PUBLIC EXAMINATIONS.

Interesting Notes.

Praise and Criticism.

The Manual of the Public Examinations Board, 1926, of the University of Adelaide, contains the regulations and syllabus for the current year, as well as the report for the year 1925. The “Notes of Examiners” cover 64 pages, and are, as usual, an interesting collection of observations and suggestions. The “Examiners’ Papers” give a clear idea of the nature of the work, and it is interesting to note that the requirements are more exacting this year than ever before.

Skin Rash.

Almost every student would seem to have a case of “Dandruff”, and some of the suggested treatments are: “Enchanted Forest.” “Perry’s Interference,” and “The Troubles of a Student.” These remedies are known to be of equal value, and it is recommended that students should try them all before resorting to chemical preparations.

Leaving Exam.

Again it is time to return to the Leaving Exam. This year’s exam will undoubtedly be the most difficult yet, and many students are already feeling the strain.

INTERMEDIATE HISTORY.

The Leaving Exam will be held on Monday, and it is expected that a large number of students will be absent. It is hoped that all students will make an effort to attend, as the exam is an important one, and will contribute to their future success.

Leaving Economies.

The results of the exam will be published in a few days. The paper itself was a difficult one in that it required a high degree of concentration and a thorough knowledge of the subject. The students who passed with distinction are: Mr. A. B. Smith, Mr. J. C. Brown, and Miss E. H. Williams. The papers in general were weakened by a lack of preparation, and there were a few cases of cheating. It is hoped that the results will give a true picture of the students' abilities.

TEN YEARS OF UNIVERSITY OF ADelaide.

The University of Adelaide celebrates its 10th anniversary this year. The institution was founded in 1916 and has since grown into a major centre of higher education in Australia. The University has produced many notable alumni, including former Prime Minister of Australia, Gough Whitlam.

SCHOOL OF ARTS.

The School of Arts is to hold a special exhibition of student work this month. The exhibition will feature a wide range of disciplines, including painting, sculpture, and photography. The exhibition will be open to the public and is sure to be a hit with students and art enthusiasts alike.
