BROADCASTING AND MOTORS

Mr. H. Hozon, of the Adelaide University, has been elected a Fellow of the Australian National University, a move in recognition of the important work he has done in developing broadcasting in Australia.

UNIVERSITIES LABOR PARTY

INAUGURATION OF A NEW MOVEMENT

The University Labor Party was inaugurated at a meeting held in Birmingham recently, presided over by Professor Raymond Beasley, and attended by labor supporters from several universities. The movement was formed in response to the growing pressure from students for greater representation in university administration.

EMPIRE UNIVERSITIES

IMPORTANT CONFERENCE IN JULY

LONDON, February 18.

The national conferences of students from the universities of England and Wales are planning a conference to synchronize with the Empire Exhibition. It is hoped that every university in the Empire will be represented. Each university will be represented by a delegation of students, subject of discussion will be the cooperation between the universities of the United Kingdom and the dominions, especially in relation to the exchange of visits by students. The conference will be held at Oxford or Cambridge in July.

ACCOUNTANCY EXAM.

CONSIDERED TO BE TOO LONG

Trial of Speed, Not Knowledge

Objection was taken last night at the annual meeting of the Institute of Actuaries, to the length of the exam. Dr. D. C. D. O. Wilson, M.A., a member of the Institute, said that the figures for the final examination made the paper too long, and that there was a much higher percentage of candidates who were not able to pass the exam. He considered that the papers were too long, and that the examinations really did involve a trial of speed and not knowledge.

UNIVERSITY STUDENTS

A REUNION CONFERENCE

A conference of students of the universities of England and Wales is to be held at Oxford or Cambridge in July. The conference will be attended by students from all the universities of the United Kingdom and the dominions, especially in relation to the exchange of visits by students. The conference will be held at Oxford or Cambridge in July.

LONDON, February 18.

The National Comité of the universities of England and Wales is promoting a conference to synchronize with the Empire Exhibition. It is hoped that every university in the Empire will be represented. Each university will be represented by a delegation of students, subject of discussion will be the cooperation between the universities of the United Kingdom and the dominions, especially in relation to the exchange of visits by students. The conference will be held at Oxford or Cambridge in July.

Mr. J. H. Smith, a student of Oxford University, has been selected to represent the university at the conference. Mr. Smith is well versed in the cooperation between the universities of the United Kingdom and the dominions, and has been instrumental in organizing the conference.

PUBLIC EXAMINATIONS

From "T.C.G." - Mr. G. Newman says: "I have been studying mathematics papers at the University of Cambridge, and have noticed a great deal of criticism and discussion about the examination papers. I understand several schools will do that, and that the papers will be marked by a panel of examiners. I think that the papers should be made more accessible to non-mathematics students, and that there should be a greater emphasis on the quality of the examination questions."

The following have been appointed members of the Board of Industry under the Empire Exhibition Act: Mr. J. H. Smith (President), Mr. R. Morris (Director), Mr. W. P. T. R. (Secretary), and Mr. W. C. Melbourne (Chairman).
