DESTINY OF THE NEGRO RACE.

In the Prince of Wales' theatre, at the University of Adelaide on Friday, Dr. Karl Kumm, B.D., recently returned from South Africa, delivered another of his delightful ad-

Dr. Karl Kumm, B.D., who has del-

DELIVERY OF THE SERMON.

During the last few days, a great deal of attention has been paid to the subject of the Christian mission in South Africa. The proclamation of the German Empire in South Africa, the formation of a band of Christianity across the Conti-

ment, and the establishment of a mission in the interior, have all contributed to the general interest in the subject.

The Chair (Mr. Samuel Way) said that the subject of the sermon was of such interest to the whole world, and that it was a subject of such importance to the future of the human race, that it was

the duty of every Christian to give it his best efforts to promote the work of the mission.

Dr. Kumm said that the mission was carried on by brave and faithful men, and that it was their duty to do all in their power to support them.

Dr. Kumm said that the work of the mission was a work of suffering and danger, but that it was a work of great importance to the future of the world.

Dr. Kumm said that the mission was carried on by brave and faithful men, and that it was their duty to do all in their power to support them.
