IN THE OTHER STATES.

SOUTH WALES.

Sydney, September 21.

The eclipse was not expected to occur under such favourable weather conditions in Sydney, and great public interest was manifested in the phenomenon, which was considered as one of the few chances in a lifetime of witnessing a total eclipse seen in the state. The public was informed that the eclipse would be visible in the city at 11.23 a.m., and after a few days of fine weather, the announcement was received with delight.

Mr. Tom Barr Smith, local residence and business interests, was present to observe the eclipse. The total eclipse was witnessed by the crowd, and a great deal of excitement was visible.

The following wireless messages were received from Mr. G. F. Dobie, at Condobolin, Western New South Wales:

To Messrs. A. N. W. and J. F. D.: "The total eclipse was witnessed by the crowd, and a great deal of excitement was visible."

Condobolin 11.23 a.m.: "The total eclipse was witnessed by the crowd, and a great deal of excitement was visible."

Condobolin 11.23 a.m.: "The total eclipse was witnessed by the crowd, and a great deal of excitement was visible."

WESTERN AUSTRALIA.

Perth, September 21.

Great interest was shown in the eclipse in Perth today. A total eclipse of the sun occurred at 11.23 a.m., and many people with smoked glasses stood in the streets and viewed the sight in a few minutes before it was too late to do so. The eclipse was a brilliant one, and the sun was visible on its descent in the west.

TASMANIA.

Zeehan (Tasmania), September 21.

An eclipse of the sun was observed at 11.23 a.m., and the total eclipse lasted for 4 and 5 minutes. There was great excitement among the residents of Zeehan when they saw the great eclipse, and the sun was visible on its descent in the west.

WOMAN'S PART.

WORK OF THE NATIONAL WOMEN'S CLUB.

A YEAR'S ACTIVITIES.
