ANNUAL GENERAL MEETING - TO-NIGHT!

COME AND GIVE YOUR OPINIONS A PUBLIC SINGING. IT IS THE ONE OPPORTUNITY THE YEAR WHEN YOUR CRITICISM CAN AFFECT THE CONDUCT OR TACTICS OF THE UNION. DON'T LET THE LAZY STUDENTS HOLD THE VOTE UNINTERPRETED.

The 'February's biggest general meeting of the year, is entered in the annual calendar of the Union. Perhaps it would be more correctly termed the 'Law Students' Annual Meeting.' Judging by the state of the student's affairs today, we are faced with such problems as a number of examinations in the course of which the students are being heard to express their dissatisfaction in a very high key. It is not absolutely necessary to make care for these examinations, but the meeting is at least a great deal more necessary as all the examinations have been completed.

PROMINENT COUNCIL MEMBER PROMOTES PHYSICAL FITNESS

For 'Varsity Students'

A sub-committee was appointed by the Union to regularise the fitness of the M.T.T. and T.C. heads and to try to stimulate participants in certain of their activities. Our loyal, loyal, loyal students have been selected for the second, and we were glad that such a committee existed at this time. The problem of examinations in the course of which the students are being heard to express their dissatisfaction in a very high key has been considered.

MEN'S UNION ELECTIONS

The Men's Union Committee has decided that under the present system of elections, decisions made subject to the approval of the University Senate Committee, and the matters which the Men's Union Committee is to be discussed are likely to be much more closely watched by the University Committee.

The Men's Union Committee has also decided that under the present system of elections, decisions made subject to the approval of the University Senate Committee, and the matters which the Men's Union Committee is to be discussed are likely to be much more closely watched by the University Committee.

THE RHODES SCHOLAR

As an Ordinary Child

One of the things a new student finds in the University is the excitement of meeting new people, of being introduced to a whole new world. Rhodes, the Rhodes Scholar, is the symbol of this excitement. He is the embodiment of the ideal student, the one who has been chosen by the University to represent it, and who will go on to represent the University in his work.

BETTER, BRIGHTER, FRESHERER

Who is coming to the Commonwealth Society on March 28, 1939? This high-sounding event has been known for the past few years as 'Fresher's Social,' and was a great success in the past. The attendants of the annual event were not only the University students, but also the University staff. The final result was a great success, and the event is now a tradition at the University.

The Rhodes Scholar, in addition to his duties as a student at the University, has been appointed to the position of Research Fellow in the History Department. This is a great achievement, and reflects great credit on the University. The Rhodes Scholar is a true representative of the University, and his work is a credit to the University as a whole.

This is a true story of a student who has achieved great success, and who has been a true representation of the University. The Rhodes Scholar is a true representative of the University, and his work is a credit to the University as a whole.

The Rhodes Scholar is a true representative of the University, and his work is a credit to the University as a whole.
A FAREWELL TO DR. MEAD

Dr. Mead, the first man of the University, has been almost a revered hero, with his great presence and the reverberations of his last words still present. He has been a symbol of the institution's legacy and its continuing influence.

MUSIC STUDENTS' ASSOCIATION

The annual general meeting of the above association was held on Monday, March 13, in the South Hall of the University. The following officers were elected: President, Mr. J. A. Brodie; Vice-President, Mr. W. H. Smith; Secretary, Miss E. M. Anderson; Treasurer, Mr. W. H. Lewis.

FRESHERS ENTERTAINED ROYALLY

Nothing of outstanding event occurred during the freshers' reception in the Wauld on Monday evening. However, the entertainments were arranged by the University Union, and the freshers were received by the students of the University at a ceremony in the Wauld. The reception was attended by the President of the University, who was accompanied by his wife and several other members of the University staff. The freshers were shown around the University, and were entertained with music and refreshments. The evening ended with a dance in the Wauld.

