Advertsie 19th December 1882
May it please your Excellency, I have great pleasure in reporting that the year now ending has been one of particular importance in the history of the college. The attendance has been the highest yet reached, the average number present for months for the first time ever exceeding the fifty mark.

And I am thankful to say that the health of the members has been most satisfactory, and partly to be attributed, under Providence, to the spacious and commodious premises in which we are so fortunately situated. The improvements have been gradual and systematic, and the regulations as to cleanliness and order have been rigidly enforced, and the result is apparent.

We have had the privilege of receiving over 300 students this year, a number which is surprising, and I think we may justly congratulate ourselves on the fact that we are making a real place for ourselves in the educational world.

Mr. F. CHAPPLE, B.A., B.Sc. (headmaster of the college), read his report as follows:

In March last the South Australian Scholarship, valued at £200 per annum for four years, was granted to one of our boys. In May, the Adelaide University, and we recall with a good deal of satisfaction that in each of the three years since this, the most valuable prize placed at the disposal of the Adelaide University, has been awarded, it has fallen to the lot of one of our boys. The Adelaide University have given their support to the College in the person of Mr. Churchward, B.A., as having largely contributed to the mathematical success of Mr. Wainwright.
R.S.C., as having carefully and painstakingly taught the botany class. From Mr. Hunter, R.A., the writer Lain and Greek classes have received their share of attention, and we may well expect them to find a place in the final examinations. The discussion must...
