

1st. April, 1930.

Professor Ehai Balmukand,  
Agricultural College,  
LYALLPUR,  
Punjab, India.

Dear Balmukand,

Thanks for your letter. It looks as though your chance had come this time, though I hope they won't work you to death. I have not a doubt of your success if you hammer away at field experiment technique. No agricultural service can afford to ignore it.

Yours sincerely,
