OR, THE GARDEN OF EDEN.

It is a great pity that more people do not take advantages of the bargain.

Kenmore - the Garden of Eden - is one of the most remarkable cities in the world. It is a land of peace and plenty, where every inch of land is cultivated and every drop of water is used to the fullest. The people of Kenmore are happy and contented, and their homes are comfortable and well-kept. It is a place of beauty, where nature and art blend together in perfect harmony. The gardens are magnificent, and the parks are lovely. It is a place of safety, where law and order reign supreme. The people of Kenmore are proud of their city, and their city is proud of them.

For editorial comment:

New Edition: Geoffrey Anderson
Secretary: Elizabeth Sutcliffe
Revolution: Elizabeth Russell
Business Manager: Robert Cotton

The subject of peace has been as important to the columns of this paper that it was not for the makers of the severe reaction for its discussion for recalled.

It is generally transferable, as our newspapers are pleased to admit every day, that the title of "world events" is growing from increasing capacity to the chaotic maelstrom which it is. It is not only a daily event today, but a daily threat to humanity everywhere, that anything more than a few countries have been able to keep the peace.

For this reason, the only way to frame an argument against the "world events" is to stress the necessity for national defense, a concept which meets the world's need for peace.

The theme is the progress, it is important not to be in the midst of an effort to bring about peace and understanding, but to achieve the end of war.

As far as this is concerned, the role of the United Nations and the need for peaceful düzeys are important.

WOMEN'S COLLEGE

A meeting was held recently at the Women's College with the object of considering the possibility of a committee to be formed with the object of bringing about better conditions for women in the community. The committee was present, including Miss Wilson, Miss Chapman, and Miss Bell. Miss Chapman spoke of the conditions which prevailed in the college and the need for a more democratic approach to the question of education. Miss Bell spoke of the necessity for a more flexible system of education and the need for a more efficient administration of the college.

UNION COMMITTEE

As the meeting held towards the end of the week was decided to discuss the possibility of supplying Christmas cards to members at a charge of 5s. each, as from now. The card will be available at the same price. Roderick Venn and Alan Phillips are making the arrangements for the cards which will be sold by the Manager of "On Dit."

MORE COLD FEET

The Editor of "On Dilt"

I should like to endorse the views expressed by Mr. Symon in his letter to the Editor of the "On Dilt", and I am sure that the views expressed by Mr. Symon are shared by the majority of the staff of the "On Dilt". The "On Dilt" is a newspaper, and as such, it is our task to report the news as it occurs, and to do so in an impartial and unbiased manner. It is therefore incumbent upon us to avoid the publication of any material which might be considered to be prejudicial to the interests of any section of the public.

Our object is to provide a public service, and to do so we must always bear in mind the fact that we are engaged in a very difficult task. We are not asked to make any political or religious propaganda, but we are asked to report the news as it occurs, and to do so in an impartial and unbiased manner. It is therefore incumbent upon us to avoid the publication of any material which might be considered to be prejudicial to the interests of any section of the public.

THESIS

Dear Sir - I believe in peace through disarmament, or some sort of international police force, but in either case we must start tomorrow. Peace is a positive state of mind. It cannot be imposed. We must work for it, and we must start now. This is the only way to avoid the horrors of war.

DOES REARMAMENT MEAN PEACE?

"Hirohito & Med Again"

REARMAMENT

I am strongly opposed to rearmament. It is a waste of resources and it is a threat to peace. We should be working towards disarmament, not enhancing our military strength.

I.V.S.P.

Something to Emulate

To the Editor of "The Advertiser";

Dear Sir - I am a strong advocate of disarmament. I believe it is the only way to achieve peace. I recommend to you a book on this subject called "The Armament Problem" by Dr. A. E. H. Carter, F.L.S., which I believe you will find very interesting.

I am, Sir,
Yours faithfully,

BASKETBALL WOMEN
SAVE OUR REPUTATION

INTER-VARSITY RESULTS

During the vacation no fewer than seventy-five women were vaccinated and to our eternal shame not in a single one were there two doses. If we were not for our basketballists, we should have been twice as bad. Even our great philosopher, the late Mr. Kruger, who loved the bushes and the bushrangers, and who would have been more at home in Sydney than in Melbourne, would have said the same. In the interests of our women, we should all be ashamed that our basketballists were the only ones who did well. It was a sad day for us when we discovered that our women's basketball team had been defeated.

The women's basketball was played by several colleges, including Melbourne, Sydney, and Adelaide. The Melbourne team was the strongest, and it is hoped that they will continue to be so in the future.

BASKETBALL

The 1925 inter-Varsity basketball, held in Sydney, was concluded with the usual precautions taken. The Melburnians were the strongest, and they were fortunate to have the best hoop. The game was between Melbourne and Adelaide. The match was a hard-fought one, and there were many close calls. Melbourne won by a narrow margin, but the game was much enjoyed by all.

FOOTBALL

The inter-Varsity football was played by several colleges, including Melbourne, Sydney, and Adelaide. The Melbourne team was the strongest, and it is hoped that they will continue to be so in the future.

SUIT CASES, KIT BAGS, ATTACHE CASES

Special Commissions to Stafford.

TENNIS RACQUETS, ALL MARKS.

GOLF STORES

Call and Inspect

The inter-Varsity tennis was played by several colleges, including Melbourne, Sydney, and Adelaide. The Melbourne team was the strongest, and it is hoped that they will continue to be so in the future.

GOLF TOURNAMENT

Aimed-Horn-Men Wins

The A.D. Golf Club had its championship played for the first time, and the game was a very good one. The Melbourne team was the strongest, and they were fortunate to have the best hoop. The game was played on one of the best courses in the country, and it was much enjoyed by all.

FOOTBALL

The inter-Varsity football was played by several colleges, including Melbourne, Sydney, and Adelaide. The Melbourne team was the strongest, and it is hoped that they will continue to be so in the future.

LACROSSE

The inter-Varsity lacrosse was played by several colleges, including Melbourne, Sydney, and Adelaide. The Melbourne team was the strongest, and it is hoped that they will continue to be so in the future.

The Women's Hockey was a great disappointment for Adelaide. They were not only beaten by Melbourne, but by Sydney as well. The team was not in good form, and the game was much enjoyed by all.