THE CARNEGIE GRAMOPHONE

Despite the efforts of the Carnegie students, the last year's record failed to take the prize of the best record of the season. Many records were either ignored or of the same excellent of its year. The students who did appreciate it, however, spent many hours in listening to good music, and they were able to share in the enjoyment of their friends. The records were chosen by students who were familiar with the gramophone and who worked extensively with it. The students were able to find many of the records, and they appreciated the work of the students who made the records.

CORRESPONDENCE

ESAS IN OUR MIDST

The Editor,

Sir—There is a notice on the board in the registry which reads, 'Please note, any student who breaks the rules where your chair is, has probably come—really should not have done so.' The notice was written by one of the students who was rather irritable about being told to do something which was clearly

conducted reasonably well, and it's important to remember that the rules are there for a reason. It's always good to be aware of the rules and to follow them, whether they are written down or not.

WILLIS WAGGERS

DEAR SIR—There is a notice on the board in the registry which reads, 'Please note, any student who breaks the rules where your chair is, has probably come—really should not have done so.' The notice was written by one of the students who was rather irritable about being told to do something which was clearly

SUDDENLY THE WARMTH OF THE UNION

The Editor,

Sir—I wonder whether the students this year are going to remain in the union, and perhaps make it all the more serious. I suppose this is because the union is the only place where the students can meet and discuss their problems. It's important to remember that the union is there for a reason, and it's always good to be aware of the rules and to follow them, whether they are written down or not.

Have you read the 1999 Handbook? No? Read the introduction, at least. I beg your pardon. Some students, you'll find the best thing that you've been told in the "Fees." Why you... why you... why you...

Miss Judith Vining and Mr. Robert Wallis are the students who are running for the union presidency. They are both members of the university, and they have a lot of experience in student government. They have been active in the union for some time, and they have a lot of support from the students.

TERMS AND CONDITIONS

The clock in the hall of the student union building, which now stands at 12:01, has just been advised to Mr. Hamilton.

The Adelaide University has recently been advised by the Union that it will be necessary to have a new clock. The clock in the hall of the student union building, which now stands at 12:01, has just been advised to Mr. Hamilton.

NEW ANIMALS

From a notice on the main notice board.

Students interested in animal science should note that the University has established a new animal science program. The program is designed to prepare students for careers in animal science, and it includes courses in animal nutrition, animal behavior, and animal genetics.

ON DIT, FRIDAY, 17th MARCH, 1939

INTER-VARSITY FIXTURES

The location of the intervarsity encounters for the coming year has been fixed. While exact dates can't be given, the match will in which each is to be held will be announced later.

Athletics — Breedis — May 
Baseball — Sydney — August 
Hockey — Adelaide — August 
Football — Sydney — August 
Golf — Adelaide — August 
Hockey — Melbourne — September 
Rugby — Queensland — October 
Tennis — Melbourne — October

THE YEAR BEGINS

Another Holiday for the Fresher.

The new year was almost over, and the sportsmen were looking forward to a new season, filled with excitement and new experiences. The Fresher's holiday was well-deserved, as the previous year's events had left them tired and exhausted. The year promised to be a challenging and rewarding one, filled with opportunities for growth and development.

POLICY OF "ON DIT" FOR 1939

Although it is the intention of the circuit for this year to issue only a few tickets, a slight change in policy will perhaps be set out as follows:

If you decided to eliminate ticketing, we would be pleased to see you on the course to enjoy the match. We have not printed any tickets, but have only agreed to accept any form of admission that the rider may present, and we are confident that the majority of our friends will be more than satisfied. The rule is that the ticket must be produced at the post office, and it will be valid for the entire season for all meetings.

CRICKET

Our First Week has seen the fantastic return of the Digger Cricketer. In the recent Test Match, he scored 200 runs in the first innings and was unbeaten in the second. The game was a great success, and the spectators were thrilled with the displays of skill and enthusiasm. The Digger Cricketer's performance was the highlight of the match, and he was justly rewarded with a well-deserved win.

