<https://au.sagepub.com/en-gb/oc/e/journal-author-archiving-policies-and-re-use>

Most SAGE journals are published under SAGE's Green Open Access policy, which allows you, as author, to re-use your Contribution as indicated below. For a list of titles that are exceptions to this policy, please scroll down to the bottom of the page.

Green Open Access policy:

**Version 2** original submission to the journal with your revisions after peer review, often the version accepted by the editor (author accepted manuscript)

**Version 3** copy-edited and typeset proofs and the final published version

- Once the Contribution has been accepted for publication, you may post the accepted version (**version 2**) of the Contribution on your own personal website, your department's website or the repository of your institution without any restrictions.
- You may not post the accepted version (**version 2**) of the Contribution in any repository other than those listed above (i.e. you may not deposit in the repository of another institution or a subject repository) until 12 months after first publication of the Contribution in the journal.

When posting or reusing your Contribution under this policy, appropriate credit must be given to the SAGE journal where the Contribution has been published, as the original source of the content, as follows: **Author(s), Article Title, Journal Title (Journal Volume Number and Issue Number) pp. xx-xx. Copyright © [year] (Copyright Holder). Reprinted by permission of SAGE Publications.** Additionally, please provide a link to the appropriate DOI for the published version of the Contribution on the SAGE Journals website (<http://journals.sagepub.com>).
