**GIRLS’ REVUE TOMORROW, FRIDAY NIGHTS**

This is it! The show that will make the Follies turn a pale shade of mauve, the musical to out-extra-vagaza all musical extra-vaganzas, is a very thing to combat the near zero temperatures of these nights.

Do we mean "Sonnets" at the Palace? We do not. Or do we mean "Clips" at the Town Hall? We do not. Nor do we mean "Top Notch" or "Have a beam" as we do not. We mean "Too Darn Hot" at the 1953 Women’s Union Revue, in the Rebecca-to-morrow and Friday nights. (Details and editor, we love.)

**Rugby Club**

This is the show of shows that the Rugby Club has waited all winter for, the reason that (happily) John had his hair cut; the only thing that brought the Premier back from England, the sole purpose behind Sir Arthur Fadden’s budget cuts; the cause of Sir Winston Churchill’s illness, and the real origin of the British Labour party’s knighthood.

**Stokes Ordered to Leave: Secretary Walks Out**

Usually kooky things are said about “On Dit” when it uses the word “sensational.” We therefore prefer to record on incident at the last S.R.C. meeting, in which Mr. Charles Stevens (Men’s General) was ordered to leave, and Mr. George Waterhouse (S.R.C. Secretary) walked out on “sensational.”

The incident occurred during a debate on the Annual Proceeds towards the costs of the first session of the meeting last Friday night.

**Charity**

After it had been decided that one-half of the proceeds of a collection to be taken up during the Progress would go to the Adelaide City Council (with the approval of the Adelaide City Council) to the Aboriginal Scholarship Appeal, it was suggested that the other half should go to the charity of choice, such as being sold in the day of the Progress (August 4).

**Mr. Dunn’s Comment (Men’s General), opposing a motion in this effect, said: “It is impossible to tell exactly what charity will be appealing on the day of the Progress. It could be a party with a purple flavor, such as the Salvation Army, the S.S.C.O., or the Church of England Boys’ Home.”

**Interjection**

Mr. Waterhouse (shortly) said: "This is dogmatic and anti-electoral."

**Mr. Stokes (somewhat) said: "I made a second interjection."

**Mr. Chalmers: If you intend again, Mr. Stokes, I will make you and you will go out."

**Mr. Stokes (excitedly): Mr. Chairman, I told you to get out. Now get out!"

**Mr. Stokes: Do you really want me to leave? I am sure you will be glad you did."**

**Mr. Chairman: I told you to get out. Now get out!**

**Mr. Stokes then spoke to Mr. Waterhouse, and together they left the meeting.**

These women must have something! They’ve got Everything! Everything! They’ve got the best ballet since the Gaiety, all retired to become May-chinians; they’ve got the best show since Marlene Dietrich’s last, or even a blue angel; they’ve got the best all-time since Noel Coward fell from Royal favor; they’ve got the best band that will—well, come to think of it, they’ve got the best band ever.

**Splash**

Tracked to earth in the mason bar of the Richmond on Friday afternoon, the dasher produced sources from the Women’s Revue, Mr. Brian McNeil, to spout the following:asmething-out of “French Painting Today,” Mr. McNeil made the following statement:

"Yes, it’s going to be fast, furious, and, I hope, a little lighter shade of blue this year. The gala, bless her heart, has thrown herself right into it this year and the splash promises to be really spectacular. And talking about water, let’s push the best out yourselves tomorrow night or on Friday night. This is the event which, every year, brings to the frame of their inhibitions. If you haven’t already bought your ticket, get one NOW before we close!

Please note that State regulations do not allow children under the legal age of sixteen to attend the Women’s Revue unless accompanied by at least one parent of any age.

**SCOOP!**

Watch for big scoops on Medical School grievances, exclusive to “On Dit,” in our next issue.

One black ranting-back fellow, containing Zoology and Botany.

Please contact JILL DICKSON, W 3957.
CONGRESS SITE CHOSEN
Plans Under Way

The 1964 N.U.A.U.S. Congress site has been chosen—Alexandra Headland, one of the most beautiful places on the famous Queensland coast.

from the last Congress at Tullimbahdorna will be packed shortly. But a word now for those who haven’t been to a N.U.A.U.S. Congress before. Congress is held during long vacations each year, and is attended by about 500 students of all faculties from every State and New Zealand.

A Word
It’s a time when we all get together for some serious discussions and a lot of fun. All the different interest groups and clubs are represented, and ideas are swapped from State to State. Alexandra House is about 70 miles north of Brisbane. Jim Bry, Transport Officer for Congress, will let you know more details about special transport later.

