SECONDARY EDUCATION FOR THE WORKERS.

WHAT ENGLAND IS DOING.

While touring Australia in connection with the World's Student Christian Federation, the Rev. W. Temple, M.A., will also speak of the success being achieved in the motherland by the World's Educational Association. At a reception tendered to him at the University on Monday Mr. Temple stated that whole body of students had made some real contribution to these discoveries. In the first place, it had been found that the Australian educational system of England it was possible for a boy to get away from school at the age of 15 or 16 without ever having had any formal education. He was truly a ruffian in the usual sense of the word and he was great.