LEAGUE RUGBY

The Leagues have been decided, and the teams are as follows:

Souths — Sydney
Norths — Melbourne
East — Newcastle
West — Adelaide
Central — Hobart

The matches will be held on the following dates:

Souths vs. Norths — 5th March
East vs. Central — 12th March
West vs. Souths — 19th March
Norths vs. West — 26th March

ANNUAL TOURNAMENT

ENTRIES CLOSE MARCH 20

SCIENCE ASSOCIATION

A meeting was held on Friday, 17th March, at the Adelaide Club, to discuss the future of the Science Association.

C. A. ATKINSON

Rector

CONGRATULATIONS

We extend our congratulations to Murray, Schwandner, who has been awarded a research fellowship, and to his wife, D. J. Swann, who has been admitted to the Saltern College of Science.

The following have been awarded A.R.A. scholarships: E. V. H. Hume, C. G. Swann, and D. C. Kimmig.

While extending our congratulations to Murray, Schwandner, who has been awarded a research fellowship, and to his wife, D. J. Swann, who has been admitted to the Saltern College of Science, we take the opportunity to announce the results of the 1937 science and mathematics test for the Australian University's Sports Committee.

ANNUAL GENERAL MEETINGS

The following are convened to these meetings:

The Cricket Association on Wednesday, March 22nd at the Kelburn Club. There is a proposal to alter the constitution of the Cricket Club. The Football Club on Tuesday, March 21st at the Clubrooms. The players met there to make arrangements for the coming season.

Annual General Meetings

There were three examinations held for May. Final arrangements will be made at the annual general meeting of the Athletics Club, to be held when the club returns from the summer holidays in order to consider the following:

Annual Tennis Tournament

Note! Please:

1. It is often of great interest to many of the members of the World Federation of Athletics, the results of these matches.

2. The names of the teams and individuals are of great significance in the history of the sport.

3. The matches are a great test of the strength and ability of the athletes, and the results are eagerly awaited by fans and spectators.

4. The matches are a great test of the strength and ability of the athletes, and the results are eagerly awaited by fans and spectators.

6. The matches are a great test of the strength and ability of the athletes, and the results are eagerly awaited by fans and spectators.

7. The matches are a great test of the strength and ability of the athletes, and the results are eagerly awaited by fans and spectators.

The Closing Date for Entries is March 20th

Tennis

The annual tennis tournament was held on Saturday, March 17th. The following are the winners:

Men's Singles:

First Round: J. E. Scott, Australia
Second Round: J. E. Scott, Australia

Men's Doubles:

First Round: A. E. Clarke, Australia
Second Round: A. E. Clarke, Australia

Women's Singles:

First Round: M. M. Jones, Australia
Second Round: M. M. Jones, Australia

Women's Doubles:

First Round: M. M. Jones and N. C. Leppertow
Second Round: M. M. Jones and N. C. Leppertow

University Swimming

At a recent meeting of the University Swimming Club, it was decided to hold a swimming carnival in honour of the 200 yards freestyle swimmer, who has recently set a new record. The carnival will be held on Saturday, March 24th, at the University Swimming Pool, and will feature a variety of events, including diving, swimming, and water-skiing. Special interest will be given to the novelty races and the underwater events.

A PEARL OF GREAT PRICE

It has been revealed that the cost of "Phoenix" has decreased by 25 per cent, according to some newspapers, the price before. This great reduction in expense is due in great part to the efforts of Mr. Jenkins, the manager, who has negotiated with certain manufacturers to lower the price of his product. His office has been busy looking for ways to keep the price as low as possible. The reduction will be passed on to the consumer, and the company is confident that this will make "Phoenix" even more popular than before.

We are lucky enough to have Mr. Jenkins on our team, and we are sure that he will continue to find ways to keep the cost of "Phoenix" as low as possible.
