

30 June 1930.

Professor Bhai Balmukand,
Punjab Agricultural College,
Lyallpur,
India.

Dear Balmukand,

Thanks for your letter.

I am sorry that the political troubles are interfering with the prospects of your work. I am not surprised, however, for as you know I believe that the lure of politics is the main obstacle in the way of Indian progress.

It is quite true that Keen has accepted, at least provisionally the directorship at Poona. I hope he may make a good job of it.

Yours sincerely,
