SPORT AND COMMUNITY LIFE.

The advantages of college men for sport are obvious. He has usually two or three hours a day more than the non-resident student, and it is a natural consequence that he devotes the greater part of this time to physical exercise. The Registrar of the University, Mr. T. K. Young, has stated that a great number of students are engaged in the various sports and games. The men's organizations are also very active, and a great deal of money is spent on clubs and societies.

RELATIVITY.

EINSTEIN'S APPALLING EQUATIONS.

The death of a great man is always a matter of regret. The death of a great scientist is a matter of even greater regret. The death of Albert Einstein is a matter of the greatest regret. Einstein's theories have had a profound influence on the development of physics and the understanding of the universe. His work has also had a profound influence on the development of society and the way we think about the world.

ADelaide Repertory Theatre.

Dr. W. T. Hayward, C.M.G., Dean of the University, has been appointed to the position of President of the University's staff association. He has been a member of the staff for many years, and has held various positions, including that of President of the University's staff association. His appointment is expected to be welcomed by the staff, who will be able to continue to look forward to the best possible education and training for their students.

UNIVERSITY RESIDENCE COLLEGE.

The University Residences College is one of the oldest and most respected institutions in the country. It was founded in 1854 and has been in continuous operation ever since.
