has qualified for admission to the University, the Council at its discretion may remit all or any of the fees payable to the University.

### **Students' Loan Funds**

On the suggestion of Dr. Leon Jona, who contributed \$200, the Council in 1923 established a loan fund for the benefit of students in temporary financial difficulty. Subsequently, contributions from the University and from individual donors including some of the income from a large bequest in 1968 by the late A. R. Riddle, have been added to the fund.

In addition the Australian Government in 1973 made available to the University a sum of money from which loans, and in exceptional cases grants, may be made to students who, because of financial hardship, are having difficulty in pursuing their studies at the University.

Both funds are administered by a Committee consisting of the Vice-Chancellor, the Registrar and the President of the Students' Association of the University of Adelaide. A student contemplating an application for a loan should consult personally the Education and Welfare Officer of the Union and must then submit to the Registrar a written application.

## SOCIETIES ASSOCIATED WITH THE UNIVERSITY

---

**NOTE:** Enquiries as to the office bearers of all student societies should be made of the Secretary of the University Union.

### **Adelaide University Graduates' Union**

In 1920 the Graduates' Association was formed for the purpose of promoting a spirit of corporate unity amongst members of the University. From this beginning the present Adelaide University Graduates' Union has developed as an association of graduates and diplomates of this and other universities.

#### **The Graduates' Union Aims**

(a) To establish and maintain contact between graduates, between graduates and students, and between graduates and the staff of the University.

(b) To assist the University; by increasing the public's awareness of the many services—cultural, educational and research—provided by the University and in turn by bringing the University's needs before the public and governments, and by gifts and personal service.

The Graduates' Union provides a common meeting ground for all university graduates in the community and to this end membership is extended to graduates and diplomates of other universities. The Graduates' Union is a foundation member of the Australian University Graduate Conference and through this our interest is becoming world-wide. The University is keenly aware of the contribution which is being made by the Graduates' Union and gives it strong encouragement.

#### **Quarterly Newsletter and Gazette**

The A.U.G.U. Quarterly Newsletter and Gazette, is sent to all financial members and gives details of the University functions which graduates may attend. It also includes Council news, departmental news and sports news, articles on research, details of building and other developments and some account of the activities of graduates in different parts of the world.

#### **Membership**

The full annual subscription is \$10 and for graduate members of the University staff the subscription is \$5. (Members of the Australian Federation of University Women—South Australia, may join on payment of an affiliation fee of \$5.) Details may be obtained from the office of the Secretary at the University.

### **Adelaide University Union**

The Union is the main social and cultural centre for University activities not specifically included in the academic syllabus. It endeavours to provide a common ground for staff, graduates and students.

It promotes social, cultural and recreational activities, provides welfare services, represents its members on matters affecting their interests and often provides a useful means of communication between its members and the University.

The affairs of the Union are conducted by a fully elected Council and various committees appointed by the Council: the Activities Council, House Committee, the Finance Committee, the Welfare Committee, and the Planning Committee, the Board of the Adelaide University Union Bookshop Pty. ## Societies Associated with the University

The major associated bodies are the Students' Association, the Postgraduate Students' Association, the Sports Association and the Clubs and Societies Council. Each shares in the income derived from the Statutory fees, but directs its own activities and may administer other subsidiary associations e.g. political societies, sports clubs, etc. Active student participation is encouraged in all Union committees and associated groups.

The Union's Welfare Services include a contact centre covering accommodation service listing available rooms and board, an employment service for both part-time and vacation jobs and a loan referral service, all of which are maintained by the Welfare Co-ordinator and available to any member of the University Community.

The Union buildings contain refectories, a bar, a bistro, a private dining room, a games room (billiards and table tennis), the Little Theatre, cinema, craft studio, gallery for music listening, reading and lounging, squash courts, club offices and meeting rooms. The Union Hall also contains the Cellar Coffee Lounge under the foyer. Meals and refreshments are available from early morning until late evening during term in either the Cellar or the Refectories.

In 1926 the Hon. Sir Josiah Symon, K.C.M.G., K.C., gave \$19,000 to provide the Lady Symon Building for the Women's Union. His objects were to secure a social and academic centre for University women; to encourage their intellectual development and otherwise to foster the growth of a corporate spirit among them.

