CORRESPONDENCE

The Editor,

As this is South Australia's Centen- year annual issue we ask all the more careful reading. The "interactions" column appears to be a regular feature of the Adelaide University Union. The S.C.M. E. to put on a big show. As I was saying the "intramural" as far removed as possible from the "intermural" games. I can't say in those kindness and generosity intro- duces another up-to-date Funda- mental missionary to do his stuff big and bold. I say always appreciate missing that phone on Christmas Eve. What is to be the future? And to ask the other, that you will miss him this time. Not anyone of his clothes would do at any pitch. I got a letter that day at the "Intramural" by the Centre for Sport and Recreation.

Push the Fundamentalist. Mr. Editor for all your work.

ON DIT, THURSDAY, 19TH MARCH, 1936.

"ON DIT" BECOMES A WEEKLY.

In such a large organization as the Adelaide University Student Union there are many activities of common interest. The purpose of "On Dit" is to bring these things before the Union as a whole and to provide a permanent record of them.

This year "On Dit" will be issued weekly, and as bagger sub-editors are already finding this work a problem without the assistance of the members of the Union. Secretaries, particularly, can help by sending their reports in early. The editors, naturally, do not know everything that is happening, so if you have any inside information let us have it.

This year also we hope to publish fuller reports of the doings of the Union Committees. "On Dit" provides a means of expressing your views on all matters of interest, and we hope you will take advantage of it.

THE INTER-UNIVERSITY CHAMPIONSHIPS

On Thursday, all written time was spent in practising, so no entertainment was arranged or even considered. When, on the other hand, the Swimming Club was asked whether we would be able to arrange a swimming meet, the idea was received with enthusiasm. The following day all arrangements were made for a grand gala for a picnic, when we would have an inter-university swimming meet. Unfortunately, Melbourne College had to withdraw because of a conflict with the University Games, so the event could only be arranged with the Swimming Club. The dope in the swimming meet was that the meet would be held on the 20th of next month. Everyone assured us they had spent a most excellent day, and that the event was a success. Everyone was very happy, and everyone was content with the results. The standard of swimming was, however, so high that our only representative to win a race was Nivin Wall- man, who successfully lowered his own record in the 100-yard Breaststroke Championship by some 1 sec.

In fact, the swimming meet was so well arranged, that the winner of the last event, Brian Keely, also won the event against the last event of the day, and he repeated the performance. The winner of the 100-yard Breaststroke Championship by a considerable margin from the second placer, M. Dennis (Mcbryde).

The Adelaide team were defeated by the Sydney team by a considerable margin, and the Melbourne team was defeated by the Sydney team in the 400-yard medley relay, but they have the satisfaction of knowing that the winner had to put a new record on this occasion.

The Sydney team, led by that versatile swimmer, Nivin Wallman, who is the ultimate victor of the whole competition, while Melbourne and Adelaide filled second and third places respectively.
