ECONOMIC RECORD.

The Economic Record, the national economic journal, was founded in 1924 and is published monthly. It is the official organ of the Economic Society of New South Wales, and is jointly managed by the New South Wales Economic Society and the Australian Economic Society.

It is the aim of the journal to publish articles on economic matters, and to provide a forum for the discussion of economic issues.

STATE DENTAL SOCIETY DINNER.

The Annual Dinner of the State Dental Society was held at the South Australian Hotel, Adelaide, on Thursday, 28th November, at 7 p.m.

The President, Dr. J. H. Poole, in his address, referred to the difficulties and problems faced by dentists in the current economic climate.

The dinner was attended by many prominent figures in the field of dentistry and medicine, and was enjoyed by all those present.

AUSTRALIAN UNIVERSITIES.

Visiting Scientist Impressed.

PRAISE FOR ADELAIDE.

Surprise at the wonderful progress made is such a short time by Australia, the president of the Australian Association of University Presidents, Dr. T. D. Wood-Jones, when he visited the city yesterday.

He was the first Director of the Division of National Research in Australia, and is now the vice-president of the University of Sydney.

Dr. Wood-Jones praised Adelaide for its efficient administration and for its excellent facilities for research.

The visitors were much impressed with the opportunities available for students and were particularly interested in the work of the University of Adelaide.

THE ECONOMIC RECORD.

The Economic Record is published monthly by the Australian Economic Society. It is the official organ of the Economic Society of New South Wales and is jointly managed by the Australian Economic Society and the Economic Society of New South Wales.

It is the aim of the journal to publish articles on economic matters, and to provide a forum for the discussion of economic issues.
