WESTERN AUSTRALIAN STUDENTS.

The extent to which Western Australian students make use of the tests offered by the examinations of the University of Adelaide is shown in the general honours list of the higher public examination which was published in "The Advertiser" on Saturday. The standard of the examination in the various subjects is about equal to that required for the same subjects in the first year of the arts and science course at the University. There were only 20 names on the general honours list, and of these 12 were of Western Australian students. Of the others four were Prince Alfred College boys, three were St Peter's College students, and one was from the Adelaide High School. The top place was taken by Mr. K. E. D. Brockman, of Perth, who won the Tennyson medal for English at the same examination last year, being then 7th on the general honours table. The student second on the list, Mr. H. W. Sanders, of St Peter's College, also took the examination last year, when he was 12th. The third and fourth places are both taken by Western Australian boys, and for the fifth place, George Miller, of Prince Alfred College, and for the Prince Alfred boys are bracketed. The latter (Mr. F. W. Wall) in the same examination last year tied with a Western Australian for ninth place. Last year there were 12 names on the general honours list, these positions then being Western Australian six students, St Peter's College two students, and the Sacred Heart College, Largs Bay, one student.