In 1936 the Hon. Sir George Murray, K.C.M.G., Chancellor of the University, gave \$20,000 for a building for the Men's Union.

The other early Union buildings were provided by gifts through public appeal in 1927, and the Cloisters between the Helen Mayo Refectory and the Lady Symon and George Murray Buildings are a war memorial to the members of the University who served in the 1914-18 War.

A further public appeal launched in 1955 raised over \$200,000 and with a similar contribution by the University, the Union Hall was built and extensions made to the Union buildings, including the Wills Refectory.

The Union in the last few years embarked on an ambitious re-development programme with considerable financial support from the Australian Universities Commission. The Lady Symon wing and the George Murray Wing remain, housing the Union, Sports Association and Student Activities offices and the Student Counselling Service. The Cloisters are retained substantially in their original form.

The Union initiated in 1946 and sponsored until 1962 the University Health Service, the first of its kind in Australia. The service is now housed in the Horace Lamb Building, and its administration was taken over by the University at the beginning of 1963.

In 1969 the Union bought out the W.E.A. Bookroom, now known as the Union Bookshop. In 1970 it was rehoused in the new Union House which in 1975 won a major architectural design award.

### Students' Association of the University of Adelaide

Broadly speaking, the Students' Association (S.A.U.A.) is the political and social constituent body of the University Union (see above) and officially represents all enrolled students. Its budget of about \$100,000 is part of the money paid to the Union in Statutory fees.

It consists of 3 almost autonomous committees, elections for which are held in July and, if necessary, March. All members are entitled to stand for and vote in elections.

The Executive Committee—an administrative and co-ordinating body of 11 (7 directly elected by students, 3 chairmen of committees and a representative of the Clubs and Societies Council). Its chairman is the President of the Association—a full-time paid position from 1976.

The Public Affairs Committee (P.A.C.)—11 directly elected members who create and maintain student awareness concerning social and political issues. As the S.A.U.A. is a constituent of the Australian Union of Students (A.U.S.), the P.A.C. also publicises and implements A.U.S. policies and interests.

The Social Activities Committee (S.A.C.)—9 directly elected members, the elected members, the elected Cultural Affairs Officer and a Clubs and Societies nominee (plus co-opted members where necessary). With the assistance of the part-time Activities Officer, the S.A.C. organises social activities such as Orientation, Prosh, Balls, Live music, etc.

The Media Committee (M.C.)—5 directly elected members who care for the student radio and newspapers. Its specific officers are the paid “On Dit” Editor, Bread and Circuses Editor, Radio Officer and two ordinary members.

All decisions of committees can be overruled by a General Student Meeting or by a Referendum.

The Association Office is on the ground level in the north-eastern corner of the Cloisters in the “Student Activities Office”.

### **Adelaide University Postgraduate Students’ Association**

The Association was granted official recognition by the University Council in 1969. It is one of the major bodies affiliated to, and funded by, the Adelaide University Union. Its objects are generally to represent, and to promote the interests of, postgraduate students in the University. It is represented on the Council of Kathleen Lumley College, the Union Council, and most University committees. It was active in the initial formation and organisation of F.A.P.S.A. (Federation of Australian Postgraduate Student Associations), and maintains close contact, through conferences, etc., with the C.A.P.A. (Council of Australian Postgraduate Associations).

Ordinary membership of the Association includes all graduates proceeding to higher degrees and postgraduate diplomas, final year honours students, and postdoctoral fellows. Members of the academic staff may be elected as Associate members. A representative of the Association may be found in each department of the University. The Association office is on the ground floor of the Lady Symon Building (ext. 5898). The Association is staffed by an Organiser-Recorder.

### **Clubs and Societies Association**

The Clubs and Societies Association (formed in 1971) exists to co-ordinate, administer and encourage the activities of clubs and societies on campus. Its affairs are managed by an executive of eight student executive members. The C.S.A. receives a grant from the Union each year which it distributes to the clubs. Grants are made for club administration, for publishing papers and broadsheets, to subsidise travel to conventions and intersvarsities, for capital items, and for the activities of clubs and societies generally. There are over 85 clubs on campus, and more being formed. Though the C.S.A. is primarily a body for distributing money to clubs, one of its aims is to improve the environment for club activity on campus.

