NEW SCHOLARSHIPS FOR PRINCE ALFRED COLLEGE.—It will be remembered (says the *Christian Weekly*) that through the efforts of the Rev. R. M. Hunter Mr. Edward Spicer promised at the last speech-day to donate £1,000 to the College to provide a scholarship of £50 per annum, tenable for three years, on condition that two other friends could be found to do likewise. Subsequently Mr. Spicer consented to let his offer stand if a second amount were secured. This has now been secured. Mr. John Dunn, of Mount Barker, who visited the College on Saturday last, subsequently sent for Mr. Chapple, the head master, and after a brief conversation on the work of the College Mr. Dunn offered to contribute £1,000 to provide a second scholarship of the same amount as Mr. Spicer's. This action of Mr. Dunn's will be greatly appreciated by all who are interested in the higher education of our youth, and will lay deserving students under lasting obligation to him for his generosity, and will no doubt greatly stimulate many in their pursuit of learning who would not otherwise be able to do so. These scholarships come into view most opportunely, as the Government are reducing those hitherto provided by the State, and will afford facilities for the students of the College to continue their studies at the University. It will especially afford an excellent opportunity for public school exhibitors, the whole six of whom this year chose Prince Alfred as the College they would attend, to continue the career upon which they have successfully entered. The friends who have been interesting themselves in this matter have hopes that the third scholarship will be provided, so that one may be competed for every year. The College has again done well at the Preliminary Examination, 19 more having passed on the last occasion. This brings up the total passed for the year to 55. The full number attending the school this year that have passed this examination is now 138.

SUPPLEMENTARY PRELIMINARY EXAMINATION.—Through an error the name of Miss Mary M. Anderson was omitted from the pass list of the recent supplementary preliminary examination of the University.

The Minister of Education laid on the table of the Assembly on Tuesday a return to the order of Mr. Brooker, giving certain particulars with respect to the Adelaide University. It was shown that the cost to the State of the University since its inception, including rent of land, consisted of Government payments to the amount of £25,992 3s. 11d., and £35,753 11s. 10d. derived from rents. The number of students who have availed themselves of its benefits is 8,923. This includes the total number of students in each year, but it is estimated that the number of persons is about 10 to 15 per cent. less, as in some cases the student takes the benefits of the University in more ways than one. Persons attending previous popular lectures given by the professors are not included in the number given. The sum paid in fees by the students up to December 31 last was £25,672 13s. 11d.
