The University and the Army Medical Corps

To the Editor,

Sir—_I see that Dr. Ramsey Smith, with that thoroughness for which he is noted, has suggested that the senior medical students who are connected with the Military Department of the University and the Red Cross Society, will be required to take the examinations before the end of the year._

Mr. Smith has called attention to the fact that the medical students are offering their services to the Red Cross Society, and that they will be required to take part in the examinations for the Red Cross Society, which will be held at the end of the year. The examinations will be held at the Royal Hotel, and the students will be required to attend the examinations at the end of the year. The examinations will be held at the Royal Hotel, and the students will be required to attend the examinations at the end of the year.

I am, etc.,

[Signature]

November 26, 1914.

MEDICAL STUDENTS FOR THE FRONT.

South Australian Applicants.

The British Army in Belgium and France requires the aid of as many doctors as it can procure. The medical students who are connected with the University and the Red Cross Society have been requested by the authorities to attend the examinations for the Red Cross Society, which will be held at the end of the year.

The examinations will be held at the Royal Hotel, and the students will be required to attend the examinations at the end of the year. The examinations will be held at the Royal Hotel, and the students will be required to attend the examinations at the end of the year.

UNIVERSITY COUNCIL ELECTIONS.

The Senate of the University of Adelaide again had before it on Friday of last week the matter of the election of the Vice-Chancellor. The election was held in the rostrum of the Senate on Wednesday, November 25, last year. The late Canon Girdlestone, M.A., was the only candidate, and was elected unopposed in the Senate. Girdlestone's proposal was that voting should be permitted between noon and the hour of five. The restriction was that the time of the meeting should be restricted to one hour. Consideration of the question was deferred so that the matter could be referred to the Vice-Chancellor (Dr. W. Barlow, C.M.G.), whether the Senate had power to make the proposed alteration. Dr. Barlow decided that the Act made it imperative that the Senate could be held to a meeting of the Senate, duly convened for that purpose. The Warden (Mr. G. H. Proctor) was ordered to the Senate. Mr. Chapple was referred to the Vice-Chancellor, Mr. Chapple was of opinion that all matters connected with the election must take place during the same time. Mr. Chapple said he would be read from the Act. That course was proposed 30 years ago, but the Council at the time did not deem it expedient to take the step.

ALEXANDER CLARK MEMORIAL.

At a meeting of the Senate of the University of Adelaide on Wednesday approval was given on the motion of Professor J. E. Blackwood, to the motion for the Alexander Clark Memorial Fund. The sum of £200 was to be paid to the University in memory of the late Inspector Clark. The annual prize for the most promising student who entered the Cathedral and for the study of three years, the principal subject (pianoforte, violins, violins, or violins) for which the prize was awarded, together with secondary subjects approved by the President, was never to be more than 18 years of age, and must have been under the care of the Inspector for at least two years, between the ages of 18 and 30. The School Council will be held by the rector, Professors Emmett and Mitchell, the Rev. Dr. Jeffries, and Dr. P. R. M. Hales.

The Advertiser

November 26, 1877

Mr. F. Chapple, B.A., B.Sc., has been unanimously re-elected warden of the University. Mr. Chapple has returned to the office each year since 1883 without opposition. Mr. F. Alexander, B.A., B.Sc., has been appointed as clerk of the Senate, in which capacity he has been since 1883, and has lately been elected as clerk to the Senate. The five annual vacancies on the Senate Council will be filled by the re-election of Mr. F. Alexander, B.A., B.Sc., Mr. J. E. Blackwood, Professors Emmett and Mitchell, the Rev. Dr. Jeffries, and Dr. P. R. M. Hales.
MEETING OF SENATE.

A meeting of the Senate of the Adelaide University was held yesterday afternoon in the physics room at the University. Mr. F. Chapple (the warden) presided over the meeting. Dr. W. Barlow, C.M.G., was present, and the attendance was a representative one.

The vice-chancellor replied to a request of the Senate to give an opinion on a resolution passed at the previous meeting of the senate, moved by Canon Girdlestone, providing for an amendment of standing orders allowing voting for the election of a member of the University council between the hours of 12 noon and the hour fixed for the meeting of the senate on the day of senate meeting.

Dr. Barlow set out his opinion at length, which concluded with a statement that he was of opinion that the senate had not the power, under the Act of Incorporation of 1874, to pass an alteration of the standing orders in the direction suggested. The election of members of the council must take place at the meeting of the senate.

The warden said that it would require an alteration of the Act to do as the mover suggested. Therefore Canon Girdlestone’s motion would lapse as being ultra vires. The warden said that they were greatly indebted to the vice-chancellor for the thoroughness with which he had gone into the matter.

Senate Elections

Mr. F. Chapple, B.A., B.Sc., was re-elected warden of the senate. He had successfully been re-elected since 1893.

Mr. T. A. Caterer, B.A., was re-elected clerk of the senate for the 27th successive time.

Council Elections

The following retiring members of the council of the University were re-elected, namely, Dr. W. Barlow, C.M.G., B.A., LL.B., Professor Ennis, M.A., Rev. J. Jefferis, LL.D., Professor Mitchell, M.A., D.Sc., and Dr. Benjamin Poulton, M.D.

On the motion of Professor Rennie, seconded by Professor Chapman, the conditions for the degree of Bachelor of Science were altered to provide that no student shall be admitted to lectures until he has completed the corresponding compulsory subjects, except by the permission of the Faculty of Science.
