MATRICULATION GREEK.

TO COUNT AS TWO SUBJECTS.

UNIVERSITY SENATE'S DECISION.

At the June session of the senate of the University, held yesterday afternoon, the Western University (now Buffalo) decided to include in the Senate's support of the maintenance of Greek as a subject of University study. In order to strengthen the somewhat waning popularity of Greek, Dr. Leeper had carried through the council a resolution to make Greek one of the subjects in qualifying for matriculation at the Western University, if desired. The decision, however, was not without its critics, as some felt that the move would not benefit the subject, but serve as a subject for which the students were not prepared.

Professor Tucker, in seconding the motion, expressed his concern over the decline in the popularity of subjects like Greek. The faculty, in its wisdom, decided to address this concern by making Greek a more accessible option for students. Tucker noted that the decision was made to ensure that students had the opportunity to engage with the subject in a more meaningful way.

The senate agreed, and the decision was made to count Greek as two subjects for the purpose of matriculation.

EDUCATION SYSTEM.

From Rev. C. F. Schaefer—Under the new regulations of the Education Department, the future of the University will be decided by the number of students registering for the next year. This is a decided advantage for the University, which has been faced with the possibility of not filling all the seats due to the uncertain nature of the system. The new regulations will ensure that the University can continue to operate smoothly and will be able to accommodate the growing number of students.

SYDNEY, June 27.

The following message has been received by Mr. C. Eitel (Secretary of the Australasian Antarctic Expedition) from Dr. Mason, who, with six other members of the expedition, is returning to Australia.

"We are all well, and the weather is very good. Everything is going according to plan, and we expect to arrive in Sydney in a few days. The trip has been a great success, and we are looking forward to a warm welcome upon our return."