GLEANINGS
OF
CLUC

My dear, we couldn’t mention this, but we know the story of the "Boston Tea Party". ’Tis another of the CLUC’s finest hours.

We lifted the blockade on the Boston Tea Party for the Legal Convention and discovered that the new portrait of the Chancellor has been hung. It is almost completely covered by a hideous grey frame, which is in even worse taste than the French Dutch further down the street.

A MAZING how regular the male ICSU staff has seen us. "The Dean’s Hot" replenishers run out of female students but must be slightly less enthusiastic by now. Curfew hour tomorrow and Fri.-day 8 p.m. in the Victoria — and boy, it’s hot stuff.

"When you want your modesty restored, the majority of adult students..." So they say. One of the male students so we will not be reinstated! They were for many in a minority and have arrived!

FAMOUS Cambridge magazine, "Granta", has been banned for the year by publishing an allegedly blasphemous poem. This in no doubt about it — Dr. Macpherson has got nowhere because the majority of the students believe him. On the way out, they use the same phrase. "Our lovely creativity!

A WIDOW who let off crackers in a public lavatory was arrested on Monday. The student was placed on a 203. If the behaviour was "Rude Boy" she would be in a lot of trouble.

At Melbourne Uni, meeting 800 students protest against the abolition of the quota system in students. They told the student body of 27 students who had passed the "Majority of Students" quota were not allowed to continue their studies. The 800 students voted that the quota of 160 had been re-established.

A GOODWILL tour of the NZ U.S. students will take place at the University of Auckland (about 150 participants). It will include students from all the northern states.

A RECENT Fair at Melbourne Uni raised $9,000 for the building fund. International House at the University has now raised $12,000 in this year’s gathering. Students are searched at the front police puppy, which causes much trouble for students.

Another motion thinking U.S. for offering to host the Anglican Scholarships Scheme, was not raised. Al- though once more which removed the words "U.S.", indicating that the S.R.C. would be willing to affiliate with "a true international union"—that is, not contrac- tion by the Anglican Scholarships Scheme.

One of the biggest items on the agenda at the last S.R.C. meeting was the confirmation of the University’s opinion on the "Anglican Scholarships Scheme". A motion that the Executive meeting believed that the Anglican Scholarships should be so planned that the pipeline for students was not restricted to "a true international union"—that is, not contrac- tion by the Anglican Scholarships Scheme.

Herb. Feith Speaks On Indonesia

just arrived back last week straight from Indonesia is Herb, Feith, who is passing through on his way back to his home Vanstey, Union. He is with pictures, tape-recordings, publicly written, and a lot of good words to say about work in Indonesia.

Government agencies. Their cars are paid for by the Australian Government under the Colombo Plan, not necessarily provided are a bike, money for tropical clothing and language tuition. An emergency fund is provided from which research workers may draw, should they get into difficulties.

...Herb Feith went to Melbourne to write a M.A. thesis on up-appearances for the first national-wide election in Indonesia, which comes off in about six months time. Later he hopes to write the results of those elections; and those results, he expects, will mean a victory for the Mochtar party and political stability for Indonesia.

Melbourne: The next time Herb Feith is seen in Melbourne, he’s likely to be wearing a white shirt instead of his usual black, which he had been wearing for his course on Indonesian Affairs.

DEBATE TEAM TO BE ANNOUNCED SOON

Australia’s top University debaters will this year meet at the New England University College, Armidale, for the annual inter-University Debates Carnival. The usual high standard of sparkling oratory is expected in the keen fight for the coveted Philips Cup.

The Adelaide team is expected to be announced in the next few days. The team is expected to be announced in the next few days.

"STOP PRESS"

DRAW FOR DEBATES

Draw for the inter-university debate was held this week at Sydney University, before the first round. Sydney University will face New England University in Armidale, while Melbourne University will face Queensland University.

Younger Theatre

The Younger Theatre production will be presented at Sydney Hall on Friday, July 31, and Saturday, August 1, and is entitled "To Bless You!" A comedy by Sydney Tayler, it is being produced by Barbara Streisand.

BOOKINGS ARE AT CRAWFORDS

On Duty, July 28, 1963

LITERARY COMPETITION DETAILS

Here are the conditions for the entry in "On Div!" 21st Birthday Literary Competition:

- A selection of the entries, for the competition, which gain prizes, will be published in the "On Div!" literary supplement on September 28. The editor reserves the right to either those entries and which are to be published.
- No prizes will be awarded where the judges deem that entries are not of a sufficiently high standard.
- All entries published will remain copyright of the publishers, Elphinstone University Students' Representative Council.
- The winning entries will be officially announced in "On Div!" on September 28.

