

THE GEOLOGY AND MINERALOGY OF THE PHOSPHATE DEPOSITS
OF CHRISTMAS ISLAND, INDIAN OCEAN

A thesis submitted for the Degree of Master of Science

by

N. A. TRUEMAN, B. E. (Hons)

Geology Department
University of Adelaide

Supervisor
Dr J. B. Jones

Date submitted: 12th July, 1965

Mineralogical research carried out at The Australian Mineral Development Laboratories, Adelaide as part of the exploration and development project of the British Phosphate Commissioners.

CONTENTS

	Page
STATEMENT	
1. INTRODUCTION	1
2. SUMMARY	2
3. PHYSIOGRAPHY AND GEOTECTONICS	3
4. GENERAL GEOLOGY	4
5. FIELD INVESTIGATIONS	5
5.1 Previous Investigations	5
5.2 General	5
5.3 The Central Nucleus — the older carbonate and volcanic rocks	6
5.4 The Inland Cliffs	9
5.5 The Central Plateau and Hills	10
5.6 The Sea Cliff	14
5.7 The Phosphate Fields Currently being Worked	15
5.7.1 Phosphate Hill	15
5.7.2 South Point	17
6. PALAEOONTOLOGY	19
7. MINERALOGY AND PETROLOGY	19
7.1 Preamble	19
7.2 Terminology	20
7.3 The Lower Volcanic Rocks	20
7.4 The Lower Carbonate Rocks	24
7.5 The Upper Volcanic Rocks	25
7.6 The Upper Carbonate Rocks	27
7.7 The Post-Tertiary Carbonate Rocks	31

CONTENTS

	Page
7.8 The Phosphate Samples	31
7.8.1 General Statement	31
7.8.2 The Phosphate Workings	32
7.8.3 The Worked Out Phosphate Quarries	36
7.8.4 The Unworked Areas	37
8. CHEMISTRY	42
8.1 Preamble	42
8.2 The Apatite Samples	42
8.3 The Crandallite Samples	47
8.4 The Millisite Samples	48
8.5 The Barrandite Samples	50
8.6 Non-Phosphatic Samples	51
8.7 Tables 1-34 - Chemical and Modal Analyses	52
9. ELECTRON PROBE MICROANALYSIS	87
10. THERMAL STUDIES	91
10.1 Preamble	91
10.2 Apatite	91
10.3 Crandallite	91
10.4 Millisite	92
10.5 Barrandite	93
10.6 Conclusions	95
11. DISCUSSION	96
11.1 Stratigraphy	96
11.2 Phosphate Deposit	99
11.2.1 Apatite Deposits	100
11.2.2 The Variscite-Strengite (Barrandite) Deposits	103
11.2.3 Crandallite and Millisite Deposits	104
11.3 The Origin of the Christmas Island Phosphate Minerals	111

CONTENTS

	Page
12. CONCLUSIONS	116
12. 1 Nature of the Island	116
12. 2 Period of Formation of the Island	116
12. 3 The Volcanic Rocks	116
12. 4 The Carbonate Rocks	116
12. 5 Situation of the Phosphate Deposits	117
12. 6 The Age of the Phosphate Deposits	117
12. 7 Mineralogy of the Phosphate Deposits	117
12. 8 Chemistry of the Phosphate Minerals	117
12. 9 The Relationships of the Phosphate Minerals	118
12. 10 Thermal Studies of the Phosphates	118
12. 11 Origin of the Phosphate	119
13. ACKNOWLEDGEMENTS	119
14. BIBLIOGRAPHY	120

STATEMENT

This thesis contains no material which has been submitted for the award of any degree or diploma in any university.

To the best of my knowledge and belief this thesis does not contain any material previously published or written by another person, except where due acknowledgement is made either in the text, or in the bibliography.
