BRITISH SCIENCE GUILD

A branch of the British Science Guild is to be formed in Adelaide, under the auspices of Mr. W. H. Hulbert, is getting everything in readiness for the opening of the society and will shortly announce the date and time of the first meeting. The Guild has a membership of over 100, and its activities will include lectures and discussions on various scientific subjects.

UNIVERSITY OF ADELAIDE

A meeting of the council was held on Friday, Tuesday, the Chancellor, the Vice-Chancellor, and other members of the council were present. The council discussed the appointment of the first Professor of Physics at the university and also considered the report of the committee appointed to consider the financial position of the university. The council decided to appoint Mr. J. H. G. Taylor as the first Professor of Physics.

UNIVERSITY STATUTES AND REGULATIONS

On Wednesday, the Executive Council approved of a set of regulations and amendments made by the Senate of the University. The regulations concern the admission of students with qualifications, the Conduct of Students, and the financial regulations. The amendments include changes in the duration of degrees, the appointment of examiners, and the conditions for the award of scholarships.

VICTOR HARBOUR

August 13.-A meeting was held today for the purpose of forming a society for the acquisition of knowledge in science and technology. The meeting was well attended, and a number of distinguished scientists were present. A committee was appointed to draw up the constitution of the society, which will be submitted to the council for approval.

THE UNIVERSITY IN THE COUNTRY

The advantages offered by the University are attracting many students from rural areas. The University is expanding its facilities and offering courses in agriculture, forestry, and veterinary science, which are particularly popular among students from rural areas. The University is also providing scholarships and bursaries to students from rural areas to enable them to pursue their studies in the city.

TECHNICAL EDUCATION

Mr. Ryan asked whether it was the intention of the Government to appoint a Director of Technical Education, and, if so, when. The Minister of Education said that the Government has decided to appoint a Director of Technical Education, and that the appointment will be made within the next month. The Director of Technical Education will be responsible for the development of technical education in the state.
