Loss to the Children's Hospital.

The Rev. D. Burgoyne, the late secretary of the Children's Hospital, whose death was a great loss to the community, died on November 12. He had been in the hospital for the last 12 years and was secretary of the Children's Hospital from 1882 to 1894. He had been greatly interested in the hospital and had worked hard to improve its facilities and services. He was held in high esteem by all who knew him and his passing was deeply regretted by his many friends and colleagues.

Dr. Hamilton's Epilogue.

Lady War was a member of the State Children's Council, and the members of that body were present at the meeting of the council, which was held on October 19. Lady War was present, and appeared to be in fine health. She was the president of the council, and the meeting was opened by her as the chair.

Mrs. C. E. Todd.

In common with all those connected with the Lady Victoria Buxton Hospital, Lady War's sudden death was a shock to many. She was not only a great loss to the hospital, but also to the community as a whole. She was a devoted and tireless worker, and her absence will be greatly felt. The hospital will miss her wisdom and guidance, and the community will miss her kind and sympathetic nature.
