NEW KICK IN DEBATING

The Council has Arranged

ON DIT, TUESDAY, 11th MAY, 1937

THE COUNCIL HAS ARRANGED

GEORGE MURRAY BUILDING CEREMONY

UNION AUTHORITIES SLIGHTED

(The world Press Rights Reserved.)

The Foundation Stone of the George Murray Building will be laid on 3 o'clock on May 20. The first information of this was received by the President, the Union Committee, and Union members, from the "Advertizer," and a circular printed for Graduates' Week.

Inquiries were immediately made at the Front Office, and it was discovered, to our horror, that the Council has carried out the arrange-
ments without any consultation of student opinion. Such an outrage could never have occurred if, as was suggested on our last issue, there was student representation on the Council.

The Front Office has drawn up a list of guests to be invited to the ceremony, and then to afternoon tea in the Refectory. Among the names on the list of invited guests are those of the members of the Union Committee. The Men’s Union Committee are to be invited to laying of the Foundation stone of their own building.

Students had been forward to this day as an opportunity of thanking the Chancellor for his most generous gift. Now it seems they are not to have any say in the matter. According to plans, the Vice-Chancellor is to provide, and, when Sir George Murray has laid the stone, he is to be thanked by some prominent member of the University. The sense of thanks may possibly be seconded by a student.

On Tuesday, September 22, 1936, Mr. M. F. Bonnin and Dr. Penry Price were appointed as President and Vice-President of the Union, and elected upon the Council. With magnificient generosity, Sir George offered the Union $10,000 for the erection of the Men’s Union Building. The money has been a scheme, and handed it to Mr. Bonnin.

A Building Committee, consisting of representatives from the Council and the Union Committee, looked into the plans for the building. Once the plans were finally decided upon, work on the building was begun as soon as possible. Since then the Council has had nothing directly to do with the building.

Why, then, have the Front Office taken it upon themselves to make all the arrangements? We realize that Mr. Eardley has been away on holiday, and that plans for Graduates’ Week were rushed through during his absence. For this reason, we understand, the date of the ceremony had to be fixed at very short notice. But why was it not at the Front Office which fixed the date, and then without consulting the Union Committee? Our invention is a humiliation when the date was published even before the President of the Union had been informed that it was being discussed.

Student Representation Vital.

ODDS

AND

ENDS

Marg pop is all our singing clubs. Last week was a bowing success, but old of practice and many familiar with the tune and words will not do, for no matter. We are building back the song column until the next semester. We think that our organization and we will send in a bid.

The entertainment of the members of the Waverly Club by a group of students who Wednesday were quite a happy affair, despite the fact. We think that the entertainment will be appreciated by the members of the Waverly Club.

We have had a special request to give a concert this semester and hope that it will be successful. We are not sure that you alone are responsible, but give a thought to the necessary income since the club is at a loss. This will not help our finances during working hours.

From 1930 to 1940, the University was closed during this period of care. We were unable to have a field band for so long because you can obtain another month and be ready to do our best.

From Friday to next, the University will be under the care of a group of students, so have a look at the coming events.

Wednesday, May 10, we are told that the foundation stone of the new building will be laid. We hope that the event will be memorable for all students.

The program is now available at the office of the Student Union Building.

Prof. J. I. M. Stewart Makes Debut

Prof. J. I. M. Stewart made his debut at the Arts Association on Tuesday night. He was preceded by Miss Debra, welcomed to the fold by Mr. Picotte, and then left to talk on a subject which time alone was to reveal. It was not clear if the event was to be a success, but when the event was held, it was successful. The Professor finished with a few words written by Morison soon after his appointment, "Of love and the love of life."

COMING EVENTS

SOCCER

A’s—The A’s had as exciting match against Varsity as could be wished for, and were surprisingly close at the end. Varsity had a 0-1 lead at one time, but the A’s rallied back and were right in the game, and good work by the A’s kept the game in doubt for the full 90 minutes. The A’s played well and were determined to win, but Varsity’s tactics and playing ability were too much for the A’s, who were defeated by a score of 1-0. The A’s gave their best effort, but Varsity’s tactics were superior.

GOALKEEPERS: Gourley, Waters, Emery
FORWARDS: The A’s looked promising early, but were unable to score, and Varsity’s defense was too strong for the A’s to find a way through.

BASKETBALL

Results of matches of Saturday, May 14:
A’s—University lost to Wannibals, 27-20,
B’s—University lost to Ellinans, 24-27.

COMMERCIAL STUDENTS.

Attendances and discussions at the University and Commercial Students’ Society, which had met to discuss the situation, were quite a welcome change to the 40 or more who met at the Creswick Club on Tuesday night to hear Mr. E. C. Treadwell speak on “The Future of the Commercial Students’ Society.” Mr. Treadwell addressed the Society on “Capital for Industry,” its Relation to National Prosperity.” Mr. Treadwell is one of the C.A.P. candidates for the Senate at the next Federal election, and as such his views should be of interest to all.

Mr. Treadwell stressed the fact that the white primary industry was well-beaten, and it was quite easy for the primary producer to obtain capital. Small secondary industries had found difficulty in securing funds under the new legislation. Yet these small industries form the bulk of our secondary industry. Mr. Treadwell advocated the formation of a board, financed by the Commonwealth, to assist these small industries that required money to develop, or which were passing through a period of depression. Such a board would form an equal footing with the big industries, and the government would not be too concerned about providing money to these small industries.

Mr. Treadwell also discussed the question of the future of the University, and the need for the University to adapt itself to the changing needs of the community. He pointed out that the University was not only a place of learning, but also a center for cultural activities and social gatherings. He emphasized the importance of ensuring that the University remained accessible to all, regardless of their background or social status.

The discussion that followed Mr. Treadwell’s address was lively and informative, with many students expressing their views on the issues discussed. The meeting ended with a vote of thanks to Mr. Treadwell for his time and efforts in organizing the event.
Letter to the Editor

Chairman of the Union

Dear Sir,

I am writing to express my disapproval of the recent actions of the Student Union. As a member of the academic community, I believe that the Union has failed to uphold the values of honesty and integrity that are so important to our institution. The recent vote to allocate funds for a controversial event has caused considerable controversy and has damaged the reputation of the Union.

I urge the Union to reconsider its decisions and to act in a manner that is consistent with the principles of fairness and transparency. The Union has a responsibility to ensure that its actions are in line with the interests of its members and the broader community.

Sincerely,

[Your Name]