The C.S.A. shares with the S.A.U.A. the Student Activities Office on the ground floor of the George Murray building, at the north-eastern corner of the cloisters. The executive can help with any enquiry about club activities between 1 and 2 p.m. on Monday to Friday during term.

The Sports Association was formed in 1897, and now includes, as amalgamated clubs, lacrosse, boat, tennis, table tennis, athletics, football, cricket, rifle, touch, billiards and snooker, golf, hockey, rugby, soccer, netball, basketball, badminton, judo, squash, fencing, yachting, swimming, mountaineering and canoeing, water skiing, volleyball, women's hockey, snow skiing, surfing, hang-gliding, SCUBA diving, tae kwondo, kung fu, orienteering, car, karate, sailplane gliding, windsurfing, fishing and softball. A women's section in the lacrosse club formed in 1977 is meeting with success.

Its objects include the furtherance of the interests of amateur sport, physical recreational activities and of University life in general, the care and management of the University Oval and other playing fields, and the control of the constituent clubs. Participation in Inter Varsity sport is encouraged and the Association awards Blues to outstanding sportsmen and sportswomen annually.

The management of the Association is vested in a Sports Council, consisting of a President, Deputy-President, Honorary Assistant Treasurer and Honorary Assistant Secretary, one representative appointed by the Council of the University, one representative appointed by the Graduates' Association, four representatives of the Colleges (one appointed by each of St. Mark's, St. Ann's, Aquinas and Lincoln Colleges), a representative of the Centre for Physical Health, the honorary secretary of each amalgamated club, the Registrar and the Secretary of the University Union *ex officio*. The Sports Association Offices are situated in the Lady Symon Building on the ground floor, and provides a secretarial service for all clubs, information on sport and recreation at the university, meeting rooms for Sports clubs. Club lockers are provided in the main meeting room

## **Societies Associated with the University**

(Gerry Portus room) and a sports library is situated in the small meeting room. The office is staffed by a permanent Executive Officer and a stenographer Mondays to Fridays 9.00 a.m. to 5.00 p.m., while the meeting room (now known as the Gerry Portus Room) is available until 10.00 p.m.

Membership is open to graduates of the University of Adelaide, or of any other recognised university, and members of the ancillary staff, on payment of a Sports Association membership fee, and undergraduates of the University of Adelaide, or any person who has taken, or is attending lectures for the purpose of taking a diploma or certificate of the University of Adelaide and who are members of the Adelaide University Union.

Associate membership is also available, on payment of the prescribed fee, to the husband or wife, and children, of full members.

Membership of the Association entitles the member to take part in the activities of any or all of the Associations' constituent clubs. The Association thus provides ample facilities for participating in an important aspect of student life.

The Association also offers a limited range of tennis and squash sports goods for sale as a service to members.

### **University Sports Grounds**

The Adelaide City Corporation leases a total area of about 18 hectares of park lands to the University for use as recreation grounds by students taking part in the activities of the University Sports Association. All the area so leased is in constant use by the various clubs of the Association.

In addition a further 20 hectares has been leased from the Department of Transport at West Beach which provides excellent facilities for team sports.

A boathouse and a pavilion were erected in 1910. Mr. Barr Smith gave \$1,500 for the erection of the boathouse, which in 1963 was extended and modernised by the University Sports Association at a cost of approximately \$16,000, and 12 donors (R. Barr Smith, T. E. Barr Smith, F. J. Fisher, Chas. Goode, John Gordon, R. T. Melrose, C. H. Angas, A. J. Murray, Sir George Murray, S. S. Ralli, T. Scarfe, Sir Ernest Shackelton, C.V.O., and the Right Hon. Sir Samuel Way, Bart.) gave \$200 each towards the erection of the pavilion. Many members of the University and other friends also subscribed to the fund for general purposes.

A footbridge across the River Torrens, provided in 1937 by the Misses Lily and Eva Waite, gives direct access from the University to the recreation grounds.

During 1965 the University pavilion was modernised and extended at a cost of approximately \$4,000 and in 1966 a new pavilion was erected on the Graduates Oval at a cost of \$14,000 and the "Park 9" ground further developed to provide ten lawn tennis courts, three hard tennis courts, a floodlit sports ground, modern athletic facilities and a store room in addition to a pavilion erected in 1961, totalling a cost of approximately \$42,000. In 1970, the University gymnasium was extended to include four squash courts and ancillary facilities at a cost of \$40,000. The courts were opened for play on 1 December, 1970.

