UNIVERSITY CONCERT

Delightful Evening Promised

At the Elder Hall, North Terrace, on August 16, a University concert will be held. The name of several outstanding pianists are included in the programme.

The aim of the concert is to raise funds to help to finance the following inter-varsity contests in debating, baseball, and football.

Varisty girls are making appeals for funds during the week.

The following artists will assist:

In our advertisement the vocal part is

The concert will be a response to the "Mother's Appeal" issued by the Church.

Miss Kathleen Jones, also a pupil of the University College, will sing in the first-class part in Advanced Senior for the Radio Station.

FORTHCOMING SCIENCE CONGRESS

An interesting paper will be presented at the Adelaide meeting of the Australasian Association for the Advancement of Science, which will commence on August 16. The paper, which is of great importance, has been submitted to various authorities in the District and has been accepted for publication.

The announcement has been made of a number of significant results which will be published in the next issue of the Journal of the Royal Society.

The lecturers will be professor John Doe, who is well known for his work in the field of physics, and Dr. William Smith, who is a leading authority on the subject of chemistry.

The conference will be held in the University Hall, and will be open to the public. The lectures will be followed by a discussion, and there will be a reception afterwards.

EYEA ON AUSTRALIAN MARKET

According to the programme there would be a debate on the following topics:

- The effects of the world crisis on the Australian economy.
- The impact of technology on the Australian workforce.
- The role of the government in shaping the future of the country.

The debate will be followed by a panel discussion, which will include experts from various fields.

The conference will be held in the University Hall, and will be open to the public. The lectures will be followed by a reception afterwards.
