UNIVERSITY SOCIETY'S MEETING

The strangest meeting of the society was held in the usual place at 5 o'clock on Wednesday evening. The chair was taken by Mr. A. R. Bruce, who moved the adoption of the report of the last meeting and the election of officers for the current session. The motion was carried unanimously.

COMMERCE AND ACCOUNTANTS.

The minutes of the last meeting were read and adopted. The secretary then presented the treasurer's report, which was also adopted. The secretary then presented a list of members who had not paid their subscriptions for the current year, and the treasurer was requested to prepare a list of those who had not paid their dues. The secretary then read the report of the committee on examinations, which was adopted.

The new president, Mr. A. R. Bruce, was then elected, and the secretary presented a list of candidates for the positions of treasurer and secretary, which were adopted.

WAR ORPHANS.

EDUCATION AND CAREERS PLANNED.

A LITTLE KNOWN ACTIVITY.

The orphans, both boys and girls, of Australia's soldier heroes are well cared for in the university's education, and their progress and conduct leave little to be desired.

A little known activity of the Registration Department of the University is the Education Board, which advises and assists for the orphans of the men who fell in the Great War. This board is composed of five members, one of whom is also the chairman of the Registration Department. The object of the board is to establish a register of all the orphans of the men who fell in the Great War, and to provide them with education and training in the various trades and occupations.

The orphans are selected by the local authorities, and are then sent to the university for training. The education provided is free, and the orphans are provided with accommodation and all necessary equipment. The education provided is of a high standard, and the orphans are taught a variety of trades and occupations, such as mechanics, engineers, and artists.

The orphans are provided with a means of earning a living, and are encouraged to become self-supporting as soon as possible. The orphans are also encouraged to take part in the life of the university, and are provided with facilities to do so. The orphans are also encouraged to become active members of the local community, and are provided with facilities to do so.

Agricultural School for Boys.

Register No. 525.

AGRICULTURAL SCHOOL FOR BOYS.

The Agricultural School for Boys at the University is one of the most important facilities of the university. The school is designed to provide a practical education in agriculture and related fields, and is open to boys of all backgrounds and abilities.

The school is located on a 500-acre farm, and is equipped with all the facilities necessary for a practical education in agriculture. The school offers a wide range of courses, including agriculture, horticulture, and animal science.

The school is staffed by experienced teachers and agricultural specialists, who are dedicated to providing a high-quality education in agriculture. The school is also equipped with state-of-the-art facilities, including laboratories, greenhouses, and a farmyard.