The Sports Association also controls, with the Director of the Waite Agricultural Research Institute, a recreation reserve of 6 hectares at Waite Park, Glen Osmond, which caters for rugby, cricket and archery.

Outside the city the Association owns a river-fronted site at Morgan which is used by the Water Ski Club, and an area of land is leased at Lochiel which has been developed as an airfield by the Sailplane Gliding Club.

- (1) to promote the science of anthropology; and
- (2) to take public and official action in the interests of anthropology, as may be deemed desirable.

The Society consists of ordinary members, life members, honorary life members, associate members—students and pensioners. All those interested in anthropology and archaeology are eligible and intending new members may apply to the Secretary or members of the Council.

### **Australian Journal of Experimental Biology and Medical Science**

This Journal was founded in 1924 by the Medical Sciences Club for the purpose of publishing the results of original work in sciences ancillary to medicine. The pioneering work in connection with the establishment of the Journal was done mainly by the late Professor T. Brailsford Robertson, who was also its first editor.

The Journal was financed originally by a grant from the University and from the revenue of the Club, but, as the scope of the Journal extended, further finance became desirable. In 1926 Sir Joseph Verco made a gift to the University "... to be applied to or towards the encouragement of research in the medical sciences and the promotion of education therein within the University by maintaining or supporting the publication of *The Australian Journal of Experimental Biology and Medical Science* or such other journal established or to be established for the same or similar purposes or for the publication of research work in the said sciences in such other manner as the Council may determine..." The University then assumed responsibility for the Journal, the Medical Sciences Club maintaining a general interest in it.

As mentioned above, the first Editor was Professor T. Brailsford Robertson. Editors from 1924 to 1934 included also Sir John B. Cleland, Professor C. Stanton Hicks and Sir Charles J. Martin. Sir Mark Mitchell then served as Editor-in-Chief for 30 years until 1964 when Professor D. Rowley became Editor.

The Journal publishes papers which embody results of original research of an experimental nature in biochemistry, genetics, immunology, experimental medicine and surgery, microbiology, pathology, parasitology, pharmacology, physiology and virology.

With the passage of time the Journal has acquired a fine international reputation for presenting scientific work of high calibre in a concise and well displayed form. Approximately 1200 copies of the Journal are sent to libraries in most countries of the world. With this large number of subscribers the Journal is now financially self-supporting.

Both local and interstate scientists are on the Editorial Board. There is also a Management Committee in Adelaide to supervise the finances of the Journal.

Editor-in-Chief and Chairman of the Management Committee: Professor D. Rowley, M.D., Ph.D.

Deputy Editor: Dr. I. Kotlarski.

The Journal is issued every two months and the subscription is \$65(Aust.) a year.

Details of current membership fees and subscriptions for publications are available from the Departments of Economics and Commerce at the University.

### **Adelaide University Linguistic Society**

The Society was founded in 1959 as the Adelaide Linguistic Society and was affiliated with the University in 1961.

The object of the Society is the study of language from a descriptive rather than prescriptive point of view. Languages in their various aspects are discussed either individually or comparatively, over as wide a field as practicable.

Membership is open to all language enthusiasts. There is no charge. Any enquiries should be addressed to the Secretary.

President: Dr. T. G. Fennell, School of Humanities, The Flinders University of South Australia.

New members must be proposed by two members in writing to the Secretary, and such nominations, after approval by the committee, are announced by the Secretary at the next general meeting. The names of new members thus nominated are submitted by the Secretary, with the notifications of the next succeeding meeting, at which the nominations are confirmed or rejected by ballot, a three-fourths majority of members voting being required to elect.

Vice-President: Vacant.

Hon. Secretary: Dr. L. A. Burloynne.

The aims of the Society are:

1. Through the Elder Conservatorium of Music and its staff, to develop and foster the enjoyment of music generally.
2. To arrange recitals and to hold meetings and discussions.
3. To create within the University a body designed to bring together graduates, undergraduates and staff members of the University on a series of occasions throughout the year with a view to their finding a common delight in the study and the performance of music.
