Debating Tour of the Lower North

Bad Night for the Undergraduates

The annual debating season between the undergraduate and post-graduate debating teams began in earnest yesterday, when the Undergraduates defeated the Post-Graduates in a tight match. The judges were Mr. J. G. Smith and Mr. W. B. Wilson. The Undergraduates, led by Mr. J. G. Smith, put up a strong fight, but were unable to overcome the superior debating skills of the Post-Graduates. The match was held in the union hall, and was attended by a large audience of students. The Undergraduates, who had prepared meticulously for the debate, were unable to find an adequate counter-argument to the Post-Graduates' points. The Post-Graduates, on the other hand, were well-prepared and were able to effectively refute the Undergraduates' arguments. The match was a close one, and the final score was 4-2 in favor of the Post-Graduates. The Undergraduates will now focus on improving their debating skills for future matches.

TWO 'VARSITY DANCES

USE AND ABUSE

BY SIBYL DONNE

WASTE is the key to the economics of Varsity life as far as anything of real value or real cost is concerned. This is the opinion advanced by a contributor to the student newspaper, and the most striking of all metaphors used by him is "waste." Within the walls of Varsity, there is an abundant supply of everything that could be considered "usable," but the student does not consider it "worth while" to make use of it. This is a great waste of time and energy, and a waste of the student's own resources.

In an art article, the author discusses the "effective" use of art. Instead of letting the art collection rot in storage, or letting the student rot in neglect, there should be a clear and effective use of both. The author suggests that art could be used to enhance the student's life, and to make it more enjoyable. This is a great idea, and it should be put into practice.

The author also discusses the "waste" of time. In his opinion, the student wastes too much time, and he suggests that this could be avoided by making better use of the time available. This is a great idea, and it should be put into practice.

The author concludes by saying that the student should not waste his time and resources. Instead, he should use them effectively, and make the most of them. This is a great idea, and it should be put into practice.

Our society is full of "waste," and the student is no exception. It is time that we started using our resources effectively, and not wasting them. This is a great idea, and it should be put into practice.
**GOODS GO A-BENDING**

**BLUR**

Dear Sir,—In your last issue a letter was written, which seems to me to be in error. The letter was addressed to "G. L. " and seems to me to be signed by G. L. It is said that the writer of the letter is the same person as G. L. In my judgment, the letter is not signed by G. L. It is not signed by G. L. It is signed by a different person, and I am inclined to believe that the writer of the letter is not the same person as G. L.

The letter is addressed to "G. L. " but it is not signed by G. L. It is signed by a different person, and I am inclined to believe that the writer of the letter is not the same person as G. L.

There is, however, larger fish in the sea of the arts, or in the sea of the arts, as the case may be. To catch a leaf.

**THE CARNegie QUESTION**

Dear Sir,—There has been a good deal of talk recently of the Carnegie Fund, in connection with the question of the advisability of using this fund for the support of schools, colleges, and universities. In my opinion, the Carnegie Fund should not be used for this purpose. It is a great mistake to think that the Carnegie Fund can be used for this purpose. It is a great mistake to think that the Carnegie Fund can be used for this purpose. It is a great mistake to think that the Carnegie Fund can be used for this purpose.

The Carnegie Fund was established for the purpose of promoting the study of the fine arts, and it is the opinion of many that the fund should be used for this purpose. It is the opinion of many that the fund should be used for this purpose. It is the opinion of many that the fund should be used for this purpose.

There is much interest in the thought that the Carnegie Fund may be used for the purpose of promoting the study of the fine arts, and it is the opinion of many that the fund should be used for this purpose. It is the opinion of many that the fund should be used for this purpose. It is the opinion of many that the fund should be used for this purpose.

It is interesting to note that the history of the Carnegie Fund is not as well known as it should be. It is a great mistake to think that the Carnegie Fund was established for the purpose of promoting the study of the fine arts, and it is the opinion of many that the fund should be used for this purpose. It is the opinion of many that the fund should be used for this purpose. It is the opinion of many that the fund should be used for this purpose.

Inter-Varsity Wins in Golf and Shooting
Second in Rugby and Women's Tennis

J. M. McPhie, Editor. MARGARET COFFELL, Reporter.

Adelaide was represented in six Inter-Varsity contests during the varsity; with two wins, three second, and a third we have every reason to be proud of.

In Tennism the Little Tinn was the Victorian Matthew for the second year consecutively, and was regarded as the best team in the country.

The Little Tinn won the Victorian Matthew for the second year consecutively, and was regarded as the best team in the country. They defeated Sydney University, Melbourne University, and the University of South Australia.

The Inter-Varsity Golf was held in Torquay, where the weather was unkind, but the competition was keen. The matches were played over forty holes, and the best of three rounds was decided over a sixty-hole course.

The Inter-Varsity Tennis was held in Sydney, where the weather was excellent. The matches were played over forty holes, and the best of three rounds was decided over a sixty-hole course.
