The University of Adelaide.

Examination Results.

Examinations for the degree of Bachelor of Arts in Medicine were held from Monday, November 2, to Thursday, November 5. The examinations were conducted in accordance with the regulations for the degree, and were open to all students who had completed the prescribed courses of study. The examination papers were divided into two sections: a theory section, which comprised multiple-choice questions and essay questions, and a practical section, which included case studies and practical demonstrations. The examiners were experienced and knowledgeable in their respective fields, and they ensured the fair and impartial assessment of the students' work.

Twelve beds had been placed under the care of the medical students in the medical wards of the hospital. The entire examination was conducted in a formal manner, with strict adherence to the rules and regulations governing the conduct of examinations.

Colonel T. G. Wilson said that the examination of the medical students was a significant event in the academic calendar. It was an opportunity for the students to showcase their knowledge and skills, and for the faculty to assess their readiness to enter the medical profession. The examination was conducted in a fair and impartial manner, with strict adherence to the rules and regulations governing the conduct of examinations.

Education.

Teachers' Salaries Raised.

Several changes were made in the education system in recent years. Teachers' salaries were raised, and new regulations were implemented to improve the quality of education. The regulations are being reviewed and updated periodically to ensure that they remain relevant and effective.

The regulations are being reviewed and updated periodically to ensure that they remain relevant and effective. The focus is on providing a high-quality education to all students, regardless of their background or socioeconomic status. The regulations cover a wide range of issues, including curriculum development, assessment methods, and teacher training.
