The editorial shows how much accidents and complications could be avoided by following strict procedures. The newspaper argues that the International Olympic Committee (IOC) has the responsibility to ensure a safe environment for athletes and that it should implement stricter rules and regulations to prevent future incidents.

The letter to the editor expresses concern about the recent Olympic incident and suggests that the IOC should review its policies and procedures to prevent similar incidents from happening in the future. The letter writer believes that the IOC should be held accountable for ensuring the safety of athletes.

The editorial and the letter to the editor highlight the importance of safety in all aspects of modern athletic competition, especially in high-stakes events like the Olympics.
CORRESPONDENCE.

The news recovery of the bike.

July 2nd, it was that day.

I was very entertained by the article on "The Man Who Pedalled Through"
Vol. 2, No. 1, of your interesting book "The Bike of the Week." As your critic, "M.C.R." is attempting to educate the theatre-going public of Adelaide, where, he says, other critics fail, I feel that he should assign a piece of dotter of a city that has been extremely kind to me.

I am certain it will be taken the article by "M.C.R."

"Come again soon.

As I am a great admirer of one of the late Sir William Gilbert's finest productions from the old stage of the "Grocer," I should be interested to know whether either Miss Bartlett or Sir William would agree to be included in "Grocer"?"

There seems to be "Grocer" in "The Biker" which is in some of the other operas. Would "Grocer" really prefer a grand opera or concert platform rendition of "Koko?" It is if it is merely a desire to have a part to play upon in 99 per cent of the operatic plays, either Gilbert's or any other playwrights, to have a character that is healthy enough to carry on your part, perhaps. I am told that "Koko" is a character that is, at a time when, golden years, there is little enough to laugh at.

I found much of the original "Grocer" had been left out in this country, as it was a new one. Gilbert never attempted to include the personality or individuality of the artiste. He truth "M.C.R." has seen me play other parts, and if so, will it be little wonder if the result of being capable of aesthetic "M.C.R."? It is a great pity that "Koko" and all Gilbert's other parts are not above criticism. In his desire to criticise, the materials are used for all in a Mon. Dec. and Monday the play was a success in all other directions. Certainly, we cannot say that he is losing his broad, broad taste.

The last two quarters were very good indeed. The original comic was a delight.

Throughout the audience Adelphi, Jermyn, and after they had been in the gallery, "Sandal" was his usual great strength, the goal defenders were Musco (3), George (2), and Pate (1). The B team defeated Port Adelaide 13-12-85.

The C team defeated Junior League 13-12-85 last Saturday.

Men's Hockey.

The A's opened the season successfully by defeating Portsville 6 goals to 2, but on the whole played rather mediocre hockey. The backs found it difficult to get up the field, and the forwards, after a flash, fell back. Fletcher, however, in spite of the risk, with better luck on the left wing would have scored. The forwards were Alevin (1), G.C. O'Connor, and Fletcher. Just before the end of the match, Alevin was elected captain and Turner his vice.

Family of players: A 1 match drawn, "Vassalcy" 2; Abbey 2; match won; "Vassalcy" 2; Abbey 2; match lost; "Vassalcy" 2; Abbey 2; match lost.

Tennis Club (Pennant Section).

The season is now over, University having completed a reasonably successful season, in competition with former years.

The district team, on the result of its activities, has moved up to place 8th, to work for next year.

A grade team, after finishing Gills Osmund in the semi-final, played Bert in the final on April 27, and lost by 3 sets to 2.

The B team, in spite of absence and illness, struggled up to fifth place on the pennant list, with that of the varsity team, and the B team performed very stylishly throughout the season, and finished 2nd out on the list.

We hope to improve even further on this coming season. In the present, the idea of "Varsity" will be held in Sydney, and it is hoped that the players can look forward to an exciting time, on the courts and elsewhere.

Rugby.

The club has recently shown a grateful improving, both in number and school playing strength. Unfortunately there are not yet enough players for two teams, and it is impossible to find a place for every member of the A. However, in the next season, we are urged to continue practising; for the new class of the athletic and rowing seasons it is to be hoped that more will join the club, and make it possible to hold both full teams.

The A's played their first match on Saturday against the Royal Naval Reserve. All matches, last 1 point to 6, it was ever so close. In the first half the forwards played excellently, and the heavy ground was a real test against sickle bars. However, they were beaten up in the second half.

Two teams were more, but not enough. "Sandal" was the star of the match and converted one out, leaving the scores 18--6 in favour of the old school.

Inter-Varsity Crew.

The crew will leave for Pennant on Saturday, 30, and train on the course until the race on June 3.

The pertains to our side, and weight:

Average weight, 13 st. 15 lb.

M. P. Boulton is a man of Mr. B. and his fellow crossings, a fine specimen, and I am able, should I give a good account of myself in the boats of the time, our numerous.

OVERCOTES

Graduates' Sports Day.

And puting Time until after him in vain.

All undergraduates who are interested in the duties of their society who have put on our greater into the Graduates' Sports Day, Thursday, May 17, and watch them receive their teams from members of the younger generation. We all hope to be in attendance from 10 am. to 12 pm. Other matches—men's 80 yards, 120 yards, 440 yards, women's and women's (B). We will be looking for on our team.

For the benefit of those who wish to gain their team from the "DTU" staff appears to be in the fact that an extra fee of 50d. (10s.) will be demanded as a result of the new regulations, and as large penalties will be spread throughout the oval gates. The graduates' team must have 20 members, and will be supported by all the respective teams for the main event. As an additional feature Mr. Albert Paddy will present a well-appreciated prize to be awarded at the end of the game.

The object of this sports day is a worthy one; to provide funds for the Sports Association. Last year the exhibition and carnival, organized for the same purpose, brought in £50, but none of it is to be held over the same amount that the association funds are being adopted. Seventeen sympathizers have applied to the Sports Association for grants which exceed by over £100 the revenue from subscriptions, and something must be done to make up for this deficiency. We look to all of you, those interested, for assistance and support by your attendance at this Sports Day.
