COMMEMORATION DAY.

Conmemoration day in connection with the University of Adelaide was celebrated on Wednesday afternoon in the library, when the Chancellor (the Hon. Sir John McKean) presided over a large assemblage. On the platform were also V. L. H. J. Stirling, M.B., Ph.D., the warden of the senate; Mr. J. E. Chappell, B.A., B.C., and Dr. R. C. Stirling, M.A., the President of the University, who was accompanied by the Minister of Education and Major Shortt, vacancy present.

Degrees were conferred on the undermentioned candidates:

The following graduates of other universities were admitted as members of the senate:

The Dean of the Faculty of Medicine presented to the Chancellor the winner of the Henry Valentine prize for physiology—Professor Egerton Johnson (student in medicine of the first year), Allan Killick, student (student in the second year).

The Dean of the Faculty of Arts presented to the Chancellor the John Howard Clark Scholarship, Isaac Herbert Holman.

The Dean of the Faculty of Medicine presented to the Chancellor the Howard Adamson, Frank Sandeland Hove.

When Mr. C. A. B. M.R. was presented to receive the degree of M.R.C.S. it was communicated to him, saying, "I congratulate you, Mr. Ashby, on the distinction of your students' work, which is gratifying to us as it is encouraging to the students and different from what you have to encounter.

Dr. R. W. H. W. presented Frank Sandeland Hove, M.B., and Ch. B. degrees and said in conclusion:—"I congratulate you, Mr. Hove, you have graduated in the right way, in academic medicine afterwards.

Dr. E. F. B. F. Fletcher, said, "I am glad that you have graduated in the right way, in academic medicine afterwards."

Addressing Miss Chapleuw, who took the B.A. degree, he said, "I think I may congratulate you on your position to the senate of the medical faculty."

In congratulating Mr. John Kellochle, who took the B.A. degree, the Chancellor said, "Mr. Kellochle, your success is in all respects admirable, because you have not had the advantages of attending lectures here or in the University. You are the first student who has graduated in the regulations for the higher public examinations."

To Mr. Blackwood he said, "I congratulate you on your obtaining Sir Thomas Eady's prize for anatomy and physiology." To Mr. J. R. be called, "I am exceedingly glad to see you for the second time. Sir Thomas Eady's prize for anatomy and physiology."

The Chancellor congratulated Mr. L. H. Solomon on taking the John Howard Clark Scholarship.

When Mr. Hove was presented the Chancellor said, "I congratulate you on having achieved the distinction of being the Emerad scholar this year."

The Chancellor said, "Your Excellency, it is now my pleasure to call on Dr. Stirling to deliver the address, and I think I may venture to ask my friends, my young friends, to continue by his appreciation of the address to your predecessors in address to the audience."

Dr. Stirling delivered the address. He said, however, honorable position, should be occupied that day, to which, by being moved by some of the feelings which may animate the mind of a person at the bar, you may seem to have, the citizens of this country to this occasion. It was decided to have a taste of those feelings which he so energetically expressed elsewhere. The permission of the council to accompany Mr. Hove's Central Australian Association, which was a concession for which he took the opportunity of thanking the council for giving him the opportunities that could not often occur in such places. In that hall of residence, he had pointed out that not so many years ago, there would have been no problem of greater interest than Australia, with its varied natural and foreign fauna, its varied supplies of natural food, its vast extent of scientifically important space, and that we should be further prepared in these matters, which would be a great advantage to the colony.
