Mr. R. C. Watson, who has awarded the Elder Scholarship, owning a "singing family." His father, the Rev. Mr. Richard Watson, was well known in Adelaide musical circles, particularly for his singing in stanzas. His appearance with Miss A. H. Mason, "Flight," about 18 years ago, was hailed as one of the triumphs of Adelaide. The son has inherited his father's fine voice and has already made a mark in the Adelaide musical world, and she was recently awarded the Alexander Clark Scholarship for the Adelaide Conservatory. The award was made with great success for the role of Miss in "La Recherche," in "G. P. Lemay," and in "Carmen," in the South Australian State Orchestra, and the quality of her voice has won the favourable notice of Dame Nellie Melba, as well as prominent critics. Mrs. Watson is a teacher of singing. The other children display some promise of following in the footsteps of the remainder of the family. They are Alfred, aged 13, and Vesta, aged nine years.
