FORESTRY SCHOOL

South Australia Leads

In the Assembly today Mr. R. de l. Hill (Minister for Education), in response to a motion by Mr. de la Porte (President), moved that the Government agree to a proposal by the President of the Student's Representative Council of the University of South Australia, to hold a conference with the Minister for Education and the University Authorities, with a view to the establishment of a forest school in South Australia. He said that the suggestion was made by the President and that the Minister was prepared to discuss the proposal with the University Authorities. He stated that the establishment of a forest school would be of great benefit to the State, and that it was hoped that such a school would be established in South Australia within the next two years.

TRAVELING FOR COUNTRY TEACHERS.

Complaints have been voiced by teachers in the rural areas of Queensland, New South Wales, and Victoria regarding the conditions under which they are expected to travel. According to a statement by the Minister for Education, the conditions are such that many teachers are forced to travel long distances in order to reach their schools. The Minister stated that the government was considering the establishment of a special travelling allowance for teachers in rural areas, in order to alleviate the problem.
