MEDALL.

My Dear,—Did you know that the Medals had
their first outing on Sunday? And so incredibly
exclusive! We had been good friends, like Bill
and I, who would always talk about our latest
innovations. A bored doctor, known to us all
during our time at the hospital, turned up in
the audience, just like a visitor, or wherever it
was, just for the occasion.

And they would then present the awards to
the students, who would, of course, be
excited. It was a way of saying thanks to
those who had supported us, and those who had
stayed with us through the tough times.

I don’t remember much about them. I felt
a bit tired, a bit cramping, and I had a
fever, so I couldn’t play football, or something
like that. I don’t even remember when the
awards were presented to us, but we were
presented with certificates and a medal.
I have not one of these medals anymore.
Life is such a mystery.

Yours;

FLORENCE

SCIENCE ASSOCIATION.

Meeting of the Science Association, held
in the School Library. In the audience were:
Mr. J. R. Price, the Chairman, and 12
students were present.

The President, Mr. J. R. Price, occupied
the chair, and 12 members were present.

The resolution of the previous meeting were
read and confirmed. The President invited
Mr. W. M. Allen to deliver a paper on
"An Introduction to Archaeology." Mr. Allen
noted briefly the history of archaeology,
presented an excellent example of how
archaeology can be developed into an
exciting science. Descriptions of various
archaeological sites were given, and illustrated
by slides and maps. Mr. Allen then
announced that the Science Association had
been successful in obtaining a grant for
the purchase of new equipment.

The President then presented the
students with certificates and medals.
I was not one of the recipients, as I was
not present.

Young’s book, "The Simple Life in
Greenland’s office, where it may be perused
on loan at the]

ANTHROPOLOGISTS

The Anthrozoology Club, founded by a few
friended tribe, was recently held at the
University of California. There was a
lightning theft in the library, and the only
lights remaining were those from the stained
glass windows.

The chairman, Mr. M. W. Miller,
announced that the meeting was to
consider the current state of the
Montana-Columbia project. He
then asked the students to volunteer for
the project, and the students
responded enthusiastically.

I was not one of those who
volunteered, as I was too
busy with my studies.

Yours;

The R. J. MILLER

GOLD CLUB.

The later-March meeting will be
at the Royal Adelaide and Kespry Club.
At the end of the meeting, the
paper will be presented to the
Secretary, J. C. Ogilvie, St.
Martin’s College, on Friday, 7th of April.

THANK YOU.

The thanks of the members are
extended to Mr. J. C. Ogilvie for
his assistance in the preparation of
the material for this meeting.

Yours;

E. J. MCGILLIVRAY

LACROSSE.

The theme was a good one, and, up to half
time, the game was even, with the score being
5-4 in favor of the Home team.

Lionel, from Port Adelaide, was the
MVP and was congratulated by the
teammates.

The following week, East Torrens
were too strong for the Home team and
were able to win by a score of
10-0. The game was played well,
and the Home team were frustrated at the
team’s lack of precision.

"It’s best to Port Adelaide, 15-14."

The players were congratulated
on their efforts and their hard work.

Yours;

E. J. MCGILLIVRAY

WOMEN’S HOKEY.

The women’s team had finished its run of
success by defeating Anna 2-0 and Heath-
ham 3-0. The team has been excellent, and
we are well represented by the
talent of our forwards, Helen Fletcher, Shirley
Martin, and Helen Best, and our defense, Ruth
Best and Doris Smith. They have done
wonderful work.

The following are the results of the B1 and
B2 matches played on July 17th and 1st of
August:

B1: Defeated Greens 2-0; B2 lost to T.W.C.A.

The game is now moved to Defeated
Greenwood, 6-4.

The later-March meeting will be
at the Royal Adelaide and Kespry Club.

Lacrosse will close with the
Secretary, J. C. Ogilvie, St.
Martin’s College, on Thursday, 7th of April.

THANK YOU.

The thanks of the members are
extended to Mr. J. C. Ogilvie for
his assistance in the preparation of
the material for this meeting.

Yours;

E. J. MCGILLIVRAY
