UNIVERSITY COMMITTEE.

FIRST PROGRESS REPORT.

IMPORTANT RECOMMENDATIONS.

Mr. T. Kavanagh, M.P. (chairman), in the House of Assembly on Thursday evening, moved the following resolutions with regard to higher education and the University of Queensland:

1. That the committee have held six meetings this session, during which the subject of university building and ground has been discussed.
2. That the University Buildings Committee have selected a site for the University buildings, and that this site is suitable and adequate for the purposes for which it is intended. The committee recommend the purchase of the property for the sum of $25,000.
3. That the University Buildings Committee have submitted a plan for the main building, which is to be a four-storey building, 100 feet by 100 feet, with a central tower.
4. That the University Buildings Committee have recommended the appointment of Mr. J. G. Smith as architect for the main building.
5. That the University Buildings Committee have recommended the appointment of Mr. J. G. Smith as architect for the main building.
6. That the University Buildings Committee have recommended the appointment of Mr. J. G. Smith as architect for the main building.
7. That the University Buildings Committee have recommended the appointment of Mr. J. G. Smith as architect for the main building.
8. That the University Buildings Committee have recommended the appointment of Mr. J. G. Smith as architect for the main building.
9. That the University Buildings Committee have recommended the appointment of Mr. J. G. Smith as architect for the main building.
10. That the University Buildings Committee have recommended the appointment of Mr. J. G. Smith as architect for the main building.

The matter which was most urgently pressed on the committee was the immediate need for funds. Mr. Kavanagh moved a resolution to the effect that the University should be provided with funds for the immediate purchase of the building land. The resolution was carried by a large majority.

The committee also discussed the question of the University buildings, and recommended that the University Buildings Committee should be given full power to carry out the plans for the main building. The committee also recommended that the University Buildings Committee should be given full power to carry out the plans for the main building.
