UNIVERSITY EXAMINATIONS.

TO THE EDITOR.

Sir—In the recent examinations for the LL.B. degree at the Adelaide University three students passed second class. Of these one who failed last year is recommended for the Stow prize. Why? Is it because he has taken two years to do the work which the others have done in one? As this looks very like superciliousness or laziness the Registrar should state the reason.

I am, Sir, &c.,

JUSTICE.
