CHANGES ON NORTH TERRACE

Cabinet is giving serious attention to a proposal for the recreation of the Government properties on North Terrace. Apparently, a scheme has been developed to remove the present pavilion and to build a new, more spacious one in its place. The location of the new pavilion will be determined by the Government's need to provide a more suitable venue for public gatherings.

The present pavilion is scheduled to be removed, and the area cleared for the construction of a new pavilion. The new structure will be designed to accommodate a larger number of visitors and will feature modern amenities.

NOTES AND QUERIES

The Verrier Administration:

From "Demolish"—"I have always been an adherent of the "Demolish" movement. However, I now find myself in a difficult position, having to report on the veracity of the claims made by the "Demolish" faction. The situation is complex and requires careful consideration before any conclusion can be reached.

The Minister of Education, Mr. Smith, has ordered a review of the education system to ensure its effectiveness and efficiency. The review will be conducted by a team of experts who will analyze the current state of education and propose recommendations for improvement.

ASSOCIATION FOR ADVANCEMENT OF SCIENCE

The next meeting of the Association for the Advancement of Science will be held on 30th November at 8 p.m. It is expected to attract a large audience. The meeting will focus on the latest developments in science and technology. The guests include several prominent scientists and engineers who will be sharing their insights and experiences.

The following section will discuss the recent advancements in physics, chemistry, and biology. The discussion will also cover the impact of technology on society, with a special emphasis on renewable energy sources.

THE CONSERVATORY OF MUSIC

In accordance with the new regulations, the Conservatory of Music will be closed until further notice. The decision was made after careful consideration of the current situation and the impact of the regulations on the institution.

In the meantime, the Conservatory will continue to offer online courses and workshops to students who wish to continue their studies.

The Conservatory will reopen in the near future, with a new schedule of events and activities.

The Conservatory will reopen in the near future, with a new schedule of events and activities.
