AYERS FOREST RESERVE.

To the Editor,

Sir,—We beg to be allowed to give publicity to a council of Government idea, which is now ready for the consideration of the State Government, and which we trust will receive the attention it deserves. The idea is to establish a forest reserve in the Ayers Forest area, which would provide a valuable asset to the community. The reserve would be well suited for the growth of timber and would provide a source of income for the State. We urge the State Government to consider this proposal and take appropriate action.

On Monday night, it will open its season with a programme arranged by the Concerts Committee. This programme will feature a number of well-known performers, including Miss May Jones on the piano, Mr. W. W. Hall on the cello, and Miss Ada T. Scott on the violin. The programme is sure to be a highlight of the season and will be enjoyed by all who attend.

The Elder Conservatorium, through the efforts of its chief conductor, Mr. A. E. Proctor, has presented a series of concerts that have been well received by the public. The Conservatorium is proud to offer such a high standard of musical performance and we look forward to many more successful seasons.
