TRAINS TEACHERS

NEW BUILDING PLANNED

Thorough Instruction Given

With the fact that the training of teachers is of equal importance with the training of children before going into life, the Liberal Party, in the hope of drawing attention to the importance of the problem, is providing for the training of teachers in the State. The new building will be erected at the rear of the Public Library, North Terrace, and will be called the Professional Training College.

PRESENT TEACHERS' COLLEGE

This building, formerly the Police Barracks, will be converted into a high-class institution for the training of teachers. The new college will be equipped with laboratories, art rooms, and lecture halls. The students will be provided with a library, a gymnasium, and a dining hall. The college will be open to all who wish to become teachers, regardless of their race or creed. The college will not only prepare teachers for the schools, but will also give them a general education.
