The Brodies' Scholarships.

Speaking at the annual speech day of the University, the Governor said that the establishment of the Brodies' Scholarships had been a great success. He congratulated the students who had received them and said that the University was proud to have such scholars.

The Brodies' Scholarship was established by the late Lord Brodies in memory of his late wife, Miss Brodies. It is open to students of the University who are not in receipt of any other scholarships.

The University Scholarship Committee has awarded the scholarships to the following students:

- John Brown
- William Smith
- Mary White

The Governor said that the scholarship money would be used to support the students during their studies.

SCHOOL DEMONSTRATIONS.

With singular approbation schools speech days are associated with festivals, and in that connection it is necessary to mention the School Demonstration. This is an annual event which takes place in the University, and it is always an occasion of great interest and excitement.

The School Demonstration begins with a parade of the students, who are dressed in their school uniforms. They are followed by the school bands, who play a variety of music. The students then assemble in the University and listen to speeches by the principal and other dignitaries.

The highlight of the demonstration is the grand march, which takes place after the speeches. The students march in formation, shading their eyes from the sun with their caps, while the bands play their best marches.

The School Demonstration is always a popular event, and it is eagerly anticipated by the students and their families.
