The ITALY OF THE SOUTH

Sweet-Voiced Australians.

The Elder Scholarships.

Quite a number of Australians, despite the comparative youth of the country, have already done large in the world of art, and when they come for cultivation improve, the lies will be greatly added to. Their numbers are not, however, to be encountered in the Commonwealth have been generally known to be accomplished young men and women preferred older branches of vocal music, and a great many, and the average of the Commonwealth is considered in conjunction with the致力 of singers, whom those who have gained fame in the old world on the same stage and in the same form, it must be acknowledged that the number of Australians at the present moment is remarkable.

MADAME XERBA has been reserved for years as the leading soprano of the world, but a dozen of voices also have been under the Cross, which would have won a place in the first flight but for a lack of opportu

Australia's Past Disadvantages...

Considering the youth of the country, Australians have done a great deal in many covered positions, in the musical world, but the future is not without the winning of many fresh laurels. In the past the state of the country was such that aspiring vocalists of the old world had had a decided advantage...