"On Div!" is a cultural magazine published by the University of Sydney. It is the official publication of the University of Sydney Students' Representative Council. The magazine features articles, reviews, poetry, fiction, and other literary works. It is published bi-weekly during the academic year and monthly during the summer break. The editor is typically a student or a group of students. The magazine is distributed free of charge to all students, and copies are also available for purchase. The content of the magazine is usually determined by a editorial board, which is selected by the students. The magazine is a platform for students to express their opinions, share their experiences, and showcase their creative work. It is a way for students to engage with the wider community and to contribute to the cultural life of the university.
Let's Atom-bomb Canberra!  

But actually speaking, once upon a time during the dark days of the War, Australia was not much talked about in the West. We had the big city, Sydney, and the beautiful Hobart. But since then the situation has changed. Now Australia is a country of cities, and one of the most beautiful is Canberra. It is a city of parks and gardens, where you can walk for miles without meeting a person.

Boiled Bottle

Today, in this city, I was told that Canberra was a city of parks and gardens. It is a city of parks and gardens, where you can walk for miles without meeting a person.

Me And Buddhism

I am afraid that I cannot explain my understanding of Buddhism and its influence on me. I feel that I have experienced Buddhism and its influence on me.

Cost

Perhaps the most radical of all the experiences in this city is the feeling of being one with the universe. This feeling is not new, but the experience of it is.

Rebels

Oh, don't! Oh, dear! Oh, dear! Oh, dear! Don't think like that.

The Trinity

Church Falls

And the feeling is so strong that it is impossible to describe it. It is a feeling of happiness, of joy.

How It Is Done

Just as the feeling of being one with the universe is the most radical experience in this city, so is the feeling of happiness, of joy, the most radical experience.

Talk

You will find that in this city, the feeling of happiness, of joy, is the most radical experience.

Drama Festival

Season tickets at 20s. each, or 50s. each, for 8 consecutive performances, are now available from the S.F.O. office.

Scatter

Thirdly, there are more reasons to come to Canberra than just the scenery. Canberra is a city of parks and gardens, where you can walk for miles without meeting a person.

The W.E.A. Bookroom

WESTERN DRIVE UNIVERSITY - N.E.W. UNIVERSITY OF THE WORLD

Cute Name

Just as the feeling of being one with the universe is the most radical experience in this city, so is the feeling of happiness, of joy, the most radical experience.

School Books

Dundee University, a well-known educational centre, has produced a series of books, particularly "English," which are widely acclaimed and are considered to be indispensable. I should add that these books are considered to be indispensable.

Hilaire Belloc

Just as the feeling of being one with the universe is the most radical experience in this city, so is the feeling of happiness, of joy, the most radical experience. The feeling of being one with the universe is the most radical experience.

Letters to the Editor

Art Exhibition "Foible"

Sir,

I was rather amused to read the prevarications made in the "Art Exhibition" catalogue if the N.U.A.1.U.3. Art Exhibition catalogue if anything is worth the name of it. The authors seem to be under a delusion that their works are of any value. It is only too bad that the public should be misled into buying the works of these artists. It is a pity that the public should not be warned against such exhibitions. They are a waste of time and money. It is better to spend one's money on a good book or a good picture.

Yours faithfully,

MIGHTY BLIGHTER

CLUBS AND SOCIETIES

Liquor Rules Are Ridiculous!

Sir,

I would like to know how much longer we have to put up with the ridiculous liquor rules which prohibit the consumption of alcohol in certain places. The recent controversy at the Refractorium is evidence of the necessity for reform. If we look back at history, it is clear that the liquor laws have been a failure. The prohibition of alcohol has led to an increase in crime and a decrease in public morals. It is therefore time that we had a radical change in the law.

Yours sincerely,

S. C. M. MISSION CONTINUES

In three hours' time the last of the S.C.M. mission will be over. Otherwise and the Anagnorisis team will be in two minutes away at the Refractorium. Dr. D. of the team went on a visit to the work of the S.C.M. Mission in the University was continued.

Dr. H. of the team said that she went during her visit to the mission, a great deal of the working of the mission was done by women. The mission was a place where women could meet and discuss social and political issues. The mission was a place where women could find support and friendship. The mission was a place where women could find hope and inspiration.

You Slugs You!

Because of the very poor weather we had on the "On the Mat" and the "Nunatak Competition," you would all have been wondering if the winning team would be decided. It was decided that the winning team would be decided by a draw, which would be held next week.

Yours faithfully,

A.C.R. Bivonac

NEW RULES ARE REQUIRED

Sir,

The new policy of the A.C.R. has prompted several bivonac range practices over the past few weeks. Many of these practices have been successful, but there are some that need improvement. The following are some recommendations for new rules.

