PROPOSITION OF PARK LANDS.

Keep the public interest in being manifested. A poll to be taken in Adelaide on Friday, for the purpose of ascertaining which portion of the park lands, owned by the City, ought to be granted to the Tennis Association for the erection of a tennis ground, will be held on that day, and the results will be announced in the evening. All persons interested are requested to vote in the poll, and the results will be announced in the evening.

The tennis ground will be situated near the railway station, and will be partly fenced in, and the land will be level and well-drained. It is hoped that the ground will be ready for use by the end of the season.

For the benefit of the public, the City has decided to grant the land to the Tennis Association, and the results of the poll will be announced in the evening.

THE PARK LANDS.

To the Editor.

Sir,—With reference to the application of the public to the City Council for permission to issue a lease on the portion of the park lands which are at present vacant, and which are proposed to be given over to the use of the tennis players, I wish to express my opinion that the grant of the lands to the Tennis Association is entirely unwise. The park lands are at present undervalued, and would be worth many times their present value if they were used for a public purpose.

I understand that the City Council has decided to grant the lands to the Tennis Association, and I am sure that this decision will be regretted by the public.

Yours truly,
A. J. ROBERTS.

September 3, 1919.

THE PEOPLE'S PARKS.

Citizens of Adelaide who are called upon to vote to-morrow on the question of preserving the public grounds from private ownership, will do well to give this matter their earnest consideration. The parks are a public trust, and should not be sold to private interests. The citizens of Adelaide should endeavour to save the parks for the enjoyment of the public.

The parks are a public trust, and should not be sold to private interests. The citizens of Adelaide should endeavour to save the parks for the enjoyment of the public.

Yours truly,
G. T. HARDGRAVE.

THE PARK LANDS.

TO-DAY'S POLL.

To the Editor.

Sir,—Writing as one who has all his life been interested in everything that befriends the welfare of Adelaide, and who has been a life-long supporter of the City Council, I hereby appeal to the citizens to vote against the proposal of the Tennis Association to lease a part of the park lands which are at present vacant, and to which the Council has decided to grant them.

I understand that the proposal is to lease a part of the park lands to the Tennis Association for the purpose of erecting a tennis ground. This proposal is entirely unwise, and I am sure that the citizens of Adelaide will regret it if they vote for it.

Yours truly,
C. W. SMITH.
