dominion consultation

spoken word imperative

(by Harry Thomson)

It is not our purpose to exaggerate the importance of the meeting called for today by the Commonwealth. The question of the powers and duties of the Colonial Office has been a matter of serious concern to many of us for some time. The Colonial Office has been asked to consider the question of federation, and we believe that it is essential that this matter should be given due consideration.

We believe that the Colonial Office should be given the power to make decisions on matters affecting the welfare of the Commonwealth. This power should be exercised in the interests of the whole Commonwealth, and not just in the interests of any one part of it.

We therefore urge that the Colonial Office be given the power to make decisions on matters affecting the welfare of the Commonwealth.

YOUNG WOMEN OF ADELAIDE

enterprising association

thrift, fellowship, and clubs

Adelaide's Young Women's Christian Association cannot be accused of lethargy, and the group does not have much chance of growing under its present management.

Many women are working for the Y.W.C.A. in various capacities, and more and more the young women and girls of our city are beginning to realize that the Y.W.C.A. is not just a place for them to go to, but a place where they can help others.

For more information on the Y.W.C.A., please contact the organization directly.

Membership increases

The Adelaide Association男生avo a de elicit of gratitude to the head teachers of the city primary schools for their help in furthering the work of the association. The school boards, in turn, have supported the association in its work.

Following is a list of the names of the schools that have allowed the association to use their facilities:

- [School Name 1]
- [School Name 2]
- [School Name 3]

This list is not exhaustive, and there are many other schools that have allowed the association to use their facilities.

Club work

Much of the interest in the association centres in clubs and societies, which carry out the various activities. These include the following:

- Literary clubs
- Music clubs
- Art clubs
- Historical clubs
- Sports clubs

These clubs provide a place for members to come together and share their interests.

World War

The war has had a great impact on the lives of many young women, and the association has been working to help them.

In addition to providing a place for them to meet and socialize, the association has also provided opportunities for them to learn new skills. This has been especially important for young women who have been mårried and have had to learn new skills in order to support their families.

The association has also provided support to young women who have been affected by the war in other ways. This includes providing counseling and support to women who have lost loved ones.

Miss Floria Piper, B.A.

who has been appointed secretary to the girls' department of the Adelaide Young Women's Christian Association.

Every year, the girls' department has a special program for young women. This program includes discussions on topics such as hunting, fishing, and other outdoor activities.

The association also provides opportunities for young women to learn new skills, such as cooking and sewing.

Add: 12/2/25

P/S: Professor McEwan Stewart, of the University of Adelaide, has been named as a delegate of the Australian Association of Psychologists. He is expected to give a paper on the subject of the association's work.

AN ADLELAIDE STUDENT

WINS HIS BLUE AT CAMBRIDGE

LONDON, February 11th

Mr. Jack Bostock, formerly of St. Andrew's School, Adelaide, and now a freshman at King's College, Cambridge, has won his three-blue rowing prize. He will play for the university crews in the spring, and is expected to do well.

P/s: Jack Bostock is the son of Mr. and Mrs. Bostock, of Adelaide. He has been a member of the University Boat Club for three years, and has won several prizes in rowing.

P. S.: Jack Bostock is a well-known student at Cambridge, and is expected to do well in his academic work as well as in rowing.

P.S. 2: Jack Bostock has already won several prizes in rowing, and is expected to do well in the future.
