REVUE TREMBLES IN THE BALANCE

Magician's Number

NUMBERs at REHEARSAL WILL DECIDE TOMORROW NIGHT

Whether or not there will be a 1938 Varsity Revue is still doubtful. The company has a producer and leading players, but no performers (male and female) to complete the cast. The decision will turn on the members who attend the rehearsal to bow in to-morrow (Wednesday) night, at 7.30, in the Recital Room. Unless there are at least fifty present the show can't go on. The Sports' Association are relying on a Revue being held and on their obtaining financial assistance from it; the Tivoli is tentatively booked for the 20th and 21st December. Accordingly.

JOHN DUNCAN, who is the producer, and the committee request that everyone who wants a Revue to attend for rehearsal at 7.30 to-morrow (Wednesday) night in the Recital room. Remember that it is the very minimum required.

UNION COMMITTEE

The general committee of the Union met on November 21. The minutes of the last meeting were confirmed and annual reports for the year up to October 31 were given. The election of the Executive Committee for the ensuing year is now considered. The terms of office of the present Executive have expired.

F. G. (Secretary, Recreational Committee) was elected a member of the Executive Committee as a result of the conference. The Executive Committee also considered the possibility of a summer theatre being erected on the grounds. The transfer of the Coat of Arms was also discussed.

Union Activities

TO-MORROW (WEDNESDAY) NIGHT REPERTORY 7.30 P.M.

WITH BAT AND BALL

WITH the grim memories of Bertie, Pulcinella and the Great War still fresh in our minds, the production of "The Bat and Ball" (which we understand is an adaptation of "The Bat and Ball" by Charles Dickens) is being rehearsed. The show promises to be a most amusing one and is expected to be a great success. The cast includes several notable performers and the production is under the able direction of Mr. J. H. Moore, who is well known in theatrical circles.

LADIES' DINNER

Ladies' dinner takes place on November 22 at 7.30 p.m. in the Union Hall. The proceeds of this dinner will be used for the benefit of the Union's Relief Fund.

INTERSTATE PARTY

The Interstate Party is being held on November 23 at 7.30 p.m. in the Union Hall. The party will be attended by members from other universities, and will be a great social event.

ECONOMICAL

Economical details of the party will be announced shortly.

DEBATING

The first debate of the year will be held on November 24 at 7.30 p.m. in the Union Hall. The topic for the debate will be announced shortly.

The council, which meets during the debating season, decided that it would be willing, if asked, to take over control of the Union Debate and to work in conjunction with the students' league. The council also decided to hold a debate on the subject of "The Future of the Australian Commonwealth," which will be held on the second of December. THE PROMISED LAND

Death is no respecter of persons and
the avenging sword of war will strike
down those who stand between the
people and their freedom. We must
return in the same sort of manner to
the task of the revolution. We must
travel from land to land, from
province to province, from village to
village, setting up new FACTORY
institutions, creating new
organisations, training new
leaders, and building up a new
system of government. In this way
we can ensure the survival of our
people and safeguard our
independence.

Just what effect has the
Hence agreement had? It seemed
peaceful, but it was not. The
agreement was not only
peaceful, but it was a
triumph of the
Socialist movement. It was
a great step forward in the
establishment of a true
Socialist state.

MORE SUPPORT FOR SPORTS ASSOCIATION

On more than one occasion this year we have lamented the condition of our sports at the present time. In the first flush of enthusiasm we were all too ready to turn our backs on the sports fields. We have started too late, perhaps, to do so, but we are determined to carry on and to develop sports in this city.

The situation is not as bad as it seems. In the past few months, the number of active participants has increased. The sports fields are being used more frequently, and the quality of play is improving. However, there is still room for improvement in terms of facilities and organization.

THE CHANGING SEASON

Football: In football we had a chance to see the game in its true form. The teams were evenly matched, and the results were not dull. The only thing that could have been improved was the weather, but this is not within our control.

Cricket: The cricket season was a success. The matches were well attended, and the level of play was high. The teams worked hard, and the results were positive. The weather was good, and the grounds were well maintained.

Hockey: The hockey season was highly successful. The teams were competitive, and the games were exciting. The weather was also good, and the grounds were well maintained.

THE WINTER SEASON ENDED

The winter season has come to an end, and with it comes the end of our sports activities for the year. We look forward to next season and hope that the weather will cooperate. The demand for sports facilities is high, and we are committed to developing and improving them.
