A NOTABLE GEOLOGIST.

Prof. Howchin Retired from Public Library Board.

Professor Howchin, who was the first editor of the "Geological Magazine," has been elected a member of the Royal Society of New South Wales, and has been elected a fellow of the Royal Society of London. He is also a member of the Geological Society of London.

PHOENIX SCHOLARSHIP.

The Phoenix Scholarship has been established by the Government of New South Wales, and is awarded to the best student in the University of New South Wales. The scholarship is open to students of any nationalities, and the examination is held in Sydney.

EMBRYO DOCTORS.

Nearly 500 in Sydney University.

This year, the number of students in Sydney University who have passed the examinations for the degrees of Doctor of Medicine and Doctor of Surgery is nearly 500. This is a remarkable increase over last year, when the number was only 200. The increase is due to the fact that the University has been able to accommodate a larger number of students, and that the courses have been made more attractive.

A DROWNING CASE.

Mr. Andrew Gilbert Washbourn, 21, was drowned in the River Torrens last Saturday afternoon. He was swimming with a friend, and was seen to go under water. The boy was救ed, but the body was not recovered until the next morning.

The funeral was held on Thursday, and the body was taken to the cemetery in the Torrens. The funeral was attended by many of the students of the University, and was conducted with much dignity.

A SOLAR ECLIPSE.

The eclipse that occurred on the 26th of October was observed by a large number of students and instructors in the University. The total eclipse lasted for several minutes, and the sky was dark for some time after the eclipse was over. The students were able to observe the eclipse through telescopes, and many of them were able to see the event with the naked eye.

The eclipse was observed by many in the city, and was reported to be a remarkable event. The sky was dark for some time after the eclipse was over, and many of the students were able to see the event with the naked eye. The eclipse was observed by many in the city, and was reported to be a remarkable event.