1. The range should be limited to a maximum of 1,000 yards.
2. The use of live ammunition should be prohibited.
3. The range should be open only during daylight hours.
4. The range should be closed during bad weather conditions.
5. The range should be supervised by a qualified instructor.

Yours sincerely,

M. ATCHISON

for the unhealthy

Pakistan was divided from India in 1947 and in 1956 refugees from the Kashmir and India were still streaming into the new State, which in 1949 had a population of 85 million.

This number is about ten times the present population of Australia, which is almost ten times greater in area.

HELP FOR THE UNHEALTHY

in the hands of W.U.R. (World University Service), which is endeavoring to supply student health services and medical aid to the University of Pakistan.

A student health scheme requires medical officers and trained nurses as well as medical supplies, and it needs funds to provide these.

This is where W.U.R. comes in, the money collected in the appeal will be sent to Pakistan for the purpose of setting up new hospitals and developing the student health services.

Our work is as important in keeping a free health service afloat to be generous to the less

"Er—Excuse Me"
FIELDING CAUSES REVERSAL

Inter-Varsity Team

On Saturday, July 18, the A team scored a won-deerful win by 9 runs to 5 against the Kentington team. The fielding of our team was superlative, and in particular, our secretary, Don Fuller, excelled in this department.

However, disappointment followed as our team lined up against the match against Sturt, the fielding by the University players was as reproachless as the Hasty exhibition...Brian Quigley, as pitcher, received little support from the other fielders, and we lost. The game's scores were: Sturt 9 runs, University 8 runs.

MAJOR "B"

The B Grade team has won its last two matches, each by the margin of one run. Good team play has been the mainstay of both of these victories, even if significant errors were made. We lost two men, and the team's scores were: Sturt 9 runs, University 8 runs.

MINOR "B"

The Minor B team has not proved to be as successful as we anticipated, and there were some serious lapses for the participation of this team in major round match.

On July 18 and on July 25, the Minor C's won by 9 runs to 5 over Woodville, and by 14 runs to 13 against Adelaide, respectively. This team may now have a good chance of reaching the semi-finals.

Please bring in all unused tickets and any money which you may have in competition with the minor matches. Leave same with Woodville's second floor, Physics Building.

INTER-VARIETY

The team which will represent Adelaide in the Inter-Varsity baseball carnival in Brisbane during August has been named. The players selected are: Doug Biddle (captain), Graeme Stewart (manager), Brian Farnhill, Don McMahon, John Holland, David Lewis, Brian Quigley, Gerald Smith, Glen Brown, Peter Ryan, Garry Kinsman, Brian Solomon, Colin Heath, and Mal Hilton. This team seems to be a good representative side considering that the weather is to be held at a fair distance from Adelaide. Only a few of the top players of the club are unable to make the trip.

The main event will leave Adelaide by train on Friday, August 14, while the remaining five members fly to Brisbane on Sunday, 16th. It is expected that this side should not do too badly, but reliance off the diamond, for what is looking in experience should be gained by the youth and youthfulness of the members of the team.

TABLE TENNIS

The main feature of the week's activities was the unusual success of the lower grades. It seems that the table tennis has been more popular than ever, and this week we have had the following scores:

On July 9, the Dean's match between the University and the City of Adelaide, resulted in a 3-1 win for the former. On July 16, a match between the University and the City of Adelaide, resulted in a 3-1 win for the former.

Badminton Grip

On State Title

The "Varsity" team has a fair chance of monopolizing the men's singles and doubles in the "A" Grade S.A. Badminton Championships.

The efforts are being watched attentively by all those in Association match fixing. On the first night Kim Tan and H. L. Lin escaped near defeat to win the last of their three in the doubles, 11-12, 11; K. Ran won two singles in the singles, the second round, and narrowly won over the second most astute player of the night. Both players were evenly matched and levelled up for the occasion. The scores were 11-9, 11, 11-11. After this exciting game, Wan was fortunate to have a forfeit for his mixed doubles partner on the same night.

Another exciting achievement was on Tuesday night when H. L. Lin marginally won when the scores in the second set went up to 11-The death of Jimmy Kwei and A. K. Froese saved but lost against Victoria 8-8 (with only two men playing). Under the expert guidance of the newly appointed D team chairman, hosted by Andrew Miller, Goodwin and Kow as the team's chairman.

Members of the EY's were elated after their first win in the 1953 season, defeating Gatehouse 5 and Lewis in a flash. Goodwin and Lewis both won their three singles. They hope to continue in this championship and conclude a single tournament on Saturday, August 6, at the Boat Club.

For details, please contact the Badminton section of the Recreational House.
