FOREST CAMP SCHOOLS:
Work Done at Kuipoo.

The Minister of Education (Hon. L. L. Hill) stated on Saturday that the summer camps schools held at Kuipoo Forest for boys this year had been a success.

One of the most interesting features of the camps was the number of boys who had shown a decided interest in forestry and forestry work. The boys were given the opportunity to see the forests of South Australia and to learn about the different types of trees that grow in them.

CAMP ROUTINE.

The morning routine was to get up at 6:00 a.m. and to have breakfast. After breakfast, the boys would begin their work for the day. They were divided into groups and assigned different tasks such as measuring trees, collecting data, and learning about the different species of trees.

The afternoon routine was to have lunch and then to work until 4:00 p.m. In the evenings, the boys would have an opportunity to socialize and to learn more about forestry in general.

MISS DOROTHY KENTISH, B.A. Secretary of Senior Girls’ Department of the Adelaide Young Women’s Christian Association, died last night after having been knocked over by a motor car.

The incident occurred about 10:30 last night, when a motor car was driven into the entrance to the collecting station at the Adelaide Railway Station. Miss Kentish, who was walking into the station, fell and was run over by the car.

She was taken to the Adelaide Hospital, where she died at 11.30 this morning.

The motor car was traveling along the station, and it is said that it was not under control. The driver of the car, who was not identified, is said to have had had too much to drink.

MISTAKES, even unimportant ones, are the bugbear of school life, but they are especially to be feared in the case of 20 students.

The report of the school showed that 20 students had failed to attend class on Wednesday morning.

The students were asked to attend class on Wednesday morning, but only 20 of them showed up. The report of the school showed that the students were not satisfied with the reason given by the teacher for their failure to attend.

The teacher said that the students had come late because of the traffic on the road. However, the students said that they had arrived on time, but the teacher had not been there.

The students were asked to bring their reports to the school on Friday morning, but only 20 of them did so. The report of the school showed that the students were not satisfied with the reason given by the teacher for their failure to bring their reports.

The teacher said that the students had forgotten to bring their reports. However, the students said that they had brought their reports, but the teacher had not been there.

The students were asked to bring their reports to the school on Friday morning, but only 20 of them did so. The report of the school showed that the students were not satisfied with the reason given by the teacher for their failure to bring their reports.

The teacher said that the students had forgotten to bring their reports. However, the students said that they had brought their reports, but the teacher had not been there.

These students failed in their examinations because they failed to attend class. This is a lesson that should be learned by all students.
