GENERAL CABLE NEWS.

The Commissioners of the Exhibition of 1851 have awarded scholarships for scientific research to Richard Hadlow, of Med- 
chester, and Mathew Albert Hunter, of New Zealand. The scholarships are of the value of £100, and extend over one year. Mr. G. Barker, of Sydney, who has already received one seven years, has had his term extended for a second year.

The Manufacturer's Association of Tor- 
onto, Canada, has decided to tender a han- 
dred to Edward Barton, Mr. S. Wood, and Sir John Forrest, on the ac- 
ceptance of the visits of those gentlemen to that city.

The Chief Secretary replied—Not at present.
