A THESIS

SUBMITTED FOR THE DEGREE OF

DOCTOR OF SCIENCE

BY

GORDON KINGSLEY HUGHES, B.Sc.

DEPARTMENT OF ORGANIC CHEMISTRY

UNIVERSITY OF SYDNEY

10-9-54

PREFACE

The main thesis consists of twenty published papers and one accepted for publication by the Australian Journal of Chemistry and is supported by six more published papers. In all of them the candidate is a senior author. In those papers in collaboration with E. Ritchie, who is also a senior author, he or the candidate first drafted the paper and its final form was then decided conjointly.
