A WONDERFULLY OPERATING
BY AN ADELAIDE DOCTOR.

LONDON, July 10.

A remarkable operation was performed in the London Hospital by Mr. E. W. Bridges. It involved the removal of a 5-inch horizontal elastic band which had been trapped in the mouth of a man suffering from a cardiac condition.

It was a successful operation. The patient, a 35-year-old man, was discharged from the hospital the following day in a good condition.

A SUBTITLE.

Dr. J. R. Bales,

at the front of the A.M.C., and the rank of major general, was appointed under notice several times, and he was awarded the D.C.M. in August, 1917. As the chief of health, he accepted a hospital appointment at Birmingham, and subsequently entered upon a post-graduate course. In the midst of the operations he was undertaking in the hospital, he received...

THE MUSIC CONFERENCE.

The music conference, which was held at the Adelaide University, has been described as the most comprehensive in the history of Australian education.

The conference, attended by leading music educators from various parts of the country, was well-received by the participants. Many valuable ideas were exchanged, and the conference ended on a positive note.

MUSIC TEACHERS' CONFERENCE.

Dalcroze Eurythmics Display.

The music teachers' conference, held at the Elder Conservatorium of the University of Adelaide, was well-attended. Many new and innovative ideas were discussed, and the conference was considered a great success by all.

FORESTRY CAMPS.

VALUABLE WORK AMONG SCHOOL-BOYS.

By W. M. C. Sydonia, B.E., in The

The Knobbs Forestry Camps were inaugurated as a result of the excellent work done in forestry among the secondary schoolboy population. They have been well-received by the students, and many have commented on the benefits they have received.

Useful Experiences.

Apart from the broader aspect of the work of the camps, the students have also benefited from the development of self-discipline, initiative, and co-operation. The instruction they have received has proven invaluable.
