At the meeting of the council of the University of Sydney, W. E. Phillips, who has been appointed Chief Justice of New South Wales, was a candidate for the position. The position of Chief Justice is one of the highest in the judicial system, and the University council unanimously voted in favor of Phillips. He has had a distinguished career in the legal profession, serving as a judge in the Supreme Court of New South Wales.

CRAMPED FOR SPACE

UNIVERSITY AND EXPANSION.

SUGGESTED VETERINARY SCHOOL.

It is understood that the University Council will shortly appoint the Governor of New South Wales to the position of Governor of the University of Sydney. The Governor is expected to be a prominent figure in the legal and political circles of the state. The council has already discussed the possibility of establishing a veterinary school, and it is believed that the Governor will support this initiative.

UNIVERSITY AND THE RIVER BANK.

The University has purchased a large tract of land on the river bank, and plans are being made to construct additional buildings on the site. The land is valued at several million dollars, and the University expects to realize a substantial profit from the sale of the property.

VETERINARY SCIENCE.

The University is developing a new program in veterinary science, with the goal of training future veterinarians. The program will be located on the University campus, and it is expected to attract students from all over the country.

COLLEGE OF DENTISTRY.

The College of Dentistry is expanding its facilities, and new buildings are under construction. The college is expected to become one of the leading centers for dental education in the country.
